Dietrich,Didem Ekici,2022-03-16 This book maps the discursive terrain and potential of person to

person peacebuilding as it intersects with and is embedded in intercultural communication. It foregrounds the voices and discourses of participants who came together in the virtual intercultural borderlands of online exchange through a service learning project with a non profit organization which focused on peace through education in Afghanistan primarily through English language tutoring. By analyzing the voices and perspectives of US based tutors who are pre service teachers of English as an Additional Language in equal measure with the voices and perspectives of adult English learners in Afghanistan the authors examine how intercultural interactants begin to work as peacebuilders. The participants describe the profound transformations they undergo throughout their intercultural tutoring journeys transformations which evidence three dimensions of person to person peacebuilding the personal relational and structural. Inspired by these voices the book further explores ways teachers and teacher educators of language and intercultural communication can more deliberately leverage the affordance of peacebuilding whether face to face or in the virtual intercultural borderlands of online exchange.

Resisting Independence Brad A. Jones, 2021-03-15 In Resisting Independence Brad A Jones maps the loyal British Atlantic s reaction to the American Revolution Through close study of four important British Atlantic port cities New York City Kingston Jamaica Halifax Nova Scotia and Glasgow Scotland Jones argues that the revolution helped trigger a new understanding of loyalty to the Crown and empire This compelling account reimagines Loyalism as a shared transatlantic ideology no less committed to ideas of liberty and freedom than the American cause and not limited to the inhabitants of the thirteen American colonies Jones reminds readers that the American Revolution was as much a story of loyalty as it was of rebellion Loyal Britons faced a daunting task to refute an American Patriot cause that sought to dismantle their nation s claim to a free and prosperous Protestant empire For the inhabitants of these four cities rejecting American independence thus required a rethinking of the beliefs and ideals that framed their loyalty to the Crown and previously drew together Britain s vast Atlantic empire Resisting Independence describes the formation and spread of this new transatlantic ideology of Loyalism Loyal subjects in North America and across the Atlantic viewed the American Revolution as a dangerous and violent social rebellion and emerged from twenty years of conflict more devoted to a balanced representative British monarchy and crucially more determined to defend their rights as British

subjects In the closing years of the eighteenth century as their former countrymen struggled to build a new nation these loyal Britons remained convinced of the strength and resilience of their nation and empire and their place within it     *Populism and Feminism in Iran* Haideh Moghissi, 2016-07-27 Women presented the first effective challenge to the Islamic regime and the clerical authority in post revolutionary Iran Women s activism in support of their legal rights and personal freedom however did not develop into a strong movement against the rising fundamentalism The Iranian socialists did not support women s autonomous organizations The convergence of the Left s populism with Islamic populism and the influence of the Iranian Shiite political culture that promotes male authority and female submission could not reconcile with women s claims to individual rights choice and personal freedom and their struggle for autonomy and self determination in private or public life
