Archaeological Theory Norman Yoffee, Andrew Sherratt, 1993-07-22 This volume assesses the real achievements of archaeology in increasing an understanding of the past Without rejecting the insights either of traditional or more recent approaches it considers the issues raised in current claims and controversies about what is appropriate theory for archaeology The first section looks at the process of theory building and at the sources of the ideas employed The following studies examine questions such as the interplay between expectation and evidence in ideas of human origins social role and material practice in the formation of the archaeological record and how the rise of states should be conceptualised further papers cover issues of ethnoarchaeology visual symbols and conflicting claims to ownership of the past The conclusion is that archaeologists need to be equally wary of naive positivism in the guise of scientific procedure and

of speculation about the unrecorded intentions of prehistoric actors

Sovereignty without Power Leigh A. Gardner, 2022-11-03 What did independence mean during the age of empires How did independent governments balance different interests when they made policies about trade money and access to foreign capital Sovereignty without Power tells the story of Liberia one of the few African countries to maintain independence through the colonial period Established in 1822 as a colony for freed slaves from the United States Liberia s history illustrates how the government s efforts to exercise its economic sovereignty and engage with the global economy shaped Liberia s economic and political development over the nineteenth and twentieth centuries Drawing together a wide range of archival sources Leigh A Gardner presents the first quantitative estimates of Liberian s economic performance and uses these to compare it to its colonized neighbors and other independent countries Liberia s history anticipated challenges still faced by developing countries today and offers a new perspective on the role of power and power relationships in shaping Africa s economic history

Shedding The Veil: Mapping The European Discovery Of America And The World Thomas Suarez, 1994-04-29 Shedding the Veil is a highly original overview of Europe s exploration and discovery beyond her own confines It tackles the subject via an analysis of maps dating from circa 1434 to 1865 with an emphasis on the period before 1600 The book begins with an appraisal of the peculiar circumstances which led late medieval Europe to pursue long distance travel both overland and by sea introduces cosmographic traditions inherited from classical times and investigates pre Columbian excursions into the western ocean Finally the great voyages and mappaemundi of the early sixteenth century are described in depth After 1600 the focus begins to narrow North America and particularly to the colonization of the American Northeast All maps discussed in detail are illustrated 40 full page b w plates 25 full page color plates

Homeland Mythology Christopher Collins, 2010-11-01 Collins shows that biblical narratives have inspired a multitude of nationalist narratives myths ingeniously spun out to justify a number of decidedly unchristian policies and institutions from Indian genocide the slave trade and the exploitation of immigrant workers to Manifest Destiny imperial expansionism and most recently preemptive war

Cold War Progressives Jacqueline Castledine, 2012-11-05 Covers the women activists who had been in the Progressive Party before its demise in 1955 and what they did politically after that demise Their broad definition of peace including social justice rather than just absence of violence was no longer politically popular in an era acknowledging the necessity of war against Soviet Communism and they pursued their various political aims racial equality sexual equality opposition to war etc in different ways

Hate in Precarious Times Neal Curtis, 2021-03-11 In the age of Brexit and Donald Trump the radical right has gained significant popularity characterized by a rhetoric of xenophobia discrimination and hate speech This book examines why the politics of hate and ideologies of the far right are on the rise and argues that to counter it we must challenge the sense of social and economic precarity this politics feeds off Hate in Precarious Times examines five distinct types of precarity covering threats to a particular way of life fear of apocalyptic terrorism the insecurity of austerity and low waged

jobs in the wake of the Financial Crisis challenges to privilege and the spread of disinformation in a post truth age In this book Neal Curtis seeks the root of what causes ordinary people to identify with far right ideologies and asks what can be done to counter the conditions underpinning this
