The Antipodeans A Novel:

The Antipodeans Greg McGee, 2015-07-28 Beginning with the return to Venice of an old and sick man determined to confront his past and accompanied by his daughter who is escaping hers *The Antipodeans* spans three generations of a New Zealand family and their interaction with three families of Northern Italy From Venice to the South Island of New Zealand from the assassination of a Gestapo commander in the last days of Italian resistance in WWII to contemporary real estate shenanigans in Auckland from political assassination in the darkest days of the Red Brigade to the vaulting cosmology of particle physics *The Antipodeans* is a novel of epic proportions where families from the opposite ends of the earth discover an intergenerational legacy of love and blood and betrayal *The Cambridge History of the Australian Novel* David

Carter, 2023-07-27 *The Cambridge History of the Australian Novel* is an authoritative volume on the Australian novel by more than forty experts in the field of Australian literary studies drawn from within Australia and abroad Essays cover a wide range of types of novel writing and publishing from the earliest colonial period through to the present day The international dimensions of publishing Australian fiction are also considered as are the changing contours of criticism of the novel in Australia Chapters examine colonial fiction women's writing Indigenous novels popular genre fiction historical fiction political novels and challenging novels on identity and belonging from recent decades not least the major rise of Indigenous novel writing Essays focus on specific periods of major change in Australian history or range broadly across themes and issues that have influenced fiction across many years and in many parts of the country **The Work of Friendship** Dianne

Rothleder, 1999-03-25 This book provides an incisive reading of the problems with Rorty's public/private distinction his valorization of the figure of the strong poet and his conception of solidarity Rothleder argues that Rorty lacks a conception of friendship which would rescue him from the isolation inherent in the life of a strong poet She draws on ideas in contemporary continental philosophy education and feminism to develop a model of friendship that would achieve Rorty's goal of ending humiliation without invoking the problematic figure of the strong poet **Antipodean Antiquities** Marguerite

Johnson, 2019-03-21 Leading and emerging early career scholars in Classical Reception Studies come together in this volume to explore the under-represented area of the Australasian Classical Tradition They interrogate the interactions between Mediterranean Antiquity and the antipodean worlds of New Zealand and Australia through the lenses of literature film theatre and fine art Of interest to scholars across the globe who research the influence of antiquity on modern literature film theatre and fine art this volume fills a decisive gap in the literature by bringing antipodean research into the spotlight Following a contextual introduction to the field the six parts of the volume explore the latest research on subjects that range from the Lord of the Rings and Xena Warrior Princess franchises to important artists such as Sidney Nolan and local authors whose work offers opportunities for cross-cultural and interdisciplinary analysis with well-known Western authors and artists

Antipodean America Paul Giles, 2013 A sweeping study that spans two continents and over three hundred years of literary

history Antipodean America identifies the surprising affinities between Australian and American literature *Antipodean George Eliot* Margaret Harris, Matthew Sussman, 2022-12-21 In Middlemarch George Eliot famously warns readers not to see themselves as the centre of their own world which produces a flattering illusion of concentric arrangement The scholarly contributors to Antipodean George Eliot resist this form of centrism Hailing from four continents and six countries they consider Eliot from a variety of de-centred vantage points exploring how the obscure and marginal in Eliot's life and work sheds surprising light on the central and familiar With essays that span the full range of Eliot's career from her early journalism to her major novels to eccentric late works such as Impressions of Theophrastus Such Antipodean George Eliot is committed to challenging orthodoxies about Eliot's development as a writer overturning received ideas about her moral and political thought and unveiling new contexts for appreciating her unparalleled significance in nineteenth century letters

1898 include a directory of publishers Otherness in the Novels of Patrick White Alma Budurlean, 2009 The central argument of the thesis the representation and reception of otherness is followed throughout White's novels with the support of a complex critical instrumentarium made up of postcolonial theory reader response theory cultural critical frameworks

alterity theory and narratology Otherness in its manifold representations is a main component of Patrick White's fiction. It functions on several levels and this requires a deeper entanglement on the part of the reader. The different levels previously referred to are embodied in the various Others who people White's novels: ethnic Others as members of the Australian multicultural society and the Aborigines as colonial Others as well as gender Others who also play an important role in White's fictional world. Reading Patrick White is an exercise in tolerance, endurance and acceptance of alternatives. But the efforts of the reader do not remain unrewarded. In his endeavour to change what it meant to imagine Australia, the writer broke down the barriers of what it meant to imagine otherness.

The Planetary Clock Paul Giles, 2021. Ranging over various aesthetic forms: literature, film, music in the period since 1960, this volume brings an antipodean perspective into conversation with the art and culture of the Northern Hemisphere to reformulate postmodernism as a properly global phenomenon.

Eclectic Magazine, 1891. *The Eclectic Magazine of Foreign Literature, Science, and Art*, 1891. *Eclectic Magazine, and Monthly Edition of the Living Age*. John Holmes Agnew, Walter Hilliard Bidwell, Henry T. Steele, 1891.

Beyond Sensation Marlene Tromp, Pamela K. Gilbert, Aeron Haynie, 1999-12-02. Mary Elizabeth Braddon, journal editor and bestselling author of more than eighty novels during the late nineteenth and early twentieth centuries, was a key figure in the Victorian literary scene. This volume brings together new essays from a variety of perspectives that illuminate both the richness of Braddon's oeuvre and the variety of critical approaches to it. Best known as the author of *Lady Audley's Secret* and *Aurora Floyd*, Braddon also wrote penny dreadfuls, realist novels, plays, short stories, reviews, and articles. The contributors move beyond her two most famous works and reflect a range of current issues and approaches, including gender, genre, imperialism, colonial reception, commodity culture, and publishing history. Contributors include Jennifer Carnell, Jeni Curtis, Pamela K. Gilbert, Lauren Goodlad, Aeron Haynie, Heidi Holder, Gail Turley Houston, Heidi H. Johnson, Toni Johnson Woods, James R. Kincaid, Elizabeth Langland, Eve Lynch, Graham Law, Katherine Montweiller, Lillian Nayder, Lyn Pykett, and Tabitha Sparks, and Marlene Tromp.

Australian Literature Graham Huggan, 2007-09-27. The Oxford Studies in Postcolonial Literatures series offers stimulating and accessible introductions to definitive topics and key genres and regions within the rapidly diversifying field of postcolonial literary studies in English. In a provocative contribution to the series, Graham Huggan presents fresh readings of an outstanding, sometimes deeply unsettling national literature whose writers and readers just as unmistakably belong to the wider world. Australian literature is not the unique province of Australian readers and critics, nor is its exclusive task to provide an internal commentary on changing national concerns. Huggan's book adopts a transnational approach motivated by postcolonial interests in which contemporary ideas taken from postcolonial criticism and critical race theory are productively combined and imaginatively transformed. Rejecting the fashionable view that Australia is not and never will be postcolonial, Huggan argues on the contrary that Australian literature like other settler literatures requires close attention to postcolonial methods and concerns. A postcolonial approach to Australian literature, he suggests, is more than just a case for a more

inclusive nationalism it also involves a general acknowledgement of the nation's changed relationship to an increasingly globalized world. As such, the book helps to deprovincialize Australian literary studies. Australian Literature also contributes to debates about the continuing history of racism in Australia, a history in which the nation's literature has played a constitutive role as both product and producer of racial tensions and anxieties nowhere more visible than in the discourse it has produced about race both within and beyond the national context. *The Cambridge Companion to the Australian Novel* Nicholas Birns, Louis Klee, 2023-03-02. This book provides a clear, lively and accessible guide to the complex histories and vital present of the Australian novel. **Contemporary Review**, 1891. **The Contemporary Review**, 1891.
