AIRBUS A320. Normal Operation Facundo Conforti,2021-07-08

Welcome to one of the most advanced versions of the Aeronautical Library In this new work of the AIRBUS A320 series we will know the normal operation of the aircraft during a real commercial flight from the city of Malaga Spain LEMG to the city of Valencia Spain LEVC The objective of this manual is that each reader knows everything that happens during a normal flight from the time the pilots arrive at the airport prepare the cabin develop the flight and until they reach their destination AIRBUS A320 Normal Operation is the ideal complement to the rest of the A320 collection in all its volumes Each step explained with the most precise detail and graphics of the panels that the pilot will operate in each instance of the flight added to the cartography that should be used for a flight of these circumstances And as an added value all communication structures between the pilot and the controller A practical and entertaining guide how only the Aeronautical Library can offer A subject as complex as the operations of A320 it becomes a simple and enjoyable topic to read in this entertaining and didactic manual

Airbus A320 Panels. Pilot Handbook Facundo Conforti,2024-07-05 The panels of a commercial aircraft often hold an air of mystery for some pilots who wish to marvel at these magnificent feats of aeronautical engineering

Understanding the function of each knob button indicator and every part of the aircraft's panels may seem like an almost impossible mission for those who haven't had the chance to take the aircraft's type rating course. In this book we'll make it simple and easy. This is a book exclusively dedicated to the panels of the fabulous Airbus A320. In each chapter you'll learn about every part of the panels, every function and every indication. After reading this all it will take is a glance at the cockpit panels of an A320 and you'll understand what you're seeing perfectly. This is not a systems manual but a descriptive and analytical guide to each panel of the aircraft. It is the perfect complement to the Airbus A320 series which has become the great success of this collection detailing all the aircraft's systems and procedures in depth. Here you will learn all the sections of the overhead panel, main flight panels, pedestal panel and much more.
