The Man Who Killed Apartheid: The Life of Dimitri Tsafendas Harris Dousemetzis, 2024-03-04 On 6 September 1966 inside the House of Assembly in Cape Town Dimitri Tsafendas stabbed to death Hendrik Verwoerd South Africa's Prime Minister and so called architect of apartheid Tsafendas was immediately arrested and before he had even been questioned by the authorities they declared him a madman without any political motive for the killing In the Cape Supreme Court Tsafendas was found unfit to stand trial on the grounds that he suffered from schizophrenia and that he had no political motive for killing Verwoerd Tsafendas spent the

next 28 years in custody making him the longest serving detainee in South African history For most of his incarnation he was subjected to cruel and inhumane treatment by the prison authorities From 2009 to 2018 Harris Dousemetzis extensively researched the assassination of Verwoerd and the life of Tsafendas For this research he travelled to South Africa Mozambique Greece France and Turkey and interviewed about 150 people who either knew Tsafendas or Verwoerd or were involved with the case of the assassination He discovered about 12 000 pages of documents on the case most of them previously unpublished in archival collections in South Africa Portugal and the UK Dousemetzis collaborated with prominent South African jurists psychiatrists and psychologists and concluded his research by writing the Report to the Minister of Justice in the Matter of Dr Verwoerd s Assassination The report conclusively proved that Tsafendas had assassinated Verwoerd for political reasons and that the apartheid authorities had orchestrated a massive operation to declare him insane and apolitical This ground breaking report and this book corrected the historical record regarding Verwoerd s assassination and Tsafendas The Man Who Killed Apartheid based on Dousemetzis s groundbreaking research chronicles in detail Tsafendas s life and conclusively demonstrates that he was a perfectly sane and deeply political person with a long history of political activism At the same time the book exposes the lie at the heart of apartheid s posture on the assassination of Hendrik Verwoerd and provides a rare picture of how the racist regime operated and what it was like to live and die under apartheid

The Solution of the Fist John P. Moran,2009-01-01 The first novel ever written about terrorism Dostoevsky sThe Demons is also the most instructive for in it he addresses better than any writer before or since the two persistent riddles of terrorism why are terrorists so new to our civilization and how is it that they can kill others so easily in the name of a political idea As a first generation observer of terrorism Dostoevsky came to the conclusion that this new political movement was the product of modern culture politics and psychology He felt that modernity created a unique shame and humiliation that fueled terrorism The demons that he brings to life in this novel are not fire breathing monsters but gracious subtle cosmopolitan rational and scientific They are also murderers rapists arsonists and terrorists For Dostoevsky these demons were ultimately the product of cosmopolitan Paris for it was there that individuals first deified reason and thus abandoned the ancient sources of morality the ancient Gods By replacing the ancient with the modern gods of atheism science and liberalism modern societies have abandoned any sort of moral constraint that helped to keep violence and tyranny in check This created the new modern nihilistic world of terrorism If modern shame and humiliation are truly at the heart of modern terrorism twenty first century readers can gain a clearer insight into terrorist motivations through understanding Dostoevsky s work The Solution of the Fist Dostoevsky and the Roots of Modern Terrorism aims to aid in this process through an in depth analysis of his work and a careful explanation of the context in which nineteenth century readers would understand it
