The Apothecary English Edition:

The Apothecary's Secret Johanna Geiges, 2016-05-19 Historical fiction for fans of Hilary Mantel Elizabeth Chadwick and Joanna Courtney A young girl struggles to deal with her fate is her extraordinary ability a wonderful gift or a terrible curse Europe during the Dark Ages Anna is blessed with a remarkable ability to heal the sick and afflicted Jewish Medicus Aaron recognises her natural abilities and takes her on as an apprentice Anna soon gains a reputation far and wide as a miracle worker But her methods of treating the sick and injured are far ahead of their time and soon she finds herself in mortal danger The Archbishop of Cologne brands her a witch but Anna refuses to renounce her calling setting the stage for a fearsome struggle against a mighty enemy

The Apothecary's Shelf Margaret Legge, 1986 **The History of Chemistry (The Complete Two-Volume Edition)** Thomas Thomson, 2022-11-13 In *The History of Chemistry The Complete Two Volume Edition* Thomas Thomson offers a comprehensive exploration of the evolution of chemical science from its ancient roots to the early 19th century Thomson's narrative style deftly combines rigorous scholarship with engaging prose making complex scientific developments accessible to a broader readership The work situates chemistry within the context of significant historical events and intellectual movements illuminating the interplay between scientific progress and societal change and featuring key figures like Antoine Lavoisier and Joseph Priestley whose contributions were pivotal to the field Thomas Thomson a Scottish chemist and founding figure in the field of chemistry brings personal insight and expertise to this historical analysis His experiences in the nascent scientific community of the late 18th and early 19th centuries alongside his tenure as a professor deeply informed his understanding of the transformative processes within the discipline Thomson's commitment to both education and the advancement of scientific thought underscores the importance of historical context in grasping the development of chemistry as a discipline This work is highly recommended for anyone interested in the history of science as it not only chronicles the milestones of chemistry but also encourages readers to appreciate the discipline's profound impact on modern society Whether you're a student educator or a general reader drawn to scientific history Thomson's comprehensive text is an indispensable resource that deepens our understanding of the scientific enterprise

The Rhetoric of the Page Laurie Maguire, 2020-11-03 This wide ranging and entertaining book explores blank space from incunabula to Google books Blanks are a paradox simultaneously nothing and something gesturing to what was once there or might be there They are also a creative opportunity for readers as well as writers readers respond to what is not there and writers come to anticipate that response Thus blank space develops literary and ludic applications Each chapter focuses on one typographical form of what is not there on the page physical gaps Chapter One marks of incompleteness such as c Chapter Two and the asterisk as a stand in for things that cannot be said Chapter Three By looking at the early modern page as a visual unit as well as a verbal unit this volume shows how the relationship between textual layout and textual content is as productive for writers as it is for readers Mise en page influences readers in the same way that rhetoric

influences readers It is thus possible to speak of the rhetoric of the page

Bibliotheca Britannica; Or a General Index to British and Foreign Literature: Authors Robert Watt,1824 **The Academy and Literature** ,1874 Psychiatric Power Michel Foucault,2008-06-24 In Psychiatric Power the fourth volume in the collection of his groundbreaking lectures at the Coll ge de France Michel Foucault addresses and expands upon the ideas in his seminal Madness and Civilization sketching the genealogy of psychiatry and of its characteristic form of power knowledge Madness and Civilization undertook the archeology of the division according to which in Western Society the madman found himself separated from the sane That book ends with the medicalization of madness at the beginning of the nineteenth century Psychiatric Power continues this discourse up to the end of the nineteenth century and the double depsychiatrization of madness now dispersed between the neurologist and the psychoanalyst Presented in a conversational tone Psychiatric Power brings fresh access and light to the work of one of the past century s preeminent thinkers

A History of the Medicines We Take Anthony C. Cartwright,N Anthony Armstrong,2020-04-30 A fascinating account of poultices pills and prescriptions over the centuries and how they ve been developed and delivered This lively account follows the development of medicines from traces of herbs found with the remains of Neanderthal man to prescriptions written on clay tablets from Mesopotamia in the third millennium BC to pure drugs extracted from plants in the nineteenth century and to the latest biotechnology antibody products In addition it tells the stories behind historical figures in medicine such as Christopher Wren who gave the first intravenous injection in 1656 and William Brockedon who invented the tablet in 1843 as well as recounting the changes in patterns of prescribing from simple dosage forms such as liquid mixtures pills ointments lotions poultices powders for treating wounds inhalations eye drops enemas pessaries and suppositories mentioned in the Egyptian Ebers papyrus of 1550 BCE to the complex tablets injections and inhalers in current use A typical pharmacy now dispenses about as many prescriptions in a working day as a mid nineteenth century chemist did in a whole year This history sheds light on the scientific progress made over centuries that led to the medical miracles of the modern world

Knowledge... Edwin Sharpe Grew,Baden Fletcher Smyth Baden-Powell,Arthur Cowper Ranyard,Wilfred Mark Webb,1910 *Inspiring air: A history of air-related science* Pere Grapí,2019-07-15 Eudiometers were instruments originally devised for checking the goodness of common air Seeking to be more than just a chronological inventory of eudiometers this book presents a unique retrospective of these fascinating apparatuses from the end of the eighteenth century to the mid nineteenth century By paying particular attention to the experimental procedures involved over the course of the test this book aims to understand and explore how eudiometers function to describe the materials used in making them and the different reagents employed in each eudiometrical test Importantly eudiometers were employed within a variety of spheres including human and animal health gas analysis chemical theory plant and animal physiology atmospheric composition chemical compound composition gas lighting chemical revolution and experimental demonstration Finally this book looks to redress the existing imbalance in

the history of chemistry regarding the attention given to theoretical aspects of chemistry in comparison to chemical practice and apparatus The few existing accounts of chemical devices written in the past century have not been sufficiently helpful for the understanding of experimental practice in chemistry Until now no work that deals exclusively with eudiometers and gas analysis from a historical standpoint has been published Thus this book will not only cast new light on the subject but will also contribute to further research on the history of chemical instruments

Huguenots in Britain and France I. Scouloudi,1987-06-18

Boccaccio's Florence Elsa Filosa,2022-11-01 Best known as the author of the Decameron Giovanni Boccaccio is a key figure in Italian literature In the mid fourteenth century however Boccaccio was also deeply involved in the politics of Florence and the extent of his involvement steered and inspired his work as a writer Boccaccio s Florence explores the financial political and social turbulence of Florence at this time as well as the major players in literary and political circles to understand the complex ways they emerged in Boccaccio s writing Based on extensive archival research and close reading of Boccaccio s works the book aims to recover the dynamics of the Florentine conspiracy of 1360 and how this event affected Boccaccio s writing arguing that his works reveal clear references to this episode when read in light of the reconstructed historical context In this rich and textured picture of the man in his time Elsa Filosa documents a microhistory of connections and interconnections and offers new more political and historically imbedded readings of Boccaccio s seminal works

A Companion to Marguerite Porete and The Mirror of Simple Souls Robert Stauffer,Wendy R. Terry,2017-04-11 Even with growing popularity in the United States there existed no English language scholarly introduction to Marguerite Porete or her sole surviving work Mirror of Simple Souls until now The study of Marguerite and her work touches on so many disciplines from religious and secular histories to theological and literary readings of her book that the scholarship had often been lost in the divides between the disciplines Our contributors are chosen from both sides of the Atlantic and from an array of disciplines in order to bridge this geographical and linguistic divide The interdisciplinary nature of the interest in Marguerite and the Mirror and the implications her book has on medieval scholarship make a collection such as this companion ideal Contributors are Marleen Cr Imke De Gier D vid Falvay Sean Field Genevi ve Hasenohr with Zan Kocher Jonathan Juilfs Zan Kocher Joanne Robinson Elizabeth Scarborough Robert Stauffer Wendy R Terry and Justine Trombley
