The Arab Manager The Call Arabian Management Series:

The Arab Manager! The Call! Majid Al Suleimany, Majid Al Suleimany Mba, 2014-11-02 About The Book This is a book re do of my previous book Original Book A Cry For Help It was suggested to me by an American CEO friend of mine who had read all my books including the Arab Management ones He commented that though this particular book was very important it did not take off well in reading and reception like the Psychology book which had won The USA Gold Seal Literary Excellence for 2013 Eric Hoffer The reasons were plain people misjudging the book by a cover of a Crying Lady who was not even Arab and the first chapter being dominated as being traumatized at the time of the death of my Mother With changes in removing some of those chapters and images of The Arab Office Environment showing radicalization extremism and fundamentalism of The Society as most of the events are now past in references with the current status in The Middle East Post The Arab Spring Uprisings Though the original book had acted as an Omen and Predictor of events that came to realization post the book publication in 2009 It was my earnest prayer and wish that people especially in The Leadership to have read this book Anyway I am not the person that likes to say again and again I told you so I have decided also not to add many images than necessary to expedite the book coming out together with the new book Arab Management Reality or Myth The Arab Manager [www createspace com 4960056](http://wwwcreatespace.com/4960056) and previous book Psychology of Arab Management Thinking [www trafford com 08 0889](http://wwwtrafford.com/080889) This book therefore will be the 4th book in Arab Management Series and my 18th book to date 3 books are also in Road Safety and the rest assorted from my Columns and Writings 2 of the books are about Reviews and Accolades received on all my books to date My Columns Writings etc are here at [www majidwrite com](http://wwwmajidwrite.com) and [www majidall com](http://wwwmajidall.com) Also another important and pertinent remark to make here is that this book was being published at the time of death of my late Mother PBUH and was so emotionalized and traumatized to make her article I wrote for her titled Goodbye Our Mama In Memoriam Thus Readers may have felt the book was more of a novel rather than serious stuff in Arab Management lapses shortcomings etc For the same reason few images will be added to this book also I hope those who had misread the original Book Cover of a Crying Lady And the aforementioned will now read this book having clarified and in transparency all the aforementioned Suffice also to say that despite 6 years later things at the work front its surroundings and atmosphere has just gone more bad and stale on the verge of the precipice decadence malaise and associated just like that cinder fire burning intensely underground before it erupts For this status quo and how it may have even gone worse I recommend that you read this book with my new Arab Book as aforementioned I hope you will enjoy reading the book Have tried to be as frank forthright sincere truthful and genuine as I can be

Psychology of Arab Management Thinking Majid Said Nasser Al Suleimany, 2009-04-29 A 02 About The Book Psychology of Arab Management Thinking M For a long time now I have been putting off the idea of writing this book though it had been on my mind for a long time now The mere idea of writing this book scared me to bits and pieces for many valid and pertinent reasons As Arabs work is worshipped Islamic Religion calls on

us to respect work like as if it is in praying We are also brought up to be polite courteous and decent at least a majority of us Abrupt ugly rudeness and distort are discouraged Also it is not easy to say NO as part of the culture customs traditions and heritage So what went wrong here especially in Management circles Why are we behind the rest of the world despite all our riches and resources I hope you will enjoy the book I have tried to be as frank open forthright honest sincere and genuine as I can as Readers who know me can give credence and credibility to me and will vouch and authenticate my works It is a no punch spared no barrels held stiff no frills play but to be as frank open and honest as possible so it can be a learning process for this generation and others to come in the future I have not spared myself so there is just for it to be honest sincere

Martin Gansten,2021-04-06 Predictions for each year of life go back to the earliest times of Hellenistic astrology Elaborated by Persian and Arabic astrologers who emphasized the revolution of the nativity known today as the solar return chart annual predictive techniques then spread eastward into India and westward into Latin Europe during the Middle Ages For the first time this book draws together material on annual predictions from ancient and medieval authors

writing in Greek Arabic and Sanskrit demonstrating their methods with a wealth of present day example charts While covering historical background and principles of interpretation Annual Predictive Techniques is above all a manual of practical astrology a guide to concrete prediction intended for intermediate students Separate chapters are devoted to illustrating the use of primary directions and profections together with anniversary transits The reader is then shown how to integrate these techniques step by step with the solar return chart The final chapter discusses ways of subdividing a year and identifying times of major importance
