PISA 2015 Results (Volume II) Policies and Practices for Successful Schools OECD,2016-12-06 The OECD Programme for International Student Assessment PISA examines not just what students know in science reading and mathematics but what they can do with what they know Results from PISA show educators and policy makers the quality and equity of learning outcomes achieved elsewhere **OECD Reviews of Vocational Education and Training Vocational Education and Training in Thailand** OECD,2021-07-23 One of a series of studies on vocational education and training this review assesses vocational education and training VET in Thailand and provides policy recommendations VET has the

potential to provide relevant education and training opportunities to young people and adults in Thailand especially as the demand for technical skills is high This can be achieved by building on the strengths of the system including a strong postsecondary vocational system and a small but dynamic dual system However it remains an unattractive option for many students in Thailand because of a poor image among students and parents quality issues a hard to navigate system and limited progression pathways Additional efforts are therefore needed to align the mix of provision with the needs of the Thai labour market This review provides recommendations on how to improve access to programmes reduce inequalities in access to high quality institutions and programmes make better use of skills intelligence to inform education and training policies and engage employers in the design and delivery of vocational education and training including work based learning

Transitions from Education to Work Roslyn Cameron, Subas Dhakal, John Burgess, 2017-11-22 Labour markets are becoming more dynamic in response to pressures from globalisation new technologies and trade agreements as well as cross border migration inter generation differences changing education imperatives and employer expectations By focusing on several Asia Pacific countries this book explores the differences in their workforces ageing or abundant in labour but lacking in skilled employees One similarity these countries share is the difficulty in attracting and retaining employees with the required skillset and capabilities and these constraints can stymie national economic growth and long term development This book brings together national and international perspectives on employability challenges faced by selected countries in the Asia Pacific region While the region is forecast to enjoy high growth in the coming decade a recurring challenge is addressing skill shortages and ensuring effective transition from training colleges and universities into employment Consequently the book focuses on the roles of multiple stakeholders primarily governments education providers and employers in more effectively addressing these key socio economic challenges *Tax Guide 2015* Alan Moore, A handy quick reference guide to the Irish tax system Covering income tax PRSI USC corporation tax capital gains tax VAT capital acquisitions tax stamp duties Finance Act 2014 summary Revenue offices 18th November 2016, 2016-06-01 **The**

Report: Thailand 2012, 2011 *OECD Development Pathways Multi-dimensional Review of Thailand (Volume 2) In-depth Analysis and Recommendations* OECD, 2019-02-14 Thailand is a fast emerging country that aspires to become a high income economy by 2037 Still Thailand's growth path has created large disparities that risk obstructing the next stage of development This report lays out three transitions that Thailand needs to master to build capabilities **Handbook of Research on Determining the Reliability of Online Assessment and Distance Learning** Moura, Ana S., Reis, Pedro, Cordeiro, M. Natália D. S., 2020-11-13 Though in the past online learning was considered of poorer professional quality than classroom learning it has become a useful and in some cases vital tool for promoting the inclusivity of education Some of its benefits include allowing greater accessibility to educational resources previously unattainable by those in rural areas and in current times it has proven to be a critical asset as universities shut down due to natural disasters and pandemics

Examining the current state of distance learning and determining online assessment tools and processes that can enhance the online learning experience are clearly crucial for the advancement of modern education. The Handbook of Research on Determining the Reliability of Online Assessment and Distance Learning is a collection of pioneering investigations on the methods and applications of digital technologies in the realm of education. It provides a clear and extensive analysis of issues regarding online learning while also offering frameworks to solve these addressed problems. Moreover, the book reviews and evaluates the present and intended future of distance learning focusing on the societal and employer perspective versus the academic proposals. While highlighting topics including hybrid teaching, blended learning, and telelearning, this book is ideally designed for teachers, academicians, researchers, educational administrators, and students. South Asia's Transition from Agrarian to Industrialized Economy Kazuo Tomozawa, Koichi Fujita, 2024-12-23. This book analyses the transition of South Asian nations from agrarian to industrialized economies, which is accompanied by a widening gap between agricultural and non-agricultural growth rates and a greater income disparity between farmers and urban residents. The chapters contributed by experts in the field analyze various issues in the transitional process of economic development in South Asia by focusing mainly on India's agricultural adjustment problem and the issues concerning industrial sectors. The book deals first with challenges related to the farmers' struggles, including traders and processors, and how they can adapt to the more sophisticated market demand for their products emerging mainly in urban areas or even abroad. It then focuses on the developments in the non-agricultural sector, introducing a global value chain (GVC) perspective. It finally analyses trends in labor migration and labor markets closely linked to the agricultural and non-agricultural sectors. This book is a valuable addition to the field of Development Economics and South Asian Economics. **Thailand's Buddhist Kingship in the 20th and 21st Centuries** Marie-Sybille de Vienne, 2022-03-30. Based on two decades of fieldwork, including over a hundred interviews with various political and economic actors at different social levels, as well as documentary and media analysis, this volume presents an account of the Buddhist monarchy in Thailand, offering a sociology of elites, an analysis of the economic influence of the Crown, and an examination of the magic and ritual dimension of kingship. An exploration of the role and status of the Palace over the last century, whether as a guarantor of democracy, a symbol of stability, a source of power, or an object of popular discontent. Thailand's Buddhist Kingship in the 20th and 21st Centuries will appeal to scholars of sociology and anthropology with interests in material religion, politics, and Southeast Asian studies.
