Yefremov, 2024-04-11 The beautiful hetaera Thais was a real woman who inspired poets artists and sculptors in Athens Memphis Alexandria Babylon and Ecbatana She traveled with Alexander the Great's army during his Persian campaign and was the only woman to enter the capitol of Persia Persepolis Love beauty philosophy war religion all that and more in a historic masterpiece by Ivan Yefremov **Brill's Companion to the Reception of Alexander the Great**, 2018-09-11 Brill

Companion to the Reception of Alexander the Great offers a considerable range of topics of interest to students and academics alike in the long tradition of this subject's significant impact across a sometimes surprising and comprehensive variety of areas Arguably no other historical figure has cast such a long shadow for so long a time Every civilisation touched by the Macedonian Conqueror along with many more that he never imagined has scrambled to own some part of his legacy This volume canvasses a comprehensive array of these receptions beginning from Alexander's own era and journeying up to the present in order to come to grips with the impact left by this influential but elusive figure **Ancient Violence in the Modern Imagination** Irene Berti, Maria G. Castello, Carla Scilabra, 2020-10-15 The collected essays in this volume focus on the presentation representation and interpretation of ancient violence from war to slavery rape and murder in the modern visual and performing arts with special attention to videogames and dance as well as the more usual media of film literature and theatre Violence fury and the dread that they provoke are factors that appear frequently in the ancient sources The dark side of antiquity so distant from the ideal of purity and harmony that the classical heritage until recently usually called forth has repeatedly struck the imagination of artists writers and scholars across ages and cultures A global assembly of contributors from Europe to Brazil and from the US to New Zealand consider historical and mythical violence in Stanley Kubrick's *Spartacus* and the 2010 TV series of the same name in Ridley Scott's *Gladiator* in the work of Lars von Trier and in Soviet ballet and the choreography of Martha Graham and Anita Berber Representations of Roman warfare appear in videogames such as *Ryse Son of Rome* and *Total War* as well as recent comics and examples from both these media are analysed in the volume Finally interviews with two artists offer insight into the ways in which practitioners understand and engage with the complex reception of these themes **An Introduction to Menander** Thomas Bertram Lonsdale
