was researching among the Acholi when p Bitek was a teenager They were both introduced to anthropology in Oxford by Edward Evan Evans Pritchard and they both faced difficulties writing up their fieldwork Girling a veteran of the Spanish Civil War was a suspected communist activist and was expelled from Uganda in 1950 Against the odds he managed to complete his doctorate but the Colonial Office demanded cuts to the published version Okot p Bitek is a famous African creative writer but his engaging anthropological studies have been unjustly neglected He found academic ideas about Africans taught at Oxford misconceived and offensive He rejected established analytical approaches and consequently the university failed his doctorate in 1970 Elders, Shades, and Women Richard T. Curley, 2023-04-28 In Elders Shades and Women Richard T

Curley describes the ceremonial life of a Nilotic community in northern Uganda and traces the alterations in its ceremonial activities from the turn of the twentieth century to the beginning of extensive contact between the Langi and Europeans in the 1960s Setting his analysis within the broad context of Lango social organization Curley discusses the makeup of the community and shows how the innovations of the colonial period led to changes in kinship relations and residential patterns He is particularly attentive to the husband wife relationship and to the changing status of women within a patrilineal system After describing Lango social organization and the changes that it has undergone Curley turns to the three complexes of Lango ceremonial activity One of these traditionally performed by older men has virtually disappeared a victim of altered political relationships The second set comprising eight separate ceremonies performed for married women concerns the problem of incorporating a women into her husband s lineage while recognizing that she was born in her father s The third complex centering on spirit possession has become increasingly popular and women participate to a much greater extent than men The author treats his religious material within the framework of structural functionalism by concentrating on ceremonial activities rather than on belief and by relating the ceremonies to social processes He departs from structural functionalism however in borrowing heavily from work on the analysis of symbols and he attempts to describe change rather than analyzing Lango religious activity at a single point in time This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 **The Vitality of**

Karamojong Religion Ben Knighton, 2017-05-15 How long can a traditional religion survive the impact of world religions state hegemony and globalization The Karamoja problem is one that has perplexed colonial and independent governments alike Now Karamojong notoriety for armed cattle raiding has attracted the attention of the UN and USAID since the proliferation of small arms in the pastoralist belt across Africa from Sudan to stateless Somalia is deemed a threat to world security The consequences are ethnocidal but what makes African peoples stand out against state and global governance The traditional African religion of the Karamojong despite the multiple external influences of the twentieth century and earlier

has remained at the heart of their culture as it has changed through time Drawing on oral accounts and the language itself as well as his extensive experience of living and working in the region Knighton avoids Western perspectivism to highlight the successful reassertion of African beliefs and values over repeated attempts by interventionists to replace or subvert them Knighton argues that the religious aspect of Karamojong culture with its persistent faith dimension is one of the key factors that have enabled them to maintain their amazing degree of religious political and military autonomy in the postmodern world Using historical and anthropological approaches the real continuities within the culture and the reasons for mysterious vitality of Karamojong religion are explored *Ruling Minds* Erik Linstrum,2016-01-04 The British Empire used intelligence tests laboratory studies and psychoanalysis to measure and manage the minds of subjects in distant cultures Challenging assumptions about the role of scientific knowledge in the exercise of power Erik Linstrum shows that psychology did more to reveal the limits of imperial authority than to strengthen it Historical Dictionary of Uganda Joseph Kasule,2022-06-22 Uganda is one of the most fascinating countries in Africa Situated in the middle of the Great Lakes region of Eastern Africa it is home to diverse flora and fauna Little wonder Winston Churchill famously named it the Pearl of Africa Neighbored by South Sudan DRC Kenya Tanzania and Rwanda Uganda claims the source of the River Nile and a larger share of Victoria Africa s largest lake Uganda s capital Kampala is famous for hosting many international conferences and summits including the 2007 Commonwealth Head of Government Meeting Uganda is witnessing rapid development overseen by Yoweri Tibuhabwe Museveni who has served as president since 1986 making him the longest serving leader in Uganda Museveni came to power on the backdrop of a 5 year guerilla struggle that toppled the regimes of Milton Obote and the military junta of Tito Okello Lutwa Historical Dictionary of Uganda Second Edition covers the history of Uganda using a chronology an introductory essay appendixes and a bibliography The dictionary section covers many entries on politics economy foreign affairs religion society culture and important personalities The book provides a quick access for researchers students tourists and anyone interesting in learning about Uganda **African Philosophy** Lee M. Colonial Office, 1960 Self and Community in a Changing World D. A.
