## Causes and Major Events

**What was the French and Indian War?** Britain and France both claimed the Ohio River Valley. The French worked with the Native Americans to fight against the British. A young soldier named George Washington fought for the colonists. The war ended with the **Treaty of Paris of 1763**. The agreement signed by Great Britain and France that brought an end to the French and Indian War.

**What was the impact on the colonists from the French and Indian War?** The British won the French and Indian War. However, to win they had to spend a great deal of money. King George III and the British Parliament decided to impose taxes on the colonists in order to cover the expense of the war.

**How did the colonists respond to the taxes imposed by the British?** They were very angry. They began to boycott many of the items that were taxed.

**Taxation without Representation:** The colonists were angry about these taxes, mainly because the colonists had no voice in the British government. They had no representation in Parliament. The phrase "no taxation without representation" became the colonists' battle cry – they weren't going to pay taxes if they didn't have a voice in the government.

**Sugar Act:** This was a 3 cent tax on sugar and molasses.

**Stamp Act:** Parliament (the British government) put a tax on paper products, such as newspaper and playing cards. This was called "**The Stamp Act**" because a special stamp had to be on each piece of paper to show that the tax had been paid.

**Quartering Act:** A law that forced colonists to buy supplies and food for British soldiers. It even required colonists to allow soldiers to stay in their homes.

**Townshend Acts:** Parliament passed the Townshend Acts, which placed a tax on the tea, glass, lead, paints, and paper that the colonies imported.
