Multisensory Shakespeare and Specialized Communities Sheila T. Cavanagh, 2024-01-25. How can theatre and Shakespearean performance be used with different communities to assist personal growth and development while advancing social justice goals? Employing an integrative approach that draws from science, actor training, therapeutic practices, and current research on the senses, this study reveals the work being done by drama practitioners with a range of specialized populations, such as incarcerated people, neurodiverse individuals, those with physical or emotional disabilities, veterans, people experiencing homelessness, and

many others With insights drawn from visits to numerous international programs it argues that these endeavors succeed when they engage multiple human senses and incorporate kinesthetic learning thereby tapping into the diverse benefits associated with artistic movement and mindfulness practices Neither theatre nor Shakespeare is universally beneficial but the syncretic practices described in this book offer tools for physical emotional and collaborative undertakings that assist personal growth and development while advancing social justice goals Among the practitioners and companies whose work is examined here are programs from the Shakespeare in Prison Network the International Opera Theater Blue Apple Theatre Flute Theatre DeCruit and Feast of Crispian programs for veterans Extant Theatre and prison programs in Kolkata and Mysore India

The Apple Cart, Too True to Be Good, on the Rocks, and Millionairess Bernard Shaw, 2021 The four dramas in this volume are some of George Bernard Shaw's most interesting plays They stretch from 1929 to 1935 and coincide with the Great Depression the intensification of the crisis of democracy that began after the war and the rise of totalitarianism all of which find expression in these plays They also signal the beginning of an important new phase in Shaw's writing one marked especially by the development of two new Shaw genres the political extravaganza and the political allegory The Apple Cart 1929 marked Shaw's return to playwriting after the long hiatus that followed Saint Joan 1923 The Apple Cart is perhaps the most pointed critique of parliamentary democracy in the entire Shawian canon Too True to Be Good

1931 is another political extravaganza with the opening stage direction The patient is sleeping heavily Near her in the easy chair sits a Monster signaling that Shaw is advancing further into uncharted dramaturgical territory He began writing shortly before his trip to the Soviet Union and finished the play and wrote the preface after his return In the preface Shaw asserts that the USSR is a new Catholic church The dark mood continues in Shaw s next play On the Rocks 1933 which Shaw subtitled a political comedy It is reminiscent of The Apple Cart in that it is sharply focused on British politics and set in the Cabinet Room at 10 Downing Street during the economic depression of the 1930s Shaw started writing The Millionairess in 1934 and finished it in 1935 On the surface it is a simple comedy and if not for the preface we might acquiesce to Shaw s assessment that the play oes not pretend to be anything more than a comedy of humorous and curious contemporary characters such as Ben Jonson might write Yet the preface appended to the play is entirely about leadership and declaims at great length on Mussolini and Hitler
