The Art Broker:

The Art Broker Brian Hamm, 2015-01-10 Las Vegas art broker and reformed rebel Jonah Devine hasn't necessarily had an easy life but his luck is about to change or so he thinks Working the Strip's upper tier Jonah's quickly getting a taste for the flashy lifestyle of a Vegas whale and is starting to forget that there is a very distinct line separating him from his high end clients Cassie on the other hand has no misconceptions about her place in life A runaway teen she just wants to survive from one day to the next which often seems like an errant hope On the way to celebrating a career victory Jonah witnesses Cassie being accosted and rescues her But his good deed during a seemingly chance encounter sets off a chain reaction that may undo everything Jonah's worked for and tugs at a web of deceit that will unravel his past as well as his future When you discover you're a pawn what's your next move

The Art Dealer's Apprentice David Guenther, 2024-03-05 The Art Dealer's Apprentice tells the story of how the author moved to New York in 1989 as a young Midwesterner found a job at an Upper East Side gallery and became the protégé of Carla Panicali an Italian countess and major international art world figure From Carla an extraordinary woman whom he deeply admired the author learned to navigate the treacherous waters of authenticity power and money in the art business and his own life As gallery director he gradually piloted the gallery through a sea of fakes frauds and unscrupulous colleagues competitors collectors and experts until the art market crashed and in the ensuing crisis in the increasingly money driven art world of the 1990s he came to question even the authenticity of his friendship with Carla In The Art Dealer's Apprentice the author recounts how he learned the New York art business from the inside including the roles of dealers auction houses runners collectors and experts the personal histories of famous artists and the art historical importance and salability of their work and how paintings and sculptures were or were not authenticated and sold often based surprisingly on factors having little to do with the artwork itself The author also details how international business was done in some cases through illicit transport of artworks payoffs to experts and Swiss bank accounts Increasingly disillusioned the author ultimately concludes that by the early 1990s the art business was no longer really about art
