James Salter's exalted place in American letters is based largely on the intense admiration of other writers but his work resonates far beyond the realm of fellow craftsmen addressing themes youth war erotic love marriage life abroad friendship that speak to us all Following the publication of his first novel Salter left behind a military career of great promise to write full time and through decades of searching exacting work became one of American literature's master stylists Only months before he died at the age of eighty nine he agreed to serve as the first Kapnick Writer in Residence at the University of Virginia where he composed and delivered the three lectures presented in this book and introduced by his friend and fellow novelist National Book Award winning author John Casey Salter speaks to us here with an easy intimacy sharing his unceasing enchantment with the books that made up his reading life including works by Balzac Flaubert Babel whose prose is like a handful of radium Dreiser C line Faulkner These talks provide an invaluable opportunity to see the way in which a great writer reads They also offer a candid look at the writing life the rejection letters not one but two negative reviews in the New York Times for the same book writing in the morning or at night and worrying about money during the long afternoons Salter raises the question Why does one write For wealth For admiration or a sense of importance Confronting a blank sheet that always offers too many choices practicing a vocation that often demands one write instead of live the answer for Salter was creating a style that captured experience in a world where anything not written down fades away Kapnick Foundation Distinguished Writer in Residence Lectures      The Writing of Fiction Edith Wharton, 2021-01-05

World renowned novelist and short story author Henry James offers practical advice and considerable insight on what makes quality fiction and how good writers can create it A common theme seen in Henry James works is contrasting the naivete and untrammelled freedom of the New World with the knowledgeable but corrupt nature of Europe and the Old World Beginning with short stories while in his 20s James quickly gained a reputation as a skilled wordsmith and compelling narrator His innovative style was emblematic of

new forms of penmanship which partly displaced and partly accentuated the prevalent Romantic and Victorian literary forms. Much of Henry James' teaching contains his opinions on the nature and purpose of fiction. His theories about what a novel should present as entertainment, as art, and as a reflection upon the author offer readers thoughtful and informed analysis of creative writing.
