Media Scandals Alan Bisbort, 2008-09-30 This fascinating volume offers an overview of the most influential and notorious media scandals from newspaper publisher John Peter Zenger's groundbreaking 1735 trial for printing and publishing false, scandalous, malicious, and seditious statements to Dr. Phil McGraw's 2008 thwarted attempt to force his television cameras inside Britney Spears' hospital room from the attempts to ban literature by the likes of D. H. Lawrence, James Joyce, Henry Miller, and Allen Ginsberg to the excesses of gossip mongers like Walter Winchell, Hedda Hopper, Geraldo Rivera, and Matt Drudge. It delves into the tabloid press and walks through the minefields of political opinion shapers, the shouters, the muckrakers, and whistleblowers. America's obsession with scandal and the media's boundless capacity to report and sometimes even create it did not start with O. J. Simpson, Rush Limbaugh, or Britney Spears. It was ingrained in the fabric of our nation even before Paul Revere made his famous ride. Indeed, our media's cherished right to free expression was hard won and is now protected by the First Amendment to the U.S. Constitution, but it comes with responsibilities and is fraught with peril. The tension between the two forces of free expression and permissible subject matter has throughout American history caused media scandals, public outcries, legal proceedings, denunciations, violence, and in the case of Salman Rushdie's 1988 novel *The Satanic Verses*, deaths. The early battles by the print media, newspapers, magazines, books over censorship, book banning, book burning, obscenity, blasphemy, and libel set the groundwork for even greater battles as the media expanded into radio, television, and the Internet. This fascinating volume offers an overview of the most influential and notorious media scandals from newspaper publisher John Peter Zenger's groundbreaking 1735 trial for printing and publishing false, scandalous, malicious, and seditious statements to Dr. Phil McGraw's 2008 thwarted attempt to force his television cameras inside Britney Spears' hospital room from the attempts to ban literature by the likes of D. H. Lawrence, James Joyce, Henry Miller, and Allen Ginsberg to the excesses of gossip mongers like Walter Winchell, Hedda Hopper, Geraldo Rivera, and Matt Drudge. It delves into the tabloid press and walks through the minefields of political opinion shapers, the shouters, the muckrakers, and whistleblowers. Media Scandals examines this fascinating, troubled, and sometimes inspiring subject from two different perspectives. First, through its recurrent themes which reach across all media: politics, censorship, race, and religion, sex, and morals. The second half of the volume then examines each industry in more detail: book publishing, newspapers and magazines, radio, and television, and the Internet. Augmenting this invaluable resource is a detailed timeline to help students put the wide-ranging scandals into historical perspective and a thorough bibliography to encourage further research.

Death and Religion in a Changing World Kathleen Garces-Foley, 2014-12-18 This comprehensive study of the intersection of death and religion offers a unique look at

how religious people approach death in the twenty first century Previous scholarship has largely focused on traditional beliefs and paid little attention to how religious traditions evolve in relation to their changing social context Employing a sociological approach *Death and Religion in a Changing World* describes how people from a wide variety of faiths draw on and adapt traditional beliefs and practices as they deal with death in modern societies The book includes coverage of newly emerging social and religious phenomena that are only just beginning to be analyzed by religion scholars such as public shrines the role of the media spiritual bereavement groups and the use of the Internet in death practices

The Mourning for Diana Tony Walter, 2020-06-11 The unexpected death of Diana Princess of Wales in Paris on August 31st 1997 led to a period of mourning over the next week that took the world by surprise Major institutions the media the royal family the church the police for once had no pre planned script For the public this was a story with an ending they had not anticipated How did these institutions and the public create a cultural order in the face of such disorder Both those involved in the mourning and those who objected to it struggled to understand the depth and breadth of emotion shaking Britain and the world Mourning was focused on London where Diana s body lay and on Diana s home Kensington Palace Throughout the city and especially in Kensington Gardens millions left shrines to the dead princess made of flowers messages teddy bears and other objects In towns and villages around the UK this was repeated The mourning was also global with media dominated by Diana s death in scores of countries The funeral itself had a record breaking world television audience and messages of condolence floated around the globe in cyber space How unique was all this Does it mark a shift in the culture of mourning of the position of the monarchy of the role of emotion in British culture How does it compare with the mourning for other super icons JFK Evita Elvis and Monroe Was it media induced hysteria Or was it simply a magnification of normal mourning behaviour Focusing on the extraordinary actions of millions of ordinary people this book documents what happened and shows how a modern rational society coped with the unexpected in a proto revolutionary week that left participants and objectors alike asking why did we behave like this

Mediated Death Johanna Sumiala, 2021-11-16 How do the dead live among us today Approaching death from the perspective of media and communication studies anthropology and sociology this book explains how the all encompassing presence of mediated death profoundly transforms contemporary society It explores rituals of mourning and the livestreaming of death in hybrid media as well as contemporary media driven practices of immortalization Sumiala draws on examples ranging from the iconic deaths of Margaret Thatcher and David Bowie to those of ordinary people ritualized on Instagram YouTube Twitter and Facebook In addition this book examines digital mourning of global events including the Charlie Hebdo attacks the Black Lives Matter movement and the Coronavirus pandemic *Mediated Death* is a must read for scholars and students of communication studies as well as general readers interested in exploring the meaning of mediated death in contemporary society

Mortuary Monuments and Burial Grounds of the Historic Period Harold Mytum, 2012-12-06 Burial grounds strike an immediate chord with all who visit them They are

landscapes full of pathos and cultural associations which many find attractive though a minority feel are too morbid to deserve detailed attention. This book is designed to offer a framework for studying historic burial ground monuments and contains a certain amount of information regarding below ground archaeology as some projects will involve the study of both. Moreover from a research perspective above and below ground archaeology together can throw considerable light on the process of dying, body disposal and commemoration that formed a continuum for those involved. However the more easily accessible graveyard memorials can be used to study many aspects of past culture beyond that directly associated with death and they are the focus of the book. Most people who become interested in historic graveyard memorials come to the subject via the material itself. Only rarely does a research question get posed and graveyard data seem like an appropriate arena for investigation. This has the advantage that many researchers have some ideas about the data available but the disadvantage that they may not have clear questions to ask of it nor how to set their discoveries in a wider intellectual context.

Mourning and Disaster Michael Brennan, 2009-01-14. The Hillsborough stadium disaster of 15 April 1989 and the death of Princess Diana on 31 August 1997 sparked expressivist scenes of public mourning hitherto unseen within the context of British society. The largely local displays of grief witnessed on Merseyside following the Hillsborough disaster were however repeated and provided a pre-text for the national and global public mourning which accompanied the death of Princess Diana. What was it about these events that provoked such strong emotions? Why and how did these ostensibly similar events produce such contrasting reactions moving some people including the book's author to mourn one event but resist the mourning for the other? *Mourning and Disaster* provides an insight into a series of questions raised by the public mourning that followed these two events. What for example do the messages contained in the public books of condolence signed in the wake of these events tell us either about the social identities of the people who mourned or about the processes of meaning making by which death is apprehended and understood? What do condolence books tell us about how contemporary society mourns and the ways in which loss is language'd? Is it the case that in episodes of public mourning in which the deceased are not known to us personally the mourner might actually be mourning some aspect of themselves? Is it also the case that in not mourning these events some aspect of one's own identity or self was being repudiated or mourned? Drawing upon both the public books of condolence signed in Britain during the public mourning for these events alongside the author's own autobiographical memories of them it is to these sorts of questions amongst others that this book seeks to provide answers.
