ENLARGED EDITION

**GEOFFREY HOSKING**

# The Awakening Of The Soviet Union

**Nirula,Nirula Singh**

## **The Awakening Of The Soviet Union:**

**The Awakening of the Soviet Union** Geoffrey A. Hosking, 1991 One of the world's preeminent scholars of the Soviet Union with many personal contacts there Geoffrey Hosking provides a unique perspective on the rapid changes the country is experiencing Other books have focused on the political changes taking place under Gorbachev Hosking's lively analysis illuminates the social cultural and historical developments that have created the need and openness for sweeping political and economic change

**The Collapse of the Soviet Union, 1985-1991** David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesmen Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures The Collapse of the Soviet Union is essential reading for students of twentieth century European history

**A History of the Soviet Union From the Beginning to Its Legacy** Peter Kenez, 2016-10-27 This updated third edition examines political social and cultural developments in the Soviet Union as well as the post Soviet period

**A History of the Soviet Union from the Beginning to the End** Peter Kenez, 2006-05-01 An examination of political social and cultural developments in the Soviet Union The book identifies the social tensions and political inconsistencies that spurred radical change in the government of Russia from the turn of the century to the revolution of 1917 Kenez envisions that revolution as a crisis of authority that posed the question Who shall govern Russia This question was resolved with the creation of the Soviet Union Kenez traces the development of the Soviet Union from the Revolution through the 1920s the years of the New Economic Policies and into the Stalinist order He shows how post Stalin Soviet leaders struggled to find ways to rule the country without using Stalin's methods but also without openly repudiating the past and to negotiate a peaceful but antipathetic coexistence with the capitalist West In this second edition he also examines the post Soviet period tracing Russia's development up to the time of publication

**The Fall of the Soviet Union, 1991** Susan Sales Harkins, William H. Harkins, 2020-02-04 Soviet History begins with bloodshed oppression and strife Civil War stained the Russian landscape with the blood of its people after Nicholas II abdicated his throne to a provisional government The Bolsheviks wanted Russia and eventually they took her Peasants became citizens with rights but the truth is the civil war only changed the name of their oppressor from czar to Communist dictator After decades of isolation and

sometimes harsh living conditions Mikhail Gorbachev ushered in an age of reform but in doing so he made enemies Then Boris Yeltsin championed reform and the rights of the people When Communist hard liners made one last effort to regain control Yeltsin held his ground Unlike its birth the death of the Soviet Union saw little bloodshed After seventy years even the Communist hard liners no longer had the stomach for killing citizens to keep control The union dissolved in 1991

**The Rise and Fall of the Soviet Union** Richard Sakwa, 2005-08-17 Discusses the history of the Soviet Union from the revolution of 1917 through the Lenin and Stalin eras and the rule of such leaders as Khrushchev Brezhnev and Gorbachev up to the formal dissolution of the Soviet Union in 1991

*Leaders of Russia and the Soviet Union* John Paxton, 2013-08-21 This reference work surveys the leaders of Russia and the Soviet Union from Michael the first Romanov tsar in 1613 through the creation and dissolution of the Soviet Union to the present day President of the Russian Federation Vladimir Putin Chronologically arranged these biographies paint a thorough yet succinct portrait of 30 leaders including discussion about the family and education of each ruler important legislation events and wars under each leader's rule and each leader's achievements and impact on Russia or the Soviet Union

What Happened to the Soviet Union? Christopher I. Xenakis, 2002-09-30 Xenakis examines the responses of Soviet experts in American academia primarily political scientists but also economists and defense scholars who specialized in the USSR to the unfolding evidence of Soviet reform during the 1970s and 1980s and to its ultimate collapse He concludes that American Sovietologists and other political scientists were more responsive to the Cold War consensus to the needs of the State Department Defense and CIA policy makers and to the official Washington line of the moment than to the changing face of the Soviet Union As Xenakis makes clear many of the Cold War ideas and attitudes shared by Sovietologists the notion that the USSR was an evil empire the idea that Soviet society was irredeemably xenophobic and indolent that the Soviet political and economic system could not be fixed or reformed and the view that the best way for Washington to deal with Moscow's influence was to contain the USSR through arms races global and proxy wars were reminiscent of the policies and arguments of the Truman and Eisenhower administrations not to the facts on the ground in the 1970s and 1980s An important work for scholars students and researchers involved with Soviet and Russian studies international political and military affairs intellectual history and the relationship between academia and the government

*Building Communism and Policing Deviance in the Soviet Union* Mirjam Galley, 2020-12-30 This book examines through a detailed study of Soviet residential childcare homes and boarding schools the much wider issues of Soviet policies towards deviance social norms repression and social control It reveals how through targeting children whose parents could not or did not take care of them as well as children with disabilities the system disproportionately involved children from socially marginal and poor families It highlights how the system aimed to raise these children from the margins of society and transform them into healthy happy useful Soviet citizens imbued with socialist values The book also outlines how the system fitted in to Khrushchev's reforms and social order policies where the

emphasis was on monitoring and controlling society without the recourse to direct repression and terror and how continuity with this period was maintained even as the rest of Soviet society changed significantly      **The Soviet Colossus** Michael Kort, 2001 The most readable history of twentieth century Russia from tsarist times to the present now completely revised and updated to integrate new revelations and ongoing debates about the nature of the Soviet regime and including coverage of the first decade of post Soviet Russia      Why Did the Soviet Union Collapse?: Understanding Historical Change Robert Strayer, 2016-06-16 Taking the Soviet collapse the most cataclysmic event of the recent past as a case study this text engages students in the exercise of historical analysis interpretation and explanation In exploring the question posed by the title the author introduces and applies such organizing concepts as great power conflict imperial decline revolution ethnic conflict colonialism economic development totalitarian ideology and transition to democracy in a most accessible way Questions and controversies and extracts from documentary and literary sources anchor the text at key points This book is intended for use in history and political science courses on the Soviet Union or more generally on the 20th century      **The History of Russia** Charles E. Ziegler, 2009-10-13 An updated edition of the acclaimed history of Russia this new volume includes a wealth of material on events of the last decade When first published Charles Ziegler's *The History of Russia* was acclaimed as a source of information not easily found elsewhere and as clear balanced and insightful by Rajan Menon of Lehigh University Now Ziegler's remarkable volume returns fully updated to be the work of choice for readers looking for an introduction to the history of the world's largest country *The History of Russia* Second Edition moves from the 10th century founding of Kievan Rus to the czars to the Communist Era to the present with particular emphasis on the fall of the Soviet Union and the leadership of Mikhail Gorbachev Boris Yeltsin and Vladimir Putin In addition to a new chapter on the tumultuous last decade this edition features an updated introduction and an expanded chapter on the Yeltsin Era      *India and the Soviet Union, 1917 to 1947* Nirula, Nirula Singh, 2005 Based On The Author's Doctoral Thesis Covers The Period 1917 To 1917 Relations Between Indian Nationalists And Russia And The Influence Exercised On Each Other 10 Chapters Introduction Furtherance Of Ideology Lenin And The East Revolutionary Zeal Ideological Discord Parting Of Ways Congress And The 3 R S Gandhi And His Russian Guru Conclusion Bibliography      **Globalizing Human Rights** Christian Peterson, 2012-03-12 *Globalizing Human Rights* explores the complexities of the role human rights played in U S Soviet relations during the 1970s and 1980s It will show how private citizens exploited the larger effects of contemporary globalization and the language of the Final Act to enlist the U S government in a global campaign against Soviet Eastern European human rights violations A careful examination of this development shows the limitations of existing literature on the Reagan and Carter administrations efforts to promote internal reform in USSR It also reveals how the Carter administration and private citizens not Western European governments played the most important role in making the issue of human rights a fundamental aspect of Cold War competition Even more important it illustrates how each administration made the support of non governmental human rights

activities an integral element of its overall approach to weakening the international appeal of the USSR In addition to looking at the behavior of the U S government this work also highlights the limitations of arguments that focus on the inherent weakness of Soviet dissent during the early to mid 1980s In the case of the USSR it devotes considerable attention to why Soviet leaders failed to revive the international reputation of their multinational empire in face of consistent human rights critiques It also documents the crucial role that private citizens played in shaping Mikhail Gorbachev s efforts to reform Soviet style socialism

*Censorship* Derek Jones,2001-12-01 *Censorship A World Encyclopedia* presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance *Censorship* will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression

**Freedom's Ordeal** Peter Juviler,2010-11-24 Fifteen countries have emerged from the collapse of the Soviet Union *Freedom's Ordeal* recounts the struggles of these newly independent nations to achieve freedom and to establish support for fundamental human rights Although history has shown that states emerging from collapsed empires rarely achieve full democracy in their first try Peter Juviler analyzes these successor states as crucial and not always unpromising tests of democracy s viability in postcommunist countries Taking into account the particularly difficult legacies of Soviet communism *Freedom's Ordeal* is distinguished by its careful tracing of the historical background with special attention to human rights before during and after communism Juviler suggests that the culture and practices of despotism may wither wherever modernization conflicts with tyranny and with the curtailment or denial of democratic rights and freedoms

*1993-1994* Brian Hunter,2021-06-21 No detailed description available for 1993 1994

*The Statesman's Year-Book 1993-94* B. Hunter,2016-12-23 The classic reference work that provides annually updated information on the countries of the world

*Women in the Soviet Union* ,1929

*Women in Russia* Anastasia Posadskaya-Vanderbeck,1994-09-17 Covers the history and politics of Russian women from the early years of the Soviet regime through glasnost and into the post Soviet era It examines economic and professional inequalities the role of women in the work place and the political arena and the history of feminism in Russian
