An outstanding new interpretation of Hobbes one of the most difficult and challenging of political philosophers      The Herpesviruses Bernard Roizman,2013-03-08 The first volume of the nineteen volume series entitled Comprehensive Virology was published in 1974 and the last is yet to appear We noted in 1974 that virology as a discipline had passed through its

descriptive and phenomenological phases and was joining the molecular biology revolution. The volumes published to date were meant to serve as an in depth analysis and standard reference of the evolving field of virology. We felt that viruses as biological entities had to be considered in the context of the broader fields of molecular and cellular biology. In fact we felt then and feel even more strongly now that viruses being simpler biological models could serve as valuable probes for investigating the biology of the far more complex host cell. During the decade long compilation of a series of books like Comprehensive Virology some of the coverage will obviously not remain up to date. The usual remedy to this aspect of science publishing is to produce a second edition. However in view of the enormous increase in knowledge about viruses we felt that a new approach was needed in covering virology in the 1980s and 1990s. Thus we decided to abandon the somewhat arbitrary subgrouping of the subject matter under the titles Reproduction Structure and Assembly Regulation and Genetics Additional Topics and Virus Host Interactions. Instead we have organized a new series entitled The Viruses. Annual Report of the Comptroller of the Treasury Department for the Fiscal Year Ended ... to the General Assembly of Maryland Maryland. Specialist Periodical Reports provide systematic and detailed review coverage in major areas of chemical research. **The National Theatre Story** Daniel Rosenthal, 2013-11-07. Winner of the STR Theatre Book Prize 2014. The National Theatre Story is filled with artistic financial and political battles on stage triumphs and the occasional disaster. This definitive account takes readers from the National Theatre's 19th century origins through false dawns in the early 1900s and on to its hard fought inauguration in 1963. At the Old Vic Laurence Olivier was for ten years the inspirational Director of the NT Company before Peter Hall took over and in 1976 led the move into the National's concrete home on the South Bank. Altogether the NT has staged more than 800 productions premiering some of the 20th and 21st centuries most popular and

controversial plays including *Amadeus* *The Romans in Britain* *Closer* *The History Boys* *War Horse* and *One Man Two Guvnors*. Certain to be essential reading for theatre lovers and students, *The National Theatre Story* is packed with photographs and draws on Daniel Rosenthal's unprecedented access to the National Theatre's own archives, unpublished correspondence and more than 100 new interviews with directors, playwrights and actors including Olivier's successors as Director Peter Hall, Richard Eyre, Trevor Nunn and Nicholas Hytner, and other great figures from the last 50 years of British and American drama, among them Edward Albee, Alan Bennett, Judi Dench, Michael Gambon, David Hare, Tony Kushner, Ian McKellen, Diana Rigg, Maggie Smith, Peter Shaffer, Stephen Sondheim and Tom Stoppard.
