Star Trek Department Of Temporal Investigations Watching The Clock:

Department of Temporal Investigations: Watching the Clock Christopher L. Bennett, 2011-04-26 There's likely no more of a thankless job in the Federation than temporal investigation. While starship explorers get to live the human adventure of traveling to other times and realities, it's up to the dedicated agents of the Federation Department of Temporal Investigations to deal with the consequences to the timestream that the rest of the Galaxy has to live with day by day. But when history as we know it could be wiped out at any moment by time warriors from the future, misused relics of ancient races or accident-prone starships, only the most disciplined, obsessive, and unimaginative government employees have what it takes to face the existential uncertainty of it all on a daily basis and still stay sane enough to complete their assignments. That's where Agents Lucsly and Dulmur come in. Stalwart and unflappable, these men are the Federation's unsung anchors in a chaotic universe. Together with their colleagues in the DTI and with the help and sometimes hindrance of Starfleet's finest, they do what they can to keep the timestream, or at least the paperwork, as neat and orderly as they are. But when a series of escalating temporal incursions threatens to open a new front of the history spanning Temporal Cold War in the twenty-fourth century, Agents Lucsly and Dulmur will need all their investigative skill and unbending determination to stop those who wish to rewrite the past for their own advantage and to keep the present and the future from devolving into the kind of chaos they really, really hate.

Department of Temporal Investigations: Forgotten History Christopher L. Bennett, 2012-04-24 The agents of the Department of Temporal Investigations are assigned to look into an anomaly that has appeared deep in Federation territory. It's difficult to get clear readings, but a mysterious, inactive vessel lies at the heart of the anomaly, one outfitted with some sort of temporal drive, disrupting space-time and subspace. To the agents' shock, the ship bears a striking resemblance to a Constitution-class starship, and its warp signature matches that of the original Federation starship, Enterprise NCC 1701, the ship of James T. Kirk, that infamous bogeyman of temporal investigators whose record of violations is held up by DTI agents as a cautionary tale for Starfleet's recklessness toward history. But the vessel's hull markings identify it as Timeship Two, belonging to none other than the DTI itself. At first, Agents Lucsly and Dulmur assume the ship is from some other timeline, but its quantum signature confirms that it came from their own past, despite the fact that the DTI never possessed such a timeship. While the anomaly is closely monitored, Lucsly and Dulmur must search for answers in the history of Kirk's Enterprise and its many encounters with time travel, a series of events with direct ties to the origins of the DTI itself.

away in the Federation's most secret and secure facility. As it happens, Agent Gariff Lucsly and his supervisor DTI director Laarin Andos are charged with handling a mysterious space-time portal device discovered by Starfleet. But this device turns out to be a Trojan horse linking to a pocket dimension and a dangerous group of raiders determined to steal some of the most powerful temporal artifacts ever known.

Blaming the Aegis itself for a tragedy yet to come, this renegade plans to use the stolen artifact to sabotage its efforts in the past, no matter what the cost to the timeline. Now the DTI's agents must convince the enigmatic Aegis to work alongside them in order to protect history, but they must also wrestle with the potential consequences of their actions for preserving the past could doom countless lives in the future.

Department of Temporal Investigations: The Collectors Christopher L. Bennett, 2014-12-08 An all-new Star Trek e novella featuring the Department of Temporal Investigations. The dedicated agents of the Federation Department of Temporal Investigations have their work cut out for them: protecting the course of history from the dangers of time travel. But the galaxy is littered with artifacts that in the wrong hands could threaten reality. One of the DTI's most crucial jobs is to track down these objects and lock them safely away in the Federation's most secret and secure facility. When Agents Lucsly and Dulmur bring home an alien obelisk of incredible power, they are challenged by a 31st-century temporal agent who insists they surrender the mysterious artifact to her. But before they know it, the three agents are pulled into a corrupted future torn apart by a violent temporal war. While their DTI colleagues attempt to track them down, Lucsly and Dulmur must restore temporal peace by setting off on an epic journey through the ages, with the future of the galaxy hanging in the balance.
