*A Brief Guide to Star Trek* Brian J. Robb, 2012-04-19 For over 40 years Star Trek has made a phenomenal cultural impact. Now more popular than ever, J.J. Abrams' reinvented Star Trek movie was one of the box office hits of 2009, grossing 385 million worldwide. The franchise continues to have cultural, social, and political resonance around the world. Star Trek has changed not just the way we look at space but also our own world. It gave the culture a lexicon of catchphrases from "Beam me up, Scotty" to "Dr. McCoy's many complaints beginning 'I'm a doctor, not a...'" Much of the future technology depicted on Star Trek has come to feature in everyday life, from the communicator like mobile phone to computer touch screens now taken for granted. Many of the world's most prominent scientists were inspired to pursue their careers as were many writers and artists due to an early exposure to Star Trek. In *A Brief Guide to Star Trek*, expert Brian J. Robb charts the rise and rise of the show and explores its impact on our culture.

**Star Trek 101: A Practical Guide to Who, What, Where, and Why** Terry J. Erdmann, 2008-09-23 In the future, a heroic captain and his crew explore the Galaxy in a really fast spacecraft. The crew's standing orders are to explore strange new worlds, to seek out new life and new civilizations, to boldly go where no man has gone before. Simple, straightforward, that's Star Trek. So what's all the fuss? Why do news crews always seem to find someone somewhere dressed up in a Star Trek costume? What could be so interesting to so many people? Star Trek 101 is the answer. You'll learn just a little about the heroes. Captain Kirk believes that man wasn't meant to live in paradise; the villains, Klingons, have a thirst for conquest; and the important aliens, Vulcans, live their lives by logic. In the handy recaps for all things Star Trek, you'll discover that the television shows and movies run the gamut from action adventure to comedy. Just want to sample? The ten essential episodes are offered for your consideration. Star Trek 101 is a quick primer of the television shows and movies that carry the Star Trek name.

**Entertainment Weekly: The Ultimate Guide to Star Trek** Entertainment Weekly, 2021-08-20 As we look around the world of today, always seemingly on the brink of calamity, Star Trek continues to insist that creatures of all shapes, colors, and beliefs can work together toward something greater. Across its many iterations, Star Trek always offers tantalizing glimpses of our possible future. And year by year, decade by decade, series by series, and movie by movie, that future draws ever closer.

*Star Trek: The Official Guide to Our Universe* Andrew Fazekas, 2016 The characters of the Star Trek television programs and movies go boldly among the stars, but how much of what they tell us is accurate? Fazekas compares the Federation's technology with our own and provides scientifically accurate accounts of the realms and star charts that the Enterprise uses to explore the solar system, nebulae, and more.
