The Gospel According to Starbucks Leonard Sweet, 2008-05-20 Leonard Sweet shows you how the passion that Starbucks has for creating an irresistible experience can connect you with God's stirring introduction to the experience of faith in The Gospel According to Starbucks You don't stand in line at Starbucks just to buy a cup of coffee You stop for the experience surrounding the cup of coffee Too many of us line up for God out of duty or guilt We completely miss the warmth and richness of the experience of living with God If we'd learn to see what God is doing on earth we could participate fully in the irresistible life that he offers You can learn to pay attention like never before to identify where God is already in business right in your neighborhood The doors are open and the coffee is brewing God is serving the refreshing antidote to the unsatisfying arms length spiritual life and he won't even make you stand in line Gower Handbook of People in Project Management Ms Lindsay Scott, Mr Dennis Lock, 2013-09-28 The Gower Handbook of People in Project Management is a unique and rich compilation of over 60 chapters about project management roles and the people who sponsor manage work in or are otherwise important to project success With Lindsay Scott's expert knowledge and experience in this field and Dennis Lock's contributions and meticulous editing the Handbook is a complete guide to the various human dimensions involved in projects It covers everyone involved in projects the stakeholders including those funding or sponsoring the project and those involved in its delivery the people issues that are specific to different sectors of the organization public private and third sector the organization of people both real and virtual the different roles associated with projects the relationship between people and the project environment the human behaviours and skills associated with working collaboratively and the HR issues including all aspects of how to manage talent for projects The MBA Book Can Akdeniz, 2014-07-03 Business is one of the great social equalizers for our global society Commerce business supply and demand entrepreneurs corporations and other business related ideas have become second nature to most areas of the planet Given the collective interest in and significance of business people naturally want to become experts They read newspapers study the stock market enroll in business school and even design career paths so that they can become a business professional Some people are of the opinion that true business insight and savvy can only come from formal academic institutions while others argue that real world experience is the best teacher There are positive and negative arguments for both of those lines of logic This book is meant to bridge the gap between stuffy lecture halls and experience building employment The idea of encapsulating an entire MBA in a single book may seem overly bold or unrealistic but by boiling down the concepts of business success and modern theory into a single book it becomes far less intimidating for readers who want to push their career forward regardless of where they are in the business hierarchy This book contains everything from invaluable reminders for CEOs to inspiring advice for first time start up entrepreneurs Becoming a powerful and successful business professional is a never ending journey because you will always be learning and developing your skills adapting them

to the dynamic world of modern business This book helps to facilitate that educational process providing the real world examples of business skills knowledge components foundational qualities and professional tools that can push you in the right direction If you re starting a business running a business or looking for a job you probably don t have much time to enroll in business school read a dozen dry textbooks on corporate theory or constantly stay apprised of every new development in global commerce While this book may not answer all your questions about how to find success it will highlight the most important elements on the road to becoming a desirable effective and powerful business professional By drawing from some of the most successful business models and business professionals in recent history you can look at problems from new perspectives and hopefully find some inspiration from some of the greatest minds of our generation From international titans like Walmart and Amazon to crowdsourcing sites and charitable retailers there are lessons to be learnt on every one of these pages no matter what size company you work for or what ambitious plans you have for your new enterprise The MBA Book simplifies the business process by incrementally moving from the conceptual foundation of a company to the final touches including the skills and tools that an established company should tweak and perfect in order to remain competitive and successful
