

Sentry – Sentries are very useful support units of the Protoss. They deal very little damage but they have amazing support abilities such as Forcefield, Guardian Shield, and Hallucination. Sentries should be kept to the back of your army to avoid being crushed first in a faceoff.

High Templar – These are also support units like the Senty. However, while all of Sentries special abilities are for defensive purposes, High Templar's special abilities deal mass damages.

Dark Templar – DT are like Zealots expect they are permeably clocked (invisible). They are relatively vulnerable compare to other units of its rank, but DT can deal a massive 45 damage to anything he get his hands on. The best ways to use DT are early rushes when your opponent is not prepared for clocked units.
