Making Stargate: SG-1 Even Better (second Edition) Steven Gordon, 2017-10-24. Stargate SG-1 was two different shows in one. There were episodes where SG-1 fought the Goa'uld or replicators or the Ori in giant battles. The show often had tremendously creative ideas about blowing up suns or travels to other galaxies or interdimensional or parallel dimension travel. Jack O'Neill's dry wit was very funny. Samantha Carter's expressions were very vivid. Daniel had a great wit of his own and was a good companion for Jack and Teal'c was very funny in his own subtle way. A lot of the episodes were very exciting and well-written. But there were also episodes that were not so exciting and well-written, those focusing on small children, Unas' natural disasters or let us search warehouses on Earth. The purpose of this book is to show how the lesser stories could have been improved as well as how the good stories could have been even better.
