Stark A Novel:

Say My Name J. Kenner, 2015-04-07 New York Times bestselling author J Kenner kicks off a smoking hot emotionally compelling trilogy that returns to the world of her beloved Stark novels *Release Me*, *Claim Me* and *Complete Me*. *Say My Name* features Jackson Steele a strong willed man who goes after what he wants and Sylvia Brooks a disciplined woman who is hard to get and exactly who Jackson needs. I never let anyone get too close but he is the only man who has ever made me feel alive. Meeting Jackson Steele was a shock to my senses. Confident and commanding he could take charge of any room or any woman. And Jackson wanted me. The mere sight of him took my breath away and his touch made me break all my rules. Our bond was immediate, our passion untamed. I wanted to surrender completely to his kiss but I couldn't risk his knowing the truth about my past. Yet Jackson carried secrets too and in our desire we found our escape pushing our boundaries as far as they could go. Learning to trust is never easy. In my mind I knew I should run. But in my heart I never felt a fire this strong and it could either save me or scorch me forever. Praise for *Say My Name*. Readers who need more of Kenner's racy sizzling Stark novels will delight in this new series set in the same decadent lavish world. Kenner has crafted a hero whose compassion is remarkable and who is strong enough not only to apologize and to change but to offer her the kind of love she wants and needs as well. Fans of dark intense and emotionally scorching romances will surely adore this series opener. RT Book Reviews. It's a heady mix of love and intrigue and Kenner continues to deliver a knockout experience that made me long for the next book even as I was more than satisfied with this story's ending. To say more would give too much away and I encourage everyone who loved the original Stark trilogy to read *Say My Name* to find out what's there for themselves. The Romance Evangelist. J Kenner has given us one hell of a story with this start to the Stark International series. And if anyone can give Damien Stark a run for his money it's Jackson Steele. Cocktails and Books. If you enjoyed the Stark novels you are going to love *Say My Name*. Reading Keeps Me Sane. *Damien: A Stark Novel* J. Kenner, 2019-01-08 From New York Times and USA Today bestselling author J Kenner comes a new story in her Stark series. I am Damien Stark. From the outside I have a perfect life. A billionaire with a beautiful family. But if you could see inside my head you'd know I'm as f---ed up as a person can be. Now more than ever I'm driven, relentless and successful but all of that means nothing without my wife and daughters. They're my entire world and I failed them. Now I can barely look at them without drowning in an abyss of self-recrimination. Only one thing keeps me sane: losing myself in my wife's silken caresses where I can pour all my pain into the one thing I know I can give her: Pleasure. But the threats against my family are real and I won't let anything happen to them ever again. I'll do whatever it takes to keep them safe, pay any price, embrace any darkness. They are mine. I am Damien Stark. Do you want to see inside my head? Careful what you wish for. *The Book of Stark* Leigh Brackett, 2015 **At the Edge of Existence** Brandon West, 2021-12-13 Few scary stories begin with a disclaimer that they are fictional. Instead they claim to be true even when they are not. Such stories blur the line between fiction and reality pushing audiences to consider where fiction ends and

reality begins These kinds of horror stories comprise the understudied subgenre of liminal horror As the first book on this subject this volume surveys a variety of liminal horror films It discusses the different variations within liminal horror s sub genres and considers why horror films are obsessed with the natures of and borders between fiction and reality After first laying out the basic traits of the horror genre in the context of liminality this book then dives into film more specifically and how the medium is uniquely situated to explore the movement between the fictional and the real Through lenses such as dreaming memory and perception the following chapters explore the role liminal horror plays in the the human psyche s subconscious unconscious and the various functions of the human mind in perceiving or misperceiving reality **Stark's**

Literature and the Writer, 2016-08-09 *Literature and the Writer* was first conceived with the hope the essays would shed light on several dimensions of the authorial craft It was the hope of the editor that the selected essays would examine not only writers choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery Moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction Thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends Modernists are set against postmodernists absurdists vs realists minority ethnicities vs majority cultures and dominant genders appear in contrast to subordinated ones Clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts
