Angelina Andrew Morton, 2010-07-31 The gripping true story of Angelina Jolie from 1 New York Times bestselling biographer Andrew Morton I like to collect knives says Angelina Jolie but I also collect first edition books At first glance she might seem to be someone without any secrets talking openly about her love life sexual preferences drug use cutting and tattoos and why she kissed her brother on the lips in public And yet mysteries remain What was really going on in her brief impulsive marriages to Jonny Lee Miller and Billy Bob Thornton and what was going on in her partnership with Brad Pitt What's behind the oft reported feud with her father the Oscar winning actor Jon Voight What drove her to become a mother of six children in six years And perhaps most puzzling of all what about the other side of Angelina How did this talented but troubled young actress barely 35 years old become a respected Goodwill Ambassador for the United Nations as well as the most powerful celebrity in the world unseating Oprah Winfrey on Forbes 2009 Celebrity 100 list The answers that

Andrew Morton has uncovered are astonishing taking us deep inside Angelina s world to show us what shaped her as a child as an actress and as a woman struggling to overcome personal demons that have never before been revealed In this spellbinding biography Andrew Morton draws upon far reaching original interviews and research accompanied by exclusive private photographs to show us the true story behind both the wild excesses of Angelina s youth and her remarkable work with children and victims of poverty and disaster today      **The New Republic** Herbert David Croly,1977      **Catalog of Copyright Entries.
