**Start with Why** Simon Sinek, 2025-05-15 ISBN T IT TIME YOU READ **START WITH WHY** One of the most incredible thinkers of our time Steven Bartlett podcaster and author of *Diary of a CEO* Simon Sinek's iconic global bestseller has sold more than three million copies by asking a simple fundamental question: Why are some people and organisations more innovative, more influential and more profitable than others? The answer to why is another why. Leaders like Martin Luther King Jr, Steve Jobs and the Wright Brothers had little in common but they all started with a WHY. They realized that people won't truly buy into an idea, a movement, a product or a service until they understand the WHY behind it. With a new foreword and updates throughout like the importance of holding onto our WHY in a social media obsessed world, this 15th anniversary edition celebrates the simple but transformative idea that leads people to inspire greatness. A deep abiding understanding of what you want to inspire and how you want to lead is the basis of this inspirational book. **Forbes Start with Why** Elite Summaries (Firm), 2016-06-18 **Start With Why** by Simon Sinek Summary that they can be made. Sinek reveals how any of us can learn what the world's born leaders do that most people don't. This is a must-read book for anyone who wants to lead their organization to success. What is the great secret that puts one person or organization way out in front of the rest? How do they get to be so much more innovative and successful and remain so whatever their competitors do? Well, the answer is that asking questions is a good start but they have to be the right questions. Sinek tells us that the most vital question is WHY. In business it is obviously a good idea to know what you do. You need to know how you do it. But most important of all is to know WHY you do what you do. In **Start with Why** the author explains that it's the basic question all the great leaders in business, social reform or any other field asked themselves right at the beginning. He examines such leaders as Steve Jobs, Richard Branson or Martin Luther King and notes that they all applied the same thinking and started from the same question: WHY. The book goes on to show us how to apply this principle in our own businesses. It explains how to get from what to how and on to WHY. Why are we doing what we do rather than something else? Read the book, apply its lessons and you could be the next Jobs or Branson. The sky's no longer the limit. Detailed overview of the book. Most valuable lessons and information.
