Crash Severity

The first section gives an overview of the accident, including the number of vehicles, time, date, location and severity – fatal, injury, or property damage only (PDO). Note that some injuries have delayed-onset symptoms, so just because no injuries were apparent at the time doesn't guarantee that no one was hurt.

The rest of Page 1 describes the conditions at the time of the crash and the harmful events that occurred during the crash, including the manner of impact (such as "front to front" or "front to rear"), weather and characteristics of the location, such as an intersection or bridge.

If this page indicates an obstruction other than the vehicles involved may have contributed to the crash, such as "Backup Due to Prior Crash" or "Obstruction in Roadway," there may be liability assigned to the person who caused the obstruction.
