State Civil Society Relations In Syria:

State-Civil Society Relations in Syria René Spitz, 2014-12-17 The European Union's EU good governance policies consider civil society an actor promoting development as well as political accountability of governments thus contributing to the democratisation of political systems By means of its European Neighbourhood Policy ENP the EU promotes good governance in its relations and cooperation with neighbouring countries to the East and the South including Syria The cooperation in the domain of good governance has not been successful in the southern neighbouring countries although some governments have allowed civil society to become more active Indeed authoritarianism prevailed in the whole Arab region until recently This study argues that the EU's good governance policy is based on questionable assumptions with respect to the nature of civil society as well as the willingness of state and civil society to cooperate Syria as an extreme case of authoritarianism is taken as an example The connotation attached by the EU to civil society in Syria is normative and overlooks its complexity and the character of its relations with the state

Civil Society C. M. Hann, Elizabeth Dunn, 1996 Civil Society argues that civil society should not be studied as a separate private realm in opposition to the state To gain a better understanding everyday social practices power relations and shared moralities are examined

Religion and Civil Society in the Arab World Tania Haddad, Elie Al Hindy, 2018-06-14 This book examines the links between civil society religion and politics in the Middle East and North Africa region The chapters in the volume explore the role of religion in shaping and changing the public sphere in regions that are developing and or in conflict They also discuss how these relations are reflected on civil society organizations and the role they are expected to play in transitional periods This volume investigates the conceptual dilemmas regarding what is civil society in the Arab world today examines the dynamic roles of civil society organizations and religion in the Middle East and North Africa explores the future of the Arab civil society post Arab Spring events and how the latter continues to reshape the demand for democracy in the region A comprehensive study of how the Arab civil society has come into being and its changing roles this eclectic work will be of interest to scholars and researchers of politics especially political Islam international relations Middle East Studies African Studies sociology and social anthropology

Refugees, Civil Society and the State Ludger Pries, 2018-04-27 Ludger Pries explores the important moral social and political challenge facing Europe and the international community the protection of refugees as one of the most vulnerable groups on the planet

Citizens, Civil Society, and Activism under the EPRDF Regime in Ethiopia Camille Louise Pellerin, Logan Cochrane, 2023-07-15 In 2014-15 the Ethiopian government together with many academics and observers was surprised by the outbreak of anti government protests as large scale public contestation of the Ethiopian People's Revolutionary Democratic Front EPRDF had been largely absent in the regime's history The dominant narrative about the EPRDF regime was that it was a top down government using authoritarian methods to ensure the population abided by its visions and directives and describing its role in paternalistic ways such as being the protector and guardian of the people Changing this

narrative Citizens Civil Society and Activism under the EPRDF Regime in Ethiopia considers how citizens and civil society expressed their interests and exerted their agency in an authoritarian setting Focusing on the EPRDF regime over a period of three decades up to 2019 the book explores civic activism in Ethiopia presenting diverse examples of how citizens have reshaped the country Challenging state centric readings of state society relations under EPRDF governance this collection provides a counternarrative that emphasizes the role and agency of citizens and civil society The contributing authors draw on a heuristic analytical framework that examines different types of interactions between civil society and state actors co optation co operation coexistence and contestation and captures the ways in which civil society actors make their voices heard At a time when authoritarian forms of governance are increasingly prevalent across the world this critically important collection offers insight into how citizens claim their agency and challenge state power in apparently top down contexts

Civil Society in the Middle East, Volume 1 Norton,2022-04-11 Launched in 1992 the Civil Society in the Middle East program has brought together dozens of leading scholars to analyze political life through an exploration of civil society within the states of the region This is the first of two volumes to be published by Brill it contains original studies of Egypt Jordan Kuwait Syria Tunisia the West Bank and Gaza as well as the prospects for democratization in the Arab world the consequences of economic liberalization and contemporary Islamic thought on civil society and democracy This first volume offers a wealth of new material on unions political parties and professional syndicates and other components of civil society as the authors weigh the prospects for political reform in the Middle East and provide readable yet richly informed assessments of state society relations Civil Society in the Global South Palash Kamruzzaman,2018-12-07 In recent years civil society has been seen as a key route for democracy promotion and solving development problems in low income countries However the very concept of civil society is deeply rooted in European traditions and values In pursuing civil society reform in non Western countries many scholars along with well meaning international agencies and donor organisations fail to account for non Western values and historical experiences Civil Society in the Global South seeks to redress this balance by offering diverse accounts of civil society from the global South authored by scholars and researchers who are reflecting on their observations of civil society in their own countries The countries studied in the volume range from across Africa Latin America Asia and the Middle East to give a rich account of how countries from the global south conceptualise and construct civil society The book demonstrates how local conditions are often unsuited to the ideal type of civil society as delineated in Western values for instance in cases where numerous political racial and ethnic sub groups are fighting for autonomy By disentangling local contexts of countries from across the global South this book demonstrates that it is important to view civil society through the lens of local conditions rather than viewing it as something that needs to be discovered or manufactured in non Western societies Civil Society in the Global South will be particularly useful to high level students and scholars within development studies sociology anthropology social policy politics international relations and

human geography *Civil Society in Japan* K. Hirata, 2002-08-16 Civil Society and Japan's Foreign Aid examines the changing relations between the Japanese state and non governmental organizations NGOs in promoting effective aid policies and analyzes the changing nature of policy making and governance in Japan It is based on extensive research in Southeast Asia and Japan investigating the role of Japanese aid in fields such as education health care environmental protection and economic development It analyzes the key players in aid policymaking including donor governments multinational organizations international and local NGOs the business community and aid recipients *Resourceful Civil Society* Zhanna Kravchenko, Lisa Kings, Katarzyna Jezierska, 2022-06-07 This open access book examines how civil society organizations in Poland Russia and Sweden react to transformations of opportunities and limitations in access to various forms of resources The volume's contributions discuss the constraints associated with different types of resources as well as organizations capacities to generate resources or compensate for their lack as they negotiate and contest barriers The resourcefulness of civil society is revealed to be rooted in a variety of capabilities converting resources eliciting organizational change and metamorphosing in response to organizational and environmental development *Fostering Pluralism through Solidarity Activism in Europe* Feyzi Baban, Kim Rygiel, 2020-11-04 This edited collection brings together academics artists and members of civil society organizations to engage in a discussion about the ideas of living with others through concepts such as cosmopolitanism solidarity and conviviality and the practices of doing so In recent years right wing and populist movements have emerged and strengthened across Europe and North America rejecting the value of cultural ethnic and religious plurality Governments in Europe and North America are weakening their commitment to the international refugee regime erecting new barriers to entry Even as governments fail to accommodate growing pluralism however civil society initiatives have emerged with the aim of welcoming newcomers such as migrants and refugees and finding alternative ways of living together in diverse societies Motivated by a desire to show solidarity these initiatives demonstrate enormous creativity in fostering pluralism in an environment that has largely become hostile to the arrival of newcomers The contributions gathered here seek to explore such initiatives and the important work that they do in fostering ways of living together with others from diverse cultural and religious backgrounds In focusing conceptually and empirically on discussions and examples of civil society initiatives this book interrogates why how and under what circumstances are some communities more welcoming than others *Inheriting Syria* Flynt Leverett, 2005-04-15 A detailed analytic portrait of Syria under the Asad dynasty offering a new strategy for achieving American foreign policy and security objectives in the Middle East largely independent of the Arab Israeli peace process Provided by publisher **Civil Society: Oxford Bibliographies Online Research Guide** Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading

international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In Islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Islamic Studies a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

Actors and Dynamics in the Syrian Conflict's Middle Phase Jasmine K. Gani,Raymond Hinnebusch,2022-03-17 This volume covers the middle time period of the Syrian uprising roughly from 2012 when Syria's peaceful protest began to mutate into a violent insurgency and civil war until roughly 2018 when the conflict took on features of a frozen conflict The middle period was important as one of key junctures or turning points when the struggle could have reached rather different outcomes Non violent protest failed to drive democratization and turned into violent insurrection but revolution from below also failed as did regime counter insurgency leaving protracted civil war the default outcome Second the consequences of civil war became evident with six themes failing statehood coexisted with regime resilience rebel governance emerged as a viable challenge to the regime social forces were sharply polarized external actors exacerbated internal divisions a predatory war economy emerged and intense violence led to massive displacement of the population Taking an innovative and interdisciplinary approach that seeks to capture the full complexity of the phenomenon this book contributes significantly to our understanding of the Syrian conflict therefore it will be of interest to academics students journalists and policy makers interested in the Syrian civil war

Social Movements and Civil War Donatella della Porta,Teije Hidde Donker,Bogumila Hall,Emin Poljarevic,Daniel P. Ritter,2017-07-20 This book investigates the origins of civil wars which emerge from failed attempts at democratization The main aim of this volume is to develop a theoretical explanation of the conditions under which and the mechanisms through which social movements struggles for democracy end up in civil war While the empirical evidence suggests that this is not a rare phenomenon the literatures on social movements democratization and civil wars have grown apart from each other At the theoretical level Social Movements and Civil War bridges insights in the three fields looking in particular at explanations of the radicalization of social movements the failure of democratization processes and the onset of civil war In doing this it builds upon the relational approach developed in contentious politics with the aim of singling out robust causal mechanisms At the empirical level the research provides in depth descriptions of four cases of trajectory from social movements for democratization into civil wars in Syria Libya Yemen and the former Yugoslavia

Conditions such as the double weakness of civil society and the state the presence of entrepreneurs of violence as well as normative and material resources for violence ethnic and tribal divisions domestic and international military interventions are considered as influencing the chains of actors choices rather than as structural determinants This book will be of great interest to students of civil wars political violence social movements democratization and IR in general *The Greater Middle East in Global Politics* Mehdi Parvizi Amineh, 2007 This anthology unites in one volume two studies of the Greater Middle East in global politics each conceptual and empirical First it is a historical comparative study of politics and societies in selected Greater Middle Eastern countries Second it is an empirical case study of states and societies of the Greater Middle East in global politics **The ^AOxford Handbook of Politics in Muslim Societies** Melani Cammett, Pauline Jones, 2022-02-22 The Oxford Handbook of Politics in Muslim Societies examines a wide range of topics concerning regimes and regime change electoral politics political attitudes and behavior beyond voting social mobilization economic performance and development outcomes and social welfare and governance The Handbook shifts focus away from the Arab world as the barometer of politics in the Muslim world recognizing that the Islamic world spans several regions including Africa Southeast Asia South Asia and Central Asia This expanded geography enables a thorough investigation of which relationships if any hold across Muslim majority states in different regions of the world **Arab Spring-Arab Fall** Ayfer Erdogan, 2021-04-21 The popular protests in early 2011 were once seen as a turning point in the history of the Arab world raising hopes for democracy freedom and justice in the Middle East A decade after the uprisings these hopes are largely dashed in each country swept by popular protests with the exception of Tunisia Tunisia became the only democracy in the entire region while Egypt saw its first freely elected president and government thrown out by the army in a bloody coup which resulted in a regime that is no less authoritarian than Mubarak s This book provides a detailed analysis of the political economic and constitutional developments in Tunisia and Egypt In the light of the existing literature on comparative democratization the author explores why Egypt s path to democratization was eroded by several transitional actors while Tunisian political elite managed to move the country towards democracy The book centers its focus on the role of the political agents in designing the transition and explores the transitional period with respect to the interactions among the political elite and their cost benefit assumptions ideological interests as well as their commitment to democratic processes **Cuba Represent!** Sujatha Fernandes, 2006-10-25 An ethnographic consideration of why the Cuban government has allowed criticism of its policies to be expressed in Cuban film visual art and music over the past fifteen years Rethinking Statehood in the Middle East and North Africa Abel Polese, Ruth Hanau Santini, 2020-05-21 Alternative forms of government and statehood exist in the Middle East and North African regions The chapters in this volume demonstrate this and explore the notion of power from a non statist perspective highlighting the limits of states and their governance Using empirical evidence from Syria Libya Lebanon Tunisia Iraq Yemen and Mali the authors explore non standard cases where power may be retained by a state but must be

shared with a number of local actors resulting in limited statehood and hybrid governance which leads to competition and sharing of symbolic and political power within a state This book is intended to prompt a critical reflection on the meaning of governance It will illuminate informal structures which deserve attention when studying governance and power dynamics within a state or a region This book was originally published as a special issue of Small Wars Insurgencies **Tulsa Journal of Comparative & International Law** ,2005

The Top Books of the Year State Civil Society Relations In Syria The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. State Civil Society Relations In Syria : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
