Cabinet Mission (1946)

The British **Government**, now headed by Attlee of the Labour Party, was eager to solve the Indian problem, and hence, announced the appointment of a **Cabinet Mission**, consisting of three members— P Lawrence, Stafford Cripps and A V Alexander. The **Cabinet Mission** arrived in India and they found that the Congress and the Muslim League could not produce a **plan** through consensus. So, they announced their own **plan**, which proposed a **federal government** for the whole of India:

- The provinces would meet in three groups: north-west, east and the rest.
- Any province, if it so wanted to secede from the union, could do so after the first elections.
- The constitution of the union would be drawn up by a constituent assembly of 296 members, elected on communal basis by provincial assemblies and Indian states.
- An interim **government**, representing all parties, would be set up till transfer of power and the new constitution was launched.
