Urges Part Two The Urges Series English Edition:

The Urge to the Sea Robert Joseph Kerner, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1942 **The Urge to Splurge** Laura Byrne Paquet, 2003-10-31 Tracing the cultural evolution of shopping from outdoor bazaars to suburban malls this brazen look at the history and psychology of one of humankind's oldest pursuits considers the variety of reasons and excuses that drive the impulse to buy An opulent collection of shopping places are described including ancient markets covered arcades of 18th century France gallerias of 19th century Italy and megamalls of 1950s America Examples from literature and other sources explore the historically conflicted attitudes about shopping it seems that fashionistas have always fought over the trendiest hemlines and hats The development of buying options is detailed from mail order catalogs and Internet stores to retail districts and massive supermarkets **The Urge** Carl Erik Fisher, 2022-01-25 Named a Best Book of the Year by The New Yorker and The Boston Globe An authoritative illuminating and deeply humane history of addiction a phenomenon that remains baffling and deeply misunderstood despite having touched countless lives by an addiction psychiatrist striving to understand his own family and himself Carl Erik Fisher's The Urge is the best written and most incisive book I've read on the history of addiction In the midst of an overdose crisis that grows worse by the hour and has vexed America for centuries Fisher has given us the best prescription of all understanding He seamlessly blends a gripping historical narrative with memoir that doesn't self aggrandize the result is a full throated argument against blaming people with substance use disorder The Urge is a propulsive tour de force that is as healing as it is enjoyable to read Beth Macy author of Dopesick As a psychiatrist in training fresh from medical school Carl Erik Fisher found himself face to face with an addiction crisis that nearly cost him everything Desperate to make sense of his condition he turned to the history of addiction learning that our society's current quagmire is only part of a centuries old struggle to treat addictive behavior A rich sweeping account that probes not only medicine and science but also literature religion philosophy and public policy The Urge introduces us to those who have endeavored to address addiction through the ages and examines the treatments that have produced relief for many people the author included Only by reckoning with our history of addiction Fisher argues can we light the way forward for those whose lives remain threatened by its hold The Urge is at once an eye opening history of ideas a riveting personal story of addiction and recovery and a clinician's urgent call for a more nuanced and compassionate view of one of society's most intractable challenges The Irresistible Urge to Preach William H. Myers, 2015-12-17 This is a groundbreaking study in the African American religious experience Never before has there been a published collection of oral African American call stories that treats them as a genre worthy of scholarly analysis This volume of eighty six stories was collected in tape

recorded interviews over a six year period from 1985 to 1991. Significantly this unique in depth study represents at least eight different Christian denominations. Many of the men and women who share their call story in this volume are nationally and internationally known. *Christianity, Metaphor, and the Urge to Truth* Barry Stephenson, 2025-09-22. Christianity Metaphor and the Urge to Truth explores the role of metaphor in Christian thought. In it Barry Stephenson challenges the secularized consciousness that often dismisses symbolic thinking delving into foundational Christian concepts such as sin atonement Christology and divine violence through the lens of metaphor theory and philosophical anthropology. Drawing on the insights of Hans Blumenberg the book invites readers to reengage with the enduring relevance of religious ideas in a way that transcends rigid literalism offering a nuanced approach to understanding Christianity in the modern world. **The Implacable Urge to Defame** Matthew Baigell, 2017-04-13. From the 1870s to the 1930s American cartoonists devoted much of their ink to outlandish caricatures of immigrants and minority groups making explicit the derogatory stereotypes that circulated at the time. Members of ethnic groups were depicted as fools connivers thieves and individuals hardly fit for American citizenship but Jews were especially singled out with visual and verbal abuse. In *The Implacable Urge to Defame* Baigell examines more than sixty published cartoons from humor magazines such as *Judge Puck* and *Life* and considers the climate of opinion that allowed such cartoons to be published. In doing so he traces their impact on the emergence of anti-Semitism in the American Scene movement in the 1920s and 1930s. **The Altruistic Urge** Stephanie D. Preston, 2022-05-03. Ordinary people can perform acts of astonishing selflessness sometimes even putting their lives on the line. A pregnant woman saw a dorsal fin and blood in the water and dove right in to pull her wounded husband to safety. Remarkably some even leap into action to save complete strangers one New York man jumped onto the subway tracks to rescue a boy who had fallen into the path of an oncoming train. Such behavior is not uniquely human. Researchers have found that mother rodents are highly motivated to bring newborn pups not just their own back to safety. What do these stories have in common and what do they reveal about the instinct to protect others? In *The Altruistic Urge* Stephanie D. Preston explores how and why we developed a surprisingly powerful drive to help the vulnerable. She argues that the neural and psychological mechanisms that evolved to safeguard offspring also motivate people to save strangers in need of immediate aid. Eye catching dramatic rescues bear a striking similarity to how other mammals retrieve their young and help explain more mundane forms of support like donating money. Merging extensive interdisciplinary research that spans psychology neuroscience neurobiology and evolutionary biology Preston develops a groundbreaking model of altruistic responses. Her theory accounts for extraordinary feats of bravery all too common apathy and everything in between and it can also be deployed to craft more effective appeals to assist those in need. *The Taste of Champagne Urge* Lyndon Walters, 2014-06-13. It will be a Number 1 Book Seller around the world. Dawn Gobourne Librarian Marcus Garvey Library London. *The Taste of Champagne Urge* by Lyndon Walters needs to be given credit for attempting an unusual concept. The central plot is dreamt up by two brains. The

identity of the person in whose head the two brains reside is a mystery almost till the very end of the novel The authors aim with this book is to analyze human behavior definitely worth a read and I would recommend it to all readers Online Book Club What a fantastic work by Lyndon Walters I do honestly believe that this huge piece of writing would be turned to a futuristic movie series put together in one of the clearest contrast of writing in relating complex ideas and stories what a perfect way to narrate a story about Man Love Relationship Politics and Ruler ship in a dramatic and futuristic symbolism Godson Azu Writer and Commentator BenTV Freevoiceradio London Lyndon Walters debut novel is an unputdownable epic of gargantuan proportions literally and literarily a plot and diversions that take you on a rollercoaster of a narrative that is relentless in its grip To capture what its all about in a prcis would be like unlocking the secret of the universe in a sentence Cannot recommend it enough Dotun Adebayo BBC Radio The author effectively creates an alternate reality and through it challenges the audience to explore the things they often take for granted he cleverly creates a complex and complicated narrative and elevates the genre into one that will resonate with audiences of all stripes several similar books have been adapted and produced into films to both critical and financial successes including The Matrix and Cloud Atlas audiences around the world will one day enjoy The Taste of Champagne Urge Lawrence Koster Hollywood Treatment Film Screen Writer

Community and Society Ferdinand Toennies,C.P. Loomis,2017-07-12 This extraordinary prescient work by Ferdinand Toennies was written in 1887 for a small coterie of scholars and over the next fifty years continued to grow in importance and adherents Its translator into English Charles P Loomis well described it as a volume which pointed back into the Middle Ages and ahead into the future in its attempt to answer the questions What are we Where are we Whence did we come Where are we going If the questions seem portentous in the extreme the answers Toennies provides are modest and compelling Every major field from sociology to psychology to anthropology has found this to be a praiseworthy book The admirable translation by Professor Loomis did much to transfer praise for the Toennies text from the German to the English speaking world Now outfitted with a brilliant new opening essay by John Samples the author of a recent full scale biographical work on Toennies Community and Society is back in print a welcome reminder of the glorious past of German social science

English Dictionary, Explanatory, Pronouncing & Etymological ... John Ogilvie,1867 Still Straight Tony

Silva,2021-03-23 Why some straight men have sex with other men Why do some straight men in rural America have sex with other men In Still Straight Tony Silva convincingly argues that these men many of whom enjoy hunting fishing and shooting guns are not gay bisexual or just experimenting As he shows these men can enjoy a range of relationships with other men from hookups to sexual friendships to secretive loving partnerships all while strongly identifying with straight culture Drawing on riveting interviews with straight white men who live in rural America Silva explores the fascinating and unexpected disconnect between sexual behavior and identity Some use sex with men to bond with other men in an acceptably masculine way some are not particularly attracted to men but are wary of emotional attachment with women and others view sex with men as opposed to women as a more acceptable form of extramarital sexual behavior Taking us inside the lives of straight white men who have sex with other men Still Straight shows us that heterosexuality in rural America is not always in fact what it seems **Handbook of Homework Assignments in Psychotherapy** Nikolaos Kazantzis,Luciano

L'Abate,2006-12-11 The aim of this Handbook of Homework Assignments in Psychotherapy Research Practice and Prevention is to provide comprehensive resource on the role of homework assignments in psychotherapy and prevention However the process of generalizing in session therapeutic work through between session activity has a long history in psychotherapy This Handbook is designed to elucidate and extend that history by presenting theoretical and clinically focused descriptions of the role of homework assignments in a range of psychotherapies clinical populations and presenting principles Designed for both the beginning and the experienced psychotherapy practitioner this Handbook assumes a basic knowledge of psychopathology and practice of psychotherapy and prevention The Handbook aims to contribute to the professional resources for all psychotherapy practitioners and researchers in private and public practice graduate students in clinical and counseling psychology couples and family therapists as well as residents in psychiatry This book does not aim to review the theories of psychotherapy in detail specific treatments of psychopathology clinical assessment or basic psychotherapy and prevention processes that are currently available in numerous psychotherapy textbooks This Handbook is a clinical resource designed to provide a focused coverage of how to integrate homework assignments into psychotherapy practice and in the prevention of mental illness Outline for the Handbook This Handbook comprises four distinct parts **We Piano Teachers and Our Demons** Zecharia Plavin,2022-05-23 This book focuses on piano teachers and the many pains they encounter in their careers These pains play an essential role in blocking the musical inspiration of their students The author identifies with the

sensitivities of the teachers aiming at the inspiration permeated and safer playing of their students The book penetrates the protective mechanisms of the teachers that on the one hand maintain their professional functioning while on the other hand block refreshing ideas It combines exploration of secure and culturally informed inspired playing coping with exaggerated anxiety and understanding the interaction of piano actions with pianist s physiology This book helps to open teachers perceptions of the ways to enable more secure and more inspired performances while remembering the inner feelings of the piano teachers
