## Evidence for Evolution

Each station presents a different form of evidence we have gathered that supports Darwin's theory of natural selection and evolution. Read the information provided and respond to the questions below.

### Station 1: Fossil Record

1. What is meant by a "hole" in the fossil record?
2. Darwin described evolution as "descent with modification." Based on the diagrams shown, how does the fossil record support this theory? Use evidence to support your claim.

### Station 2: Analogous Structures

1. How do analogous structures provide evidence for evolution?
2. Using the information at this station, propose an explanation for why the three unrelated species look so similar.

### Station 3: Vestigial Structures

1. Why would we have structures in our body that are not useful?
