**House Document**, 1999 *That's Not What I Heard!* Dennison G. Rice, 2016-02-25 It's always about change and the futility of depending on people and circumstances not to change We take cold comfort in relying on maxims which insist that change can be controlled over time everything is supposed to get easier it doesn't small words are the easiest to understand they never are and hard work always pays off in the end rarely You may recall a time when you made a major decision worked through a difference of opinion or learned from others mistakes These stories and plays are a catalog of people in transition and a reminder that the questions in life never change but the answers are always different

**Living on the Spectrum** Elizabeth Fein, 2020-07-07 Honorable Mention 2020 Stirling Prize for Best Published Work in Psychological Anthropology given by the Society for Psychological Anthropology Honorable Mention New Millennium Book Award given by the Society for Medical Anthropology How youth on the autism spectrum negotiate the contested meanings of neurodiversity Autism is a deeply contested condition To some it is a devastating invader harming children and isolating them To others it is an asset and a distinctive aspect of an individual's identity How do young people on the spectrum make sense of this conflict in the context of their own developing identity While most of the research on Asperger's and related autism conditions has been conducted with individuals or in settings in which people on the spectrum are in the minority this book draws on two years of ethnographic work in communities that bring people with Asperger's and related conditions together It can thus begin to explore a form of autistic culture through attending to how those on the spectrum make sense of their conditions through shared social practices Elizabeth Fein brings her many years of experience in both clinical psychology and psychological anthropology to analyze the connection between neuropsychological difference and culture She argues that current medical models which espouse a limited definition are ill equipped to deal with the challenges of discussing autism related conditions Consequently youths on the autism spectrum reach beyond medicine for their stories of difference and disorder drawing instead on shared mythologies from popular culture and speculative fiction to conceptualize their experience of changing personhood In moving and persuasive prose *Living on the Spectrum* illustrates that young people use these stories to pioneer more inclusive understandings of what makes us who we are
