Pop Showcase for Strings (Violin 1) Jack Bullock, 2001-08-17 Pop Showcase for Strings for solo or string orchestra is a collection of 13 popular songs that can be played as a solo with piano or with a string orchestra Each selection is presented in two arrangements a solo and a complete string orchestra piece The solo section is written so that it can be played as a solo or in unison or octaves together by any ensemble including the entire orchestra with or without piano accompaniment The arrangement for string orchestra that follows uses the same rhythms and melodic lines included in the solo section The first song can be played after the first six notes are learned in any string method and the pieces progress to about a level two These arrangements are excellent supplements for enhancing any student's knowledge of popular music from the 20th century and are great concert material Titles Augie's Great Municipal Band Eye of the Tiger Blue Tango All I Want for Christmas Is My Two Front Teeth Theme from Ice Castles Through the Eyes of Love Meet the Flintstones The Rose This Is It I'm Walkin' Merrily We Roll Along Animaniacs Star Wars Main Theme Theme from Superman **All Music Guide to**

Classical Music Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original Postclassical Violin - Book

1 Charlie McCarthy, 2020-10-01 An instruction manual for the modern violinist in how to improvise solo and accompaniment lines over jazz and folk music Postclassical is a term used to describe music genres and musicality which players investigate after a prolonged period or immersed career of playing exclusively classical music It is a great way to utilise your existing knowledge and technique in other genres The objective of this book is to guide string players through a structured and sequenced path to becoming a more fluent improviser and a more effective ensemble member You will achieve this by also expanding your role as an accompaniment instrument in an ensemble setting This book is aimed at players who are already reasonably fluent with their instrument and musical vernacular and who can read sheet music chord charts and lead sheets There are eighty tunes from the swing Manouche style used in this system the idea being that you increase your repertoire whilst developing your knowledge of playing through this genre It is essential to learn and memorise the chord progression and form of each tune BEFORE you memorise the melody If you only learn the melody then you only know half of the tune Be like a conductor be aware of what everyone in the band is doing what all the other roles are in a tune Immerse yourself in a genre and remember you are what you listen to The skills presented are not specific to jazz These concepts are easily transferrable to bluegrass old timey swing folk trad and other genres with elements of spontaneous creativity and mixed instrumentation I chose Manouche jazz as the medium for these techniques as I have the most experience in this genre and there is an abundance of repertoire and recordings As a style it features the violin quite prominently it is great fun to learn about and play and I really enjoy it *Classical Music For Dummies* David Pogue, Scott Speck, 2015-07-07 Haydn
