*Star Trek: A Time To Sow* Kevin Dilmore, Dayton Ward, 2012-10-16 Centuries ago a hardy band of survivors fleeing a planetary catastrophe took refuge in the inhospitable asteroid belt Struggling for years to make what had once been short-term mining settlements into suitable colonies for permanent civilization eventually they succeeded all too well and their thriving population is approaching critical mass Now they must make a choice to go on as they are on the crowded but functional asteroids or to give up all they have worked for in a desperate plan to rebuild their dead home planet Their dilemma has brought them to the brink of civil war and into this volatile standoff comes the Enterprise assigned a seemingly meaningless mission to chart this sector of space Faced with an advanced society on the verge of self-destruction it is up to the Enterprise still carrying the weight of her demotion and disgrace to find a way to lead the survivors to peace
