like climbing a mountain just maybe more treacherous I say this as I have spent years as a backpacker and entrepreneur
While hiking through the Alaskan Tundra I feared brown bears and crevasses Yet nothing prepared me for the responsibility
of payroll for over 200 families relying on my business plan to feed their children Unlike traditional software the mere smell
of hardware sensors and robot gearing sends shivers through most investors with red flags arising from the perceived capital
inefficiencies and intense research and development This is coupled with a high talent requirement before launching even a
minimum viable product as these inventions demand a cross section of skills mechanical electrical and software engineering
To set out on the trail of uncrewed success machine inventors and founders require a detailed field guide to meet customer
demand and financing objectives My goal for this book is to help you at a pivotal point in your ideation process and at the
same time introduce you to a cadre of potential mentors Through interviews with some of the most respected luminaries in
this field I aim to help fortify your resolve to follow your passions and build a billion dollar company The chapters of this book

Startup Boards Brad Feld, Mahendra Ramsinghani, 2013-12-09 An essential guide to understanding the dynamics of a startup's board of directors Let's face it as founders and entrepreneurs you have a lot on your plate getting to your minimum viable product developing customer interaction hiring team members and managing the accounts books Sooner or later you have a board of directors three to five or even seven Type A personalities who seek your attention and at times will tell you what to do While you might be hesitant to form a board establishing an objective outside group is essential for startups especially to keep you on track call you out when you flail and in some cases save you from yourself

In Startup Boards Brad Feld a Boulder Colorado based entrepreneur turned venture capitalist shares his experience in this area by talking about the importance of having the right board members on your team and how to manage them well Along the way he shares valuable insights on various aspects of the board including how they can support you help you understand your startup's milestones and get to them faster and hold you accountable Details the process of choosing board members including interviewing many people checking references and remembering that there should be no fear in rejecting a wrong fit Explores the importance of running great meetings mixing social time with business time and much more Recommends being a board member yourself at some other organization so you see the other side of the equation

Engaging and informative Startup Boards is a practical guide to one of the most important pieces of the startup puzzle

The Innovator's Method Nathan Furr, Jeff Dyer, 2014-08-19 Have you ever come up with an idea for a new product or service but didn't take any action because you thought it would be too risky Or at work have you had what you thought could be a big idea for your company perhaps changing the way you develop or distribute a product provide customer service or hire and train your employees If you have but you haven't known how to take the next step you need to understand what the authors call the innovator's method a set of tools emerging from lean start up design thinking and agile software development that are revolutionizing how new ideas are created refined and brought to market To date these tools have helped entrepreneurs designers and software developers manage uncertainty through cheap and rapid experiments that systematically lower failure rates and risk But many managers and leaders struggle to apply these powerful tools within their organizations as they often run counter to traditional managerial thinking and practice

Authors

Nathan Furr and Jeff Dyer wrote this book to address that very problem Following the breakout success of The Innovator's DNA which Dyer wrote with Hal Gregersen and bestselling author Clay Christensen to provide a framework for generating ideas this book shows how to make those ideas actually happen to commercialize them for success Based on their research inside corporations and successful start ups Furr and Dyer developed the innovator's method an end to end process for creating refining and bringing ideas to market They show when and how to apply the tools of their method how to adapt them to your business and how to answer commonly asked questions about the method itself including How do we know if this idea is worth pursuing Have we found the right solution What is the best business model for this new offering This book focuses on the how how to test how to validate and how to commercialize ideas with the lean design and agile techniques successful start ups use Whether you're launching a start up leading an established one or simply working to get a new product off the ground in an existing company this book is for you All Money Is Not Created Equal David

If Owen Chase can't find a way to turn his company around in the next nine days he'll be forced to shut it down and lay off all of his employees He has incurred substantial debt and his marriage is on shaky ground Through pure happenstance Owen finds himself pondering this problem while advancing steadily as a contestant at the World Series of Poker His Las Vegas path quickly introduces him to Samantha a beautiful and mysterious mentor with a revolutionary approach to entrepreneurship Sam is a fountain of knowledge that may save his company but her sexual advances might prove too much for Owen's struggling marriage All In Startup is more than just a novel about eschewing temptation and fighting to save a company It is a lifeline for entrepreneurs who are thinking about launching a

new idea or for those who have already started but can't seem to generate the traction they were expecting. Entrepreneurs who achieve success in the new economy do so using a new scientific method of innovation. All In Startup demonstrates why four counterintuitive principles separate successful entrepreneurs from the wannabe entrepreneurs who bounce from idea to idea, unable to generate real revenue. You will likely get only one opportunity in your life to go all in on an idea to quit your job, talk your spouse into letting you drain the savings account and follow your dream. All In Startup will prepare you for that all-in moment and make sure that you push your chips into the middle only when the odds are in your favor. This book holds the keys to significantly de-risking your idea so that your success appears almost lucky. Join Owen and Sam for this one-of-a-kind journey that will set you on the right path for when it's your turn to put everything on the line.
