New Directions in Assessing Historical Thinking Kadriye Ercikan, Peter Seixas, 2015-02-20 New technologies have radically transformed our relationship to information in general and to little bits of information in particular The assessment of history learning which for a century has valued those little bits as the centerpiece of its practice now faces not only an unprecedented glut but a disconnect with what is valued in history education More complex processes historical thinking historical consciousness or historical sense making demand more complex assessments At the same time advances in scholarship on assessment open up new possibilities For this volume Kadriye Ercikan and Peter Seixas have assembled an international array of experts who have collectively moved the fields of history education and assessment forward Their various approaches negotiate the sometimes conflicting demands of theoretical sophistication empirically demonstrated validity and practical efficiency Key issues include articulating the cognitive goals of history education the relationship between content and procedural knowledge the impact of students language literacy on history assessments and methods of validation in both large scale and classroom assessments *New Directions in Assessing Historical Thinking* is a critical research oriented resource that will advance the conceptualization design and validation of the next generation of history assessments

Building a Learning Culture in America Kevin Chavous, 2017-07-05 *Building a Learning Culture in America* takes an incisive no holds barred look at how America embraced and cultivated a culture of learning in the past how that culture declined in the sixties and seventies and what must be done to regain it From political gridlock to systemic discrimination Chavous details the many ways education today is off track and cites specific examples of what Americans might do to reform it Part memoir and part manifesto this is a frank fascinating and personal account of Chavous experience as a politician working to enact school choice in Washington DC and throughout

the United States During the course of his political career he has seen political skirmishes and party scuffles interfere with the United States ability to improve its educational system These conflicts did not cause the problem they were merely a result The true problem was more basic the decline of America s learning culture This pivotal work calls for Americans to unite in making the changes needed to re establish a learning culture as an inherent piece of the American national fabric and tells us how to begin
