Brief Views of United States History Anna M. Juliand,1892

The Publishers' Trade List Annual ,1882

History Lessons S.G. Grant,2014-04-04 In this book extended case studies of two veteran teachers and their students are combined with the extant research literature to explore current issues of teaching learning and testing U S history It is among the first to examine these issues together and in interaction While the two teachers share several similarities the teaching practices they construct could not be more different To explore these differences the author asks what their teaching practices look like how their instruction influences their students understandings of history and what role statewide exams play in their classroom decisions History Lessons Teaching Learning and Testing in U S High School Classrooms is a major contribution to the emerging body of empirical research in the field of social studies education chiefly in the subject area of history which asks how U S students make sense of history and how teachers construct their classroom practices Three case study chapters are paired with three essay review chapters intended to help readers analyze the cases by looking at them in the context of the current research literature Two concluding chapters extend the cases and analyses the first looks at how and why the teachers profiled in this book construct their individual teaching practices in terms of three distinct but interacting sets of influences personal organizational and policy factors the second explores the prospects for promoting what the author defines as ambitious teaching and learning Many policymakers assume that standards based reforms support the efforts of

ambitious teachers but until we better understand how they and the students in their classes think and act that assumption is hollow at best This book is a must have for faculty and students in the field of social studies education and broadly relevant across the fields of curriculum studies and educational policy **The School Bulletin and New York State Educational Journal** ,1904 *The United States Catalog* ,1903 **Teaching the Tough Issues** Jacqueline Darvin,2015 Teaching the Tough Issues introduces a groundbreaking teaching method intended to help English social studies and humanities teachers address difficult or controversial topics in their secondary classrooms Because these issues are rarely addressed in teacher preparation programs few teachers feel confident facilitating conversations around culturally and politically sensitive issues in ways that honor their diverse students voices and lead to critical transformative thinking The author describes a four step method to help teachers structure discussions and written assignments while concurrently assisting them in addressing Common Core State Standards Designed to aid students in both developing their own viewpoints on contentious issues and in actively critiquing those of their teachers and peers these practices will enhance any humanities curriculum Book Features Offers guidance for exploring difficult and or controversial aspects of course content Provides an excellent means of differentiating instruction and promoting critical literacy Helps teachers to foster positive behavior and decision making with their students Enables students to improve their reading writing speaking listening and observation skills Assists teachers in attaining the CCSS and other curricular mandates in their secondary humanities classrooms Darvin has provided us all with a powerful tool for guiding students as they explore their identity unafraid to explore what it means to be human From the Foreword by Douglas Fisher professor of educational leadership San Diego State University Darvin takes on the big important issues in adolescents lives that often go unaddressed in most classrooms With an equal balance of sensitivity and directness she exhorts teachers to name deconstruct and think curricularly about the cultural and political forces influencing and being influenced by today s youth William Brozo professor of literacy George Mason University author of Wham Teaching with Graphic Novels Across the Curriculum
