Challenging the One Best System Katrina E. Bulkley, Julie A. Marsh, Katharine O. Strunk, Douglas N. Harris, Ayesha K. Hashim, 2021-02-04 In Challenging the One Best System a team of leading education scholars offers a rich comparative analysis of the set of urban education governance reforms collectively known as the portfolio management model They investigate the degree to which this model a system of schools operating under different types of governance and with different degrees of autonomy challenges the standard structure of district governance famously characterized by David Tyack as the one best system The authors examine the design and enactment of the portfolio management model in three major cities New Orleans Los Angeles and Denver They identify the five interlocking mechanisms at the core of the model planning and oversight choice autonomy human capital and school supports and show how these are implemented differently in each city Using rich qualitative data from extensive interviews the authors trace the internal tensions and tradeoffs that characterize these systems and highlight the influence of historical and contextual factors as well Most importantly they question whether the portfolio management

model represents a fundamental restructuring of education governance or more incremental change and whether it points in the direction of meaningful improvement in school practices Drawing on a rigorous multimethod study Challenging the One Best System represents a significant contribution to our understanding of system level change in education **Misguided Notions** Garrett Williams,2011-07-22 Americas public schools are in decline and in need of urgent reform Once the envy of the entire world the American public school system now struggles to keep pace with other industrialized nations and is falling further behind with each passing decade This disturbing trend raises two important questions Why did our schools decline What must we do to make our schools great again To answer these questions Misguided Notions goes back to the roots of human civilization and retraces the development of education over the last ten thousand years Along the way a wise reformer offers warnings based on his eyewitness accounts of the collapses of historys greatest civilizations The evidence is clear when schools discard tried and proven principles of education and when society abandons its core values both will collapse The commonsense solutions offered in Misguided Notions combine proven old school educational principles with the advantages of modern technology Teachers principals school board members parents community leaders and politicians perplexed by the lack of answers to the current dilemma in public education can find enlightenment in Misguided Notions

Two Nobodies Speak Out Sheldon Marcus,Philip D. Vairo,2011-10-01 This book traces the journey of two individuals who have spent their lives on both sides of the teacher professor s desk Between them they went from attending kindergarten to being a college president and in that journey they held positions ranging from classroom teacher in the New York City public schools every rank of the professorial ladder to almost every administrative position available in a university In their book Marcus and Vairo are totally candid in relating their experiences in their various roles They are highly opinionated but these opinions are based on the realities they encountered with students and colleagues at all levels of education This book utilizes vignettes as well as commentaries to tell a story of two educators who have worked at every part of the United States There is little that has happened in education since the 1940 s down to the present day that is not touched on in this book Marcus and Vairo are insiders with no ax to grind They tell the truth as they see it **Profile of Contributors to the American**
