Gordon Melton, Martin Baumann, 2010-09-21 This masterful six volume encyclopedia provides comprehensive global coverage of religion emphasizing larger religious communities without neglecting the world s smaller religious outposts Religions of the World Second Edition A Comprehensive Encyclopedia of Beliefs and Practices is an extraordinary work bringing together the scholarship of some 225 experts from around the globe The encyclopedia s six volumes offer entries on every country of the world with particular emphasis on the larger nations as well as Indonesia and the Latin American countries that are traditionally given little attention in English language reference works Entries include profiles on religion in the world s smallest countries the Vatican and San Marino profiles on religion in recently established or disputed countries Kosovo and Nagorno Karabakh as well as profiles on religion in some of the world s most remote places Antarctica and Easter Island Religions of the World is unique in that it is based in religion on the ground tracing the development of each of the 16 major world religious traditions through its institutional expressions in the modern world its major geographical sites and its major celebrations Unlike other works the encyclopedia also covers the world of religious unbelief as expressed in atheism humanism and other traditions

The Global Victimization of Children Clayton A. Hartjen, S. Priyadarsini, 2012-01-12 This book describes the concept of child victimization in all its facets Millions of young people throughout the world face violence sexual physical and emotional abuse and exploitation on a daily basis The worldwide victimization of young people can be prevented or at least its incidence can be greatly reduced if purposeful action is taken to do so This volume researches and documents some of the ways in which young people throughout the world are victimized and suggests strategies for preventing various forms of child victimization Eight distinct forms of victimization are identified and analyzed in detail Included are discussions on child prostitution and pornography economic exploitation through child labor and trafficking physical and other abuse inflicted on young people in schools and other institutions the use of children as armed combatants and the denial of the basic needs and rights of children to such things as home and to education In each chapter the authors discuss the nature of the victimization its global dimensions and prevalence and the measures governments and or others are taking or failing to take to combat the harm based on the concept that youth victimization is a form of government crime

Public Health in Sub-Saharan Africa John Fulton, Philip Emeka Anyanwu, Catherine Hayes, Jonathan Ling, 2024-10-07 This fascinating collection shines a social epidemiological spotlight on the key public health issues affecting sub Saharan Africa today Beginning with the legacy of colonial rule this book outlines the complex interplay between population health

and a range of social economic and cultural factors It shows how social epidemiological methods can offer a deeper understanding of population health and features chapters on a range of infectious diseases that continue to have a devastating impact on the region including Sickle Cell Disease HIV AIDS Leprosy and Ebola The final section of this book includes a series of case studies in which social epidemiological methods have been used to explore specific public health issues Providing a timely overview of the relationship between social systems and human biology in the region this important book will interest students and researchers across Public Health Medicine and African Studies
