

The background of the entire image is a dramatic, high-contrast scene. It depicts a city street at night or dusk, with trees lining the sidewalks. In the distance, a large building is engulfed in bright orange and yellow flames. A lone figure, seen from behind, is walking away from the viewer down the center of the street, towards the burning city. The overall atmosphere is one of desolation and impending doom.

Moreman,2018-07-13 With the increased popularity of

zombies in recent years scholars have considered why the undead have so captured the public imagination This book argues

that the zombie can be viewed as an object of meditation on death a memento mori that makes the fact of mortality more approachable from what has been described as America's death denying culture The existential crisis in zombie apocalyptic fiction brings to the fore the problem of humanity's search for meaning in an increasingly global and secular world Zombies are analyzed in the context of Buddhist thought in contrast with social and religious critiques from other works **Undead Ends** S. Trimble, 2019-05-03 Undead Ends is about how we imagine humanness and survival in the aftermath of disaster This book frames modern British and American apocalypse films as sites of interpretive struggle It asks what exactly is ending Whose dreams of starting over take center stage and why And how do these films sometimes in spite of themselves make room to dream of new beginnings that don't just reboot the world we know Trimble argues that contemporary apocalypse films aren't so much envisioning The End of the world as the end of a particular world not The End of humanness but rather the end of Man Through readings of The Road I Am Legend 28 Days Later 28 Weeks Later Children of Men and Beasts of the Southern Wild this book demonstrates that popular stories of apocalypse can trouble rather than reproduce Man's story of humanness With some creative re-reading they can even unfold towards unexpected futures Mainstream apocalypse films are in short an occasion to imagine a world After Man Heroes, Zombies, and Sausages (A Sampler) Hachette Assorted Authors, 2011-01-15 Included in this compilation of samples from our upcoming titles for Winter Spring 2011 is a wide array of Science Fiction and Fantasy titles for every reader All types of mythical beasts and villains abound including vampire assassins stalking the canals of Venice in Jon Courtenay Grimwood's The Fallen Blade zombie infestations everywhere in Jesse Petersen's Flip this Zombie and of course a mysterious if somewhat confused pig in Tom Holt's hilarious Life Liberty and the Pursuit of Sausages Also Gail Z Martin returns to the world of The Summoner in a new series starting with The Sworn Joe Abercrombie takes us down into the dirt and blood of a battlefield and shows us all the true face of heroism in The Heroes And finally the urban fantasists are back with the new Matthew Swift book from Kate Griffin The Neon Court the next entry in Trent Jamieson's Death Works series with Managing Death Sabina Kane's return in Green Eyed Demon by Jaye Wells and a special treat the entire Dante Valentine series in one volume from Lilith Saintcrow **Viral Modernism** Elizabeth Outka, 2019-10-22 The influenza pandemic of 1918-1919 took the lives of between 50 and 100 million people worldwide and the United States suffered more casualties than in all the wars of the twentieth and twenty-first centuries combined Yet despite these catastrophic death tolls the pandemic faded from historical and cultural memory in the United States and throughout Europe overshadowed by World War One and the turmoil of the interwar period In Viral Modernism Elizabeth Outka reveals the literary and cultural impact of one of the deadliest plagues in history bringing to light how it shaped canonical works of fiction and poetry Outka shows how and why the contours of modernism shift when we account for the pandemic's hidden but widespread presence She investigates the miasmatic manifestations of the pandemic and its spectral dead in interwar Anglo-American literature uncovering the traces of an outbreak that brought a nonhuman invisible horror
