Handbook on Planning and Climate Change Adaptation Patrick Brandful Cobbinah, Michael Addaney, 2025-08-11 This timely Handbook explores how planning can be used as a mechanism a tool and a process to sustainably manage the impacts of climate change Conceptually grounded in the planning and climate change literature it illustrates the different capabilities and inadequacies of planning in addressing climate change adaptation

International Business, International Adaptation Shad Morris, James Oldroyd, 2023 With the incisive and comprehensive exploration of international business in the modern world in this edition of International Business an accomplished team of educators and business practitioners delivers a revitalized approach to the discipline that brings international business to life This edition of the book includes one of a kind chapters on sustainability poverty and innovation as well as explorations of the COVID 19 pandemic and its effects on commerce the business implications of social and civic justice race and inequality debates and new case studies including one on equity diversity and inclusion at Microsoft The book efficiently prepares students for the global economy and transforms the authors impressive international experience at multinational corporations into an indispensable pedagogical resource This international adaptation further strengthens the bond between the readers and the contemporary world of international business through the introduction of new case studies caselets illustrations and exhibits related to India Australia bilateral trade association solar mamas of Sudan evolution of Islamic banking in Tanzania McDonald s kosher menu in Israel and so on It takes us through the emerging factors affecting the international business such as digital transformation and global supply chain strategies post COVID 19 Critical thinking questions added at the end of each chapter will encourage the students to think analytically and delve deeper into the topic

Inflation Mark Blyth, Nicolò Fraccaroli, 2025-05-06 One of the Financial Times s Best Summer Books of 2025 An essential dose of clear thinking on one of the most contentious issues in economic policy Adam Tooze A fresh revealing and myth busting guide to the ins and outs of inflation from two leading political economists Inflation is back and its impact can be felt everywhere from the grocery store to the mortgage market to the results of elections around the world What s more tariffs and trade wars threaten to accelerate inflation again Yet the conventional wisdom about inflation is stuck in the past Since the 1970s there has only really been one playbook for fighting inflation raise interest rates thereby creating unemployment and a recession which will lower prices But this simple story hides a multitude of beliefs about why prices go up and how policymakers can wrestle them back down beliefs that are often wrong damaging and have little empirical basis Leading political economists Mark Blyth and Nicol Fraccaroli reveal why inflation really happens challenge how we think about it and argue for fresh approaches to combat it With accessible and engaging commentary and a good dose of humor Blyth and Fraccaroli bring the complexities of economic policy and inflation indices down to earth Policymakers around the world may have pulled off a so called soft landing but Inflation warns they must update their thinking Now tariffs climate shocks demographic change geopolitical tensions and

politicians promising to upend the global order are all combining to create a more inflationary future making a new paradigm for understanding inflation urgently necessary Astute timely and engaging Inflation is a must read for anyone seeking to understand the forces shaping our economy and politics *ICICKM 2017 14th International Conference on Intellectual Capital Knowledge Management & Organisational Learning* Prof. Eric Tsui ,Prof. Benny Cheung,2017-07-12 International Business Shad Morris,James Oldroyd,2020-07-21 Leveraging their extensive background at multi national corporations co authors Shad Morris and James Oldroyd created an International Business course that is current concise and easy to implement As instructors themselves the authors focused on engaging pedagogy that prepares students for the global marketplace and created interactive resources to deepen the learning experience This second edition of International Business includes extensive updates including coverage on important topics like COVID 19 Brexit and the US China trade war Additionally the WileyPLUS course provides just in time resources like chapter introductory videos whiteboard animations cases case application problems adaptive practice and more to help students apply their learning and think critically Quality in African Higher Education ,2025-05-19 This book examines quality higher education as a stimulus for sustainable development in selected regions of Africa Its underlying principle flaunts quality higher education as indispensable for sustainable development The first part of the florilegium discusses the context and need for sustainable development using higher education as an impetus The second part focuses on quality assurance processes and mechanisms for enhancing higher education to drive sustainable development in the continent The book will ignite interest among researchers and protagonists of higher education education management and sustainable development Contributors are Christopher Mukidi Acaali Benjamin Ahimbisibwe Arlinda Manuela dos Santos Cabral Samwel Credo Rajkumar Durairaj John Michael Etoru Nangula Iipumbu Joseph Iyanda Ngepathimo Kadhila Stella Maris Kamanzi Ambrose T Kessy Alfred Kirigha Kitawi James Lam Lagoro Gilbert Likando Felichesmi S Lyakurwa Janeth Jonathan Marwa Kennerth Matengu Lazarus Nabaho Peter Neema Abooki John Nyambe Dino Raja Adebayo Tajudeen Sanni Itumeleng I Setlhodi Tibs Jimmy Tumwesigye and Mumbi Maria Wachira **Financial Inclusion and Digital Transformation Regulatory Practices in Selected SADC Countries** Howard Chitimira,Tapiwa Victor Warikandwa,2023-03-28 This book investigates the regulation and promotion of financial inclusion and provides a comparative analysis of the regulation promotion and enforcement of the relevant laws in the SADC in particular South Africa Namibia Botswana and Zimbabwe as well as the challenges of financial inclusion In turn it evaluates financial inclusion in the context of specific challenges faced by unbanked and underbanked customers who are easy targets for cyber criminals because they tend to have lower levels of digital literacy The book presents novel discussions that identify the challenges and flaws associated with the enforcement of financial inclusion laws and related measures intended to promote financial inclusion in the SADC region This is primarily done in order to reveal the current strengths and weaknesses of financial inclusion laws in relation to certain aspects of the companies securities and

financial markets in the region For example there is no common financial inclusion instrument law that is effectively and uniformly applied throughout the SADC This has impeded the enforcement authorities efforts to effectively combat financial exclusion across the region The book is likely the most comprehensive study to date on the regulation and promotion of financial inclusion in the SADC region and fills a major gap in SADC and African legal jurisprudence As such it offers a valuable asset for policymakers attorneys bankers securities share holders and other market participants who deal with financial inclusion as well as undergraduate and graduate students interested in the topic Keeping the Republic Christine Barbour, Gerald C. Wright, 2016-11-19 This refreshed and dynamic Eighth Edition of Keeping the Republic revitalizes the twin themes of power and citizenship by adding to the imperative for students to navigate competing political narratives about who should get what and how they should get it The exploding possibilities of the digital age make this task all the more urgent and complex Christine Barbour and Gerald Wright the authors of this bestseller continue to meet students where they are in order to give them a sophisticated understanding of American politics and teach them the skills to think critically about it The entire book has been refocused to look not just at power and citizenship but at the role that control of information and its savvy consumption play in keeping the republic Free Market Environmentalism for the Next Generation T. Anderson, D. Leal, 2015-02-04 This book provides a vision for environmentalism s future based on the success of environmental entrepreneurs around the world The work provides the next generation of environmental market ideas and the chapters are co authored with young scholars and policy analysts who represent the next generation of environmental leaders *The Routledge Handbook of the Political Economy of the Environment* Éloi Laurent, Klara Zwickl, 2021-10-27 Featuring a stellar international cast list of leading and cutting edge scholars *The Routledge Handbook of the Political Economy of the Environment* presents the state of the art of the discipline that considers ecological issues and crises from a political economy perspective This collective volume sheds new light on the effect of economic and power inequality on environmental dynamics and conversely on the economic and social impact of environmental dynamics The chapters gathered in this handbook make four original contributions to the field of political economy of the environment First they revisit essential concepts and methods of environmental economics in the light of their political economy Second they introduce readers to recent theoretical and empirical advances in key issues of political economy of the environment with a special focus on the relationship between inequality and environmental degradation a nexus that has dramatically come into focus with the COVID crisis Third the authors of this handbook open the field to its critical global and regional dimensions global issues such as the environmental justice movement and inequality and climate change as well as regional issues such as agriculture systems air pollution natural resources appropriation and urban sustainability Fourth and finally the work shows how novel analysis can translate into new forms of public policy that require institutional reform and new policy tools Ecosystems preservation international climate negotiations and climate mitigation policies all have a strong distributional

dimension that chapters point to Pressing environmental policy such as carbon pricing and low carbon and energy transitions entail numerous social issues that also need to be accounted for with new analytical and technological tools This handbook will be an invaluable reference research and teaching tool for anyone interested in political economy approaches to environmental issues and ecological crises
