Study on impacts of farmer-led research supported by civil society organizations Wettasinha, C., Waters-Bayer, A., van Veldhuizen, L., Quiroga, G., Swaans, K., 2015-01-15 Decades of scientific research related to agriculture and natural resource management have

brought limited benefits to smallholder farmers including crop farmers fishers livestock keepers and other resource users Therefore donors policymakers and civil society organizations CSOs such as farmer organizations and nongovernmental organizations NGOs are urging the formal research sector to make its work more useful to smallholder farmers Many institutions of agricultural research and development are now seeking ways to engage more closely with smallholders in order to conduct research that is more relevant for and accessible to them and are seeking examples and good practices as sources of learning Some examples of research that is focused on smallholders and in which the process is co managed and driven by smallholders can be found in informal research initiatives specifically those which are facilitated by CSOs The purpose of this study was to identify such examples of informal agricultural research and development that could be documented and thus made accessible to formal researchers This report also describes farmer led research findings and their dissemination and analyzes available evidence on the impact of farmer led approaches to agricultural research and development on rural livelihoods local capacity to innovate and adapt and influence on governmental institutions of agricultural research and development

The Impact of Inflation and Monetary Policy Shocks on Stock Market Performance in Zimbabwe Mkhululi Ncube, 2024-05-16 Bachelor Thesis from the year 2023 in the subject Economics Finance grade Distinction National University of Science Technology Zimbabwe Finance language English abstract This study examines the impact of inflation and monetary policy shocks on stock market performance in Zimbabwe from 2000 to 2022 The study analyzes the relationship between different variables regression using data obtained from the Zimbabwe Stock Exchange ZSE returns inflation rates obtained from the Zimbabwe National Statistics Agency ZIMSTAT and interest rates obtained from the Reserve Bank of Zimbabwe In this regression ZSE returns are the dependent variable while inflation and interest rates are the independent variables The research findings suggest that inflation has a negative impact while monetary policy shocks have a positive impact on stock market performance in Zimbabwe The study finds that inflation has a significant and persistent negative effect on stock market returns with a one standard deviation shock in inflation leading to a significant decline in stock market returns Moreover the study identifies that monetary policy shocks such as changes in interest rates have a significant impact on stock market returns but the effect is less pronounced compared to inflation in Zimbabwe Furthermore the study examines the transmission channels through which monetary policy shocks affect the stock market in Zimbabwe The results suggest that changes in interest rates affect the stock market mainly through their impact on inflation expectations and exchange rates This highlights the importance of considering both monetary and macroeconomic factors when analyzing the impact of monetary policy on the stock market in Zimbabwe The study concludes that high inflation rates and frequent monetary policy interventions have a detrimental effect on stock market performance in Zimbabwe The findings of this research are relevant to investors policymakers and analysts who are interested in understanding the relationship between inflation monetary policy and stock market performance in Zimbabwe The study also analyzed the impact of GDP

and exchange rate as control variables on stock market performance The results suggested that changes in exchange rates have a negative impact on stock market returns GDP have a negative impact The joint impact of inflation and monetary policy shocks was also found to be significant indicating that both variables affect stock returns

New Leaders, New Dawns? Chris Brown, David Moore, Blair Rutherford, 2022-06-17 In late 2017 and early 2018 South Africa and Zimbabwe both experienced rapid and unexpected political transitions In Zimbabwe Robert Mugabe the only leader the country had ever known was replaced in a soft coup by his erstwhile vice president Emmerson Mnangagwa Over a twelve day period in February 2018 South African president Jacob Zuma was prematurely forced from office by his former deputy

president Cyril Ramaphosa The widespread popular rejoicing that accompanied their arrival compounded the shock of these sudden transitions New Leaders New Dawns explores these political transitions and the way they were received Contributors consider how the former liberation heroes Mugabe and Zuma could have fallen so low the underlying reasons for their ouster what happened to their liberation movements turned ruling parties and perhaps most importantly what the rise to power of Ramaphosa and Mnangagwa foreshadowed Bringing together fourteen leading international scholars of southern Africa and adopting a political economy framework this volume argues that the changes in leadership are welcome but insufficient While the time had come for Zuma and Mugabe to go there is little in the personal histories or early policy actions of Ramaphosa and Mnangagwa that suggests they will be capable of addressing the profound social economic and political problems both countries face New Leaders New Dawns reveals that despite what these new leaders may have promised a new dawn has not yet arrived in southern Africa Tri-level Identity Crisis Tapiwa N. Mucherera,Chris Kiesling,Anne Kiome Gatobu,2020-07-31

This text captures the profound unacknowledged crisis that is unique to children of first generation immigrants by virtue of their being caught in a world of their parents culture of origin and their social experience in the United States The book makes the case for three levels of adolescent crisis unique to this population namely the general developmental crisis experienced by all adolescents as articulated by developmental theories the cultural identity crises experienced by ethnic minority persons as they encounter the layered racialization of American history and finally the unique crisis that arises from conflicting cultural values and morals when first generation immigrant parents wanting to preserve native values clash with their children who seek belonging in the Western context in which they currently reside The book traces the psychological emotional and social roots of the crisis The authors representing immigrants from different continents portray the unique ethnic minority challenges they encounter in coming to the US exemplifying further the tri level crisis Finally the book offers ways that parents can be proactive in helping their children navigate the potential tri level crisis through ITAV It Takes a Village camps and family palavers

Achieving a nutrition revolution for Africa Hendriks, Sheryl L.,2016-10-17 Focusing the 2015 Annual Trends and Outlook Report ATOR on nutrition will contribute to a broader understanding of the critical role of nutrition in achieving international continental and national economic growth targets through agriculture food security and nutrition This report presents information and analysis in support of evidence based policy making that should inform the second generation of CAADP national investment plans now being developed This is an important moment for shaping the region s future and ensuring that the much needed agriculture led growth and development agenda can simultaneously deliver on improving nutrition saving lives improving productivity and health and curbing nutrition related diseases and the associated public health expenditures These investment plans should address not only the usual elements of undernutrition but also widespread micronutrient deficiencies termed hidden hunger and the growing problem of overweight and obesity that is associated with economic growth **Political Handbook of the World**

2020-2021 Tom Lansford, 2021-05-31 The Political Handbook of the World by Tom Lansford provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide. The updated 2020 2021 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. The Political Handbook of the World 2020 2021 also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. And this update will aim to include coverage of current events, issues, crises, and controversies from the course of the last two years.
