

Dear Daughters,

It has been my job to protect you and be your role model; to show you that hard work pays off and that you can be anything you want to be. I have tried to be an example of how a lady should look and behave, and I have certainly taught you that keeping a clean house, knowing how to cook and do laundry, and caring for your spouse does not make you inferior. But now, my dear daughters, I am being shoved out of the way. A new influence has taken over, one that I can't fight on my own.

You see, when I was a little girl, television was filled with shows that were funny, family friendly and positive. AND THEY SPOKE ENGLISH. (I know, hard to believe.) There were no women acting like fools, fighting each other and jumping over tables. There were no half naked, booty popping chicks on my screen, and certainly no women who allowed men to treat them badly. My examples were the teachers who gave me extra time after school because I had fallen behind in my math class, and the neighborhood families who would tell on me in a heartbeat if I was acting out of pocket, and my mom who worked two full time jobs to take care of me and make sure we had what we needed.

There was no Internet to fill my mind with garbage and distaste, pressing upon me glamorized ideas that, If you are woman, just take your clothes off because that is the fastest way to make money. Or post your surgically enhanced lady bits on Facebook and act as if getting the cover of King Magazine is the highlight of your career. Or that getting drunk is cute and funny...it's NOT. You see, as much as I have tried to shield you and teach you, the abundance of ignorance is like a tsunami, and I am helpless against it. So, I need your help. I need you to remember all the things I have taught you so that when you are bombarded with the images of this world, you can remind yourself that having class and self respect will take you further in life than any "Ratchetness" ever can.

Remember that you don't need anyone to define you! you don't need to accept anything that does not meet your standards and yes you must have standards and please always remember that your body is a temple and should be treated with honor and respect. Remember that if a man is not willing to wait for you, care for you, and stand up for you, then he doesn't deserve you. And when your young adult minds start to lapse because you want to be part of 'the group', and be accepted by your friends, remember that I raised you to be a leader not a follower.

Organizations in the Twenty-First Century Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs *Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as

their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead *College Girls* Lynn Peril,2013-12-16 The author of *Pink Think* takes on a twentieth century icon the college girl A geek who wears glasses Or a sex kitten in a teddy This is the dual vision of the college girl the unique American archetype born when the age old conflict over educating women was finally laid to rest College was a place where women found self esteem and yet images in popular culture reflected a lingering distrust of the educated woman Thus such lofty cultural expressions as *Sex Kittens Go to College* 1960 and a raft of naughty pictorials in men s magazines As in *Pink Think* Lynn Peril combines women s history and popular culture peppered with delightful examples of femoribilia from the turn of the twentieth century through the 1970s in an intelligent and witty study of the college girl the first woman to take that socially controversial step toward educational equity Ann Caruso,2012-03 *Diary of a Sorority House Mom* recount s Ann Caruso s first two years as house director for a female version of Animal House where the women of the house set and enforced their own rules When the girls asked if they could recycle liquor bottles during their first meeting she knew she was in trouble Though the house director contract and manual mandated that Ms Caruso was responsible for the safety of the girls she had no authority to carry out that task There was no tab on the manual for what happens if a drunk girl falls out of the third floor window gets raped or dies of alcohol poisoning It was common to find kegs icing in the bathtub bottles of alcohol used as room decorations and when she asked the risk management vice president if she wanted to know when a guy spent the night her response was Why Has someone complained *Diary of a Sorority House Mom* will make you laugh out loud and bring you to tears It is sometimes hysterical and at others disturbing or disquieting but it was her life for two years Her first sorority girls gave her eighteen of the happiest and six of the saddest months of her life And for the most part she wouldn t have changed a thing *U Chic's Getting a Grip on Your Freshman Year* Christie Garton,2011-04 1 in 4 freshmen do not return for their sophomore year and *U Chic Getting a Grip on Your Freshman Year* tackles that problem head on by focusing on how to help women take action during their freshman year to have a successful college transition In signature U Chic style the book will include contributions from

others For years the case remained officially unsolved and it consumed the FBI and became a rallying point for launching the Iraq War Far from Baghdad at Fort Detrick Maryland stood Bruce Ivins an accomplished microbiologist at work on patenting a next generation anthrax vaccine Ivins it turned out also was a man the FBI consulted frequently to learn the science behind the attacks The Mirage Man reveals how this seemingly harmless if eccentric scientist hid a sinister secret life from his closest associates and family and how the trail of genetic and circumstantial evidence led inexorably to him Along the way Willman exposes the faulty investigative work that led to the public smearing of the wrong man Steven Hatfill a scientist specializing in biowarfare preparedness whose life was upended by media stakeouts and op ed page witch hunts Engrossing and unsparing The Mirage Man is a portrait of a deeply troubled scientist who for more than twenty years had unlimited access to the U S Army s stocks of deadly anthrax It is also the story of a struggle for control within the FBI investigation the missteps of an overzealous press and how a cadre of government officials disregarded scientific data while spinning the letter attacks into a basis for war As The Mirage Man makes clear America must at last come to terms with the lessons to be learned from what Bruce Ivins wrought The nation s security depends on it From the Hardcover edition A Pledge with Purpose Gregory S.
