African Navies Timothy Stapleton, 2022-11-11 This edited volume focuses on aspects of the understudied theme of African sea power including African navies and the engagement of non African navies with the continent Africa possesses 48 000 kilometers of coastline comprising 38 out of 54 of the continent s states and several strategic choke points for international shipping such as the Suez Canal the Gulf of Aden and the Cape of Good Hope Nevertheless post colonial Africa s small navies and their relations with the navies of external powers have not received much scholarly attention Focusing on Sub Saharan Africa this collection attempts to address this neglect and stimulate further research by offering original chapters related to historical and contemporary themes around Africa s navies The historical chapters cover the origin of the Tanzanian Ethiopian Nigerian and Ghana navies during the era of decolonization and the Cold War the asymmetrical naval campaign fought during the Nigerian Civil War 1967 70 and the activities of the Soviet Navy in supporting African states and movements fighting lingering colonialism and white supremacy during the 1970s and 1980s Focusing on the contemporary situation other chapters discuss the engagement of the Indian Navy with Africa the potential role of the Angolan and Mozambican navies in the Southern African Development Community SADC the transformation and development of the post apartheid South African Navy and the challenges and capabilities of African navies in the early twenty first century The book concludes by discussing the question of whether African coastal countries need navies This book will be of much interest to students of naval power strategic studies African politics and International Relations Chapters 1 2 6 and 8 of this book are available for free in Open Access at www.taylorfrancis.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license

India's Naval Diplomacy P.V. Rao, 2022-05-16 This book studies India s evolving naval engagements with other nations of the Indian Ocean region It traces the growth of the Indian Navy and discusses its role as an instrument of meeting national objectives particularly for furthering foreign policy The volume analyses themes such as Indian Navy s IN transition from a brown water

to blue water force Indian maritime debates and doctrines naval bridge building missions and Sino Indian maritime competitions It examines Indian Navy s regional roles within the broader framework of its diplomatic objectives in particular regions and looks at how keen regional states are to accept India as a crisis manager and would allow it to build a regional maritime security architecture The author also discusses state control over naval diplomatic roles and investigates if Indian Navy can effectively hedge extra regional mainly Chinese involvement in the Indian Ocean An important study of India s naval prowess this book will be indispensable to students and researchers of political science international relations maritime and naval studies strategic studies geopolitics defence studies conflict studies diplomacy Indian Ocean studies South Asian studies and those interested in India China maritime rivalry Navies and Maritime Policies in the South Atlantic Érico Duarte, Manuel Correia de Barros, 2019-02-12 This edited volume analyzes national security issues with maritime implications and specifically naval projects and postures of main South Atlantic countries Brazil Argentina Nigeria and South Africa Additionally it provides comprehensive and multi level analysis of the interplay among national interests in the processes of demarcation of limits of the continental shelf and contention among Uruguay Chile Argentina and the United Kingdom in the Southern Atlantic and the Antarctica This book will interest scholars researchers and students in the fields of Latin American politics regional studies foreign and defense policy and maritime security **Geoeconomics and Geosecurities in the Indian Ocean Region** Timothy Doyle, 2018-04-19 There are important changes in regional and global demographics ahead of us A profound rise in the number of citizens in the Indian Ocean Region in the next fifty years will have significant impacts on the state on the nature and operation of markets and the neo liberal framework they operate in and raise new challenges for regional security This book considers the insufficient dialogue between ever increasing and closer connections between geo economics and geo securities in the Indian Ocean Region and highlights some of the challenges This book takes a broader understanding of security than what is usually meant in more traditional security frameworks in politics and international relations Economic and politics are integrally and obviously related This book considers regional themes such as discourses around strategic competition models of regional cooperative security Indian Ocean Region domestic economies contexts and the military industrial complex and regional models of identity and cultural belonging Regions and regionalisms are increasingly being used to challenge power and the existence of any uniform model of macro politics and macro economics whether it be neo liberalism or otherwise Most importantly these discussions of region enable us to celebrate the similarities that we share as neighbours in a real geographical sense and to comprehend and respect these differences in these rich regional communities of markets cultures and securities This book was previously published as a special issue of the Journal of the Indian Ocean Region Capacity Building for Maritime Security Christian Bueger, Timothy Edmunds, Robert McCabe, 2020-10-09 This book studies recent attempts to restructure maritime security sectors through capacity building It innovates both theoretically and empirically It proposes a new framework for understanding maritime

capacity building drawing on work in peacebuilding and security sector reform The framework is then applied across empirical case studies from the Western Indian Ocean WIO region written by scholars from the Global South The WIO region is a paradigmatic case to study maritime security and capacity building in action Countries in the region face the full gamut of maritime security challenges while their indigenous capacities to deal with these are often weak In consequence the region functions as an engine of innovation for maritime capacity building more widely The lessons and best practices from the region have importance consequences for addressing maritime security across the globe ICCWS 2017 12th International Conference on Cyber Warfare and Security Dr. Robert F. Mills ,Dr. Juan Lopez Jr,2017 **ICMLG 2017 5th International Conference on Management Leadership and Governance** Dr Thabang Mokoteli,2017-03 **Naval Powers in the Indian Ocean and the Western Pacific** Howard M. Hensel,Amit Gupta,2018-05-11 A vital component of the interdependent global economy maritime transit routes are nowhere more critical than those traversing the Indian Ocean and the Western Pacific Previously areas of the Indian Ocean and Western Pacific have been viewed as separate and discrete political economic and military regions In recent years however a variety of economic political and military forces have created a new understanding of these maritime expanses as one zone of global interaction This book complements the material presented in its companion volume Maritime Security in the Indian Ocean and the Western Pacific by analysing the perceptions interests objectives maritime capabilities and policies of the major maritime powers operating in the Indian Ocean and the Western Pacific In addition the book also assesses the contemporary maritime challenges and opportunities that confront the global community within what is rapidly becoming recognised as an integrated zone of global interaction A valuable study for researchers and policymakers working in the fields of maritime security military security and peace studies conflict resolution and Asian affairs **Cybersecurity Policies and Strategies for Cyberwarfare Prevention** Richet, Jean-Loup,2015-07-17 Cybersecurity has become a topic of concern over the past decade as private industry public administration commerce and communication have gained a greater online presence As many individual and organizational activities continue to evolve in the digital sphere new vulnerabilities arise Cybersecurity Policies and Strategies for Cyberwarfare Prevention serves as an integral publication on the latest legal and defensive measures being implemented to protect individuals as well as organizations from cyber threats Examining online criminal networks and threats in both the public and private spheres this book is a necessary addition to the reference collections of IT specialists administrators business managers researchers and students interested in uncovering new ways to thwart cyber breaches and protect sensitive digital information *The Parliamentary Debates (official Report)*. Great Britain. Parliament. House of Commons,1920 *Sainik Samachar* ,2014 **Seaforth World Naval Review 2023** Conrad Waters,2022-12-12 For over a decade this annual has provided an authoritative summary of all that has happened in the naval world in the previous twelve months combining regional surveys with one off major articles on noteworthy new ships and other important developments

Besides the latest warship projects it also looks at wider issues of significance to navies such as aviation and weaponry and calls on expertise from around the globe to give a balanced picture of what is going on and to interpret its significance As 2022 saw the outbreak of the first major European war since 1945 it is not surprising that the naval aspects of the conflict in Ukraine take center stage with an interim assessment of the fighting so far and what can be gleaned of the strategies and tactics of the warring parties Another newsworthy topic hypersonic missiles is the subject of Norman Friedman's expert analysis Of the regular features the Significant Ships cover the US Navy's Nimitz class carriers now representing fifty years of evolution and HMNZS Aotearoa the largest warship built for New Zealand Of the Fleet Reviews one looks at the US Navy's adaptation to the return of Great Power competition not least with China and the second covers the Vietnam People's Navy which faces Chinese pressure at close quarters Firmly established as the only annual naval overview of its type World Naval Review is essential reading for anyone whether enthusiast or professional interested in contemporary maritime affairs
