South African Army Application 2015

Rachel S Tattersall

South African Army Application 2015:

South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged. HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil-military relations of countries around the world.

Creating a South African Sub-Regional Conflict Transformation Model Noluthando Phungula, 2024-01-11 This book contributes to the current academic debate and scholarly research on conflict transformation in the Southern African Development Community (SADC) sub-region. It will serve as a guide on how conflict recurrences can best be tackled in the sub-region and seeks to improve the transformation process of conflict and peace building in the Kingdom in the Sky and in the sub-region at large. The book will shed light on the road ahead for the SADC and its role in transforming conflict into positive peace and peace building and will contribute to discussions on the necessity of a conflict transformation model as a key tool in efforts to transform the state of recurring intrastate conflict in Lesotho. Thus, this book will also enhance the literature and discourse on sub-regional organisations and their path towards conflict transformation on the African continent.

Private Military and Security Contractors Gary Schaub, Jr., Ryan Kelty, 2016-06-16 In *Private Military and Security Contractors* PMSCs, a multinational team of scholars and experts address a developing phenomenon: controlling the use of privatized force by states in international politics. Robust analyses of the evolving multi-layered tapestry of formal and informal mechanisms of control address the microfoundations of the market, such as the social and role identities of contract employees, their acceptance by military personnel and potential tensions between them. The extent and willingness of key states—South Africa, the United States, Canada, the United Kingdom and Israel—to monitor and enforce discipline to structure their contractual relations with PMSCs on land and at sea is examined, as is the ability of the industry to regulate itself. Also discussed is the nascent international legal regime to reinforce state and industry efforts to encourage effective practices, punish inappropriate behavior and shape the market to minimize the hazards of loosening states' oligopolistic control over the means

of legitimate organized violence The volume presents a theoretically informed synthesis of micro and macro levels of analysis offering new insights into the challenges of controlling the agents of organized violence used by states for scholars and practitioners alike Violent Non-State Actors in Africa Caroline Varin,Dauda Abubakar,2017-04-24 This book explores the rise and impact of violent non state actors in contemporary Africa and the implications for the sovereignty and security of African states Each chapter tackles a unique angle on violent organizations on the continent with the view of highlighting the conditions that lead to the rise and radicalization of these groups The chapters further examine the ways in which governments have responded to the challenge and the national regional and international strategies that they have adopted as a result Chapter contributors to this volume examine the emergence of Islamist terrorists in Nigeria Mali and Libya rebels in DR Congo Central African Republic Ethiopia and Rwanda and warlords and pirates in Somalia Uganda and Sierra Leone

Researching the Military Helena Carreiras,Celso Castro,Sabina Frederic,2016-03-02 Researching the Military focuses on the experiences of researchers who study the military around the world It explores the historical social institutional and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy More than merely analyzing research experiences yet necessarily including them it is also about the experiences of researchers their position with regard to the object of their studies the institutional context where they work and the way their research impacts the academic and policy making fields in the respective countries The common theme to the various chapters is reflexivity a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface By collecting diverse experiences of researchers from across the world this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena This book will be of much interest to students of military studies research methods sociology social anthropology and security studies in general *The Handbook of African Defence and Armed Forces* Evert Kleynhans,Marco Wyss,2025-03-01 The Handbook of African Defence and Armed Forces provides the first in depth and multifaceted analysis of the evolution and current state of national defence policies strategies doctrines capabilities security challenges and strategic responses of African states and their armed forces Geographically these aspects are investigated at the national sub regional and regional levels Chronologically they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so called New Scramble for Africa which has seen a crescendo of renewed great power interest in the continent s resources as well as its strategic role location and relevance since the 2000s The book takes a bottom up and African centric approach and is organized around five key themes i the differing security outlooks and defence policies of African powers within the region and the different sub regions ii the strategies doctrines transformation and employment of African armed forces iii the relationship between African armed forces with sub regional regional and international organizations iv the challenges that African states and their armed forces have been facing and their strategic responses and

v the position of African perspectives and agency in the context of continental and international security and defence Understanding African security and defence especially in terms of each individual nation s ability to contribute to peacekeeping operations counterterrorism border security and internal security requires a focus on the national level of armed forces and defence policies this in turns sheds light on sub regional and regional divergences challenges and cooperation Based on this framework the chapters in this volume offer comprehensive African perspectives on African and international security and defence and in doing so show the agency of the continent s countries and armed forces in International Security and Relations *Guns & Roses: Comparative Civil-Military Relations in the Changing Security Environment* Steven Ratuva,Radomir Compel,Sergio Aguilar,2019-01-04 This edited volume provides a critical and comparative discussion of the changing synergy between the military and society in the dramatically transforming global security climate drawing on examples from the Asian Pacific African Middle Eastern European and South American regions The book is interdisciplinary and covers wide ranging issues relating to civil military relations democratization regional security ethnicity peace building and peace keeping civilian oversight internal repression gender regime change and civil society

The Palgrave International Handbook of Gender and the Military Rachel Woodward,Claire Duncanson,2017-06-27 The Palgrave International Handbook of Gender and the Military provides a comprehensive overview of the multiple ways in which gender and militaries connect International and multi disciplinary in scope this edited volume provides authoritative accounts of the many intersections through which militaries issues and military forces are shaped by gender The chapters provide detailed accounts of key issues informed by examples from original research in a wealth of different national contexts This Handbook includes coverage of conceptual approaches to the study of gender and militaries gender and the organisation of state military forces gender as it pertains to military forces in action transitions and transgressions within militaries gender and non state military forces and gender in representations of military personnel and practices With contributions from a range of both established and early career scholars The Palgrave International Handbook of Gender and the Military is an essential guide to current debates on gender and contemporary military issues

Globalization, Mass Education and Technical and Vocational Education and Training Miriam Preckler Galguera,2018-06-05 This book assesses the influence of the international organization UNESCO on the development of national Technical and Vocational Education and Training TVET systems in the Southern African Community Region SADC focusing particularly on Botswana and Namibia Designed around UNESCO s Better Education for Africa s Rise BEAR project the study is an excellent example of applied policy research Analysis is from the perspective of key stakeholders including UNESCO headquarters and field offices Ministries of Education and of Labor employers and employees education and training institutions international partners and more Both qualitative and quantitative evidence are used to provide a comparative overview and the author also reveals the current state of data on skills Readers will discover common goals and

challenges across the nations but also a common lack of action to measure the impact and influence that UNESCO's programs have had at a national level prior to this study. Were the newly implemented educational policies successful or not? If the public policies failed, why was that? These chapters shed light on such questions and how UNESCO's contribution influenced the national development processes in the context of globalization processes and trends of global mass education. The book has much to offer for both scholars and those working in UN agencies or national governments who seek to develop education systems and better link them to the world of work. *Intra-Africa Migrations* Innocent Moyo, Jussi P.

Laine, Christopher Changwe Nshimbi, 2021-02-21 This book discusses regional and continental integration in Africa by examining the management of migration across the continent. It examines borders and securitisation of migration and the challenges and opportunities that arise out of reconfigured continental demographics. The book offers insights on intra-Africa migrations and highlights how intra-continental migration creates socio-economic and cultural borders. It explores how these borders, beyond the physical boundaries of states including the Berlin Conference, constructed borders create cultural divides, challenges for economic integration and cross-border security and irregular migration patterns. While the movement of economic goods is valued for regional economic integration, the mobility of people is seen as a threat. This approach to migration contradicts the intentions of true integration and development and triggers negative responses such as xenophobia that cannot be addressed by simply managing the physical border and allowing free movement. This book engages in a pivotal discussion of these issues which are hitherto missing in African border studies by demonstrating the ubiquity and overreaching influence of various kinds of borders on the African continent. With multidisciplinary contributions that provide an in-depth understanding of intra-Africa migrations and strategies for enhanced migration management, this book will be a useful resource for scholars and students studying geography, politics, security studies, development studies, African studies and sociology.

Women and Gender Perspectives in the Military Robert Egnell, Mayesha Alam, 2019-02-01 *Women and Gender Perspectives in the Military* compares the integration of women, gender perspectives and the women, peace and security agenda into the armed forces of eight countries plus NATO and United Nations peacekeeping operations. This book brings a much-needed cross-national analysis of how militaries have or have not improved gender balance, what has worked and what has not, and who have been the agents for change. The country cases examined are Sweden, the Netherlands, Canada, the United States, the United Kingdom, Israel, Australia and South Africa. Despite increased opportunities for women in the militaries of many countries and wider recognition of the value of including gender perspectives to enhance operational effectiveness, progress has encountered roadblocks even nearly twenty years after United Nations Security Council Resolution 1325 kicked off the women, peace and security agenda. Robert Egnell, Mayesha Alam and the contributors to this volume conclude that there is no single model for change that can be applied to every country, but the comparative findings reveal many policy-relevant lessons while advancing scholarship about women and gendered perspectives in the military.

Military Assistance on Request and the Use of Force Erika De Wet, 2020 This book examines the extent which the proliferation of military assistance on request is changing the rules governing the use of force The author explores the authority to make these requests particularly during civil wars where some territorial control may be lost and there is a risk of systematic violations of international humanitarian law **Military, Politics and Democratization in Southern Africa** Tendai Chari, Patrick Dzimiri, 2023-08-10 This book explores multiple challenges faced by democratization in Southern Africa Applying a wider lens to the concept of political transition and employing a variety of theoretical and methodological approaches the contributions gathered here explore residual political cultural practices that hinder democratic consolidation in Southern Africa Presenting various case studies the book tackles themes such as the military political nexus leadership renewal constitutionalism electoral politics election violence marginalization of women civil society and political transition media framing and transitional justice Written from a multidisciplinary perspective and drawing on empirical data from multiple sources this edited volume challenges orthodox conceptualizations of political transition The book will be of interest to students and scholars of political science African studies and related fields as well as policy makers and professionals interested in the latest political developments in Southern Africa **South Africa and United Nations Peacekeeping**

Offensive Operations Antonio Garcia, 2018-08-17 The creation of the Force Intervention Brigade FIB as the sharp tactical edge of the United Nations Stabilisation Mission in the Democratic Republic of the Congo MONUSCO tasked with the neutralising of armed groups was a watershed moment in the history of modern peace missions What was more significant was that sub Saharan national leaders were instrumental in the creation of the FIB South Africa Tanzania and Malawi but lacked the resources to deploy such a force and consequently the brigade was deployed under the banner of the UN With the legacy of an African Renaissance and its role in the conception of the FIB South Africa remains a critical player in international peace and security in sub Saharan Africa and therefore holds a key strategic role in achieving the FIBs objectives This comes at a critical time where blue helmets are increasingly exposed to complex and challenging security contexts The aim of this work is to provide a conceptual model for South African military future operations and UN offensive peacekeeping operations In this undertaking a layer of military and Clausewitzian theory is added to offensive peacekeeping operations Furthermore there are sections on operational constructs capstone and operating concepts doctrine and structural elements as well a section on mine action This book contributes towards an understanding of the nature of modern strategy through the lens of UN offensive peacekeeping operations and provides insights into operational challenges

Botha, Smuts and the Great War Antonio Garcia, Ian van der Waag, 2023-10-30 In Botha Smuts and the Great War 1914 1918 authors Antonio Garcia and Ian Van Der Waag conducted painstaking research in South Africa and the United Kingdom to produce this first of a kind volume on the wartime roles of South African prime minister General Louis Botha and his deputy General Jan Smuts These very different men appealed to different audiences Botha s nuance and emotional

intelligence complemented Smuts's intellectualism. Thrown into a world conflagration in August 1914 and facing internal rebellion and the threat posed by German troops on the borders, they led South Africa's Union Defence Force. Both Botha and Smuts commanded in the field. Steadily, the South African army they commanded, benefiting from wartime training, sometimes in the field, gained resilience, experience, and battle-hardiness, adapting to the conditions of the campaigns and the demands of the tasks. South Africa's campaigns were complex and divergent, starting with the invasion of neighbouring German South West Africa to neutralise enemy radio stations and so aid the security of the South Atlantic. Suddenly suspended following the outbreak of the Afrikaner Rebellion, the campaign recommenced in January 1915. Following its conclusion, an infantry brigade raised for Western Front service was diverted to Egypt, before facing near annihilation at Delville Wood. Simultaneously, a large South African force fighting alongside British, African, and Indian forces overcame German resistance in East Africa, whilst a brigade of field artillery and later the Cape Corps served in Egypt and Palestine. Moreover, approximately 6 500 South Africans served in the British Army, Royal Flying Corps, Royal Air Force, and in the Royal Navy. Although lionised during the war by a British public hungry for heroes, there is a different side to Botha and Smuts. Shunned by Afrikaner nationalists at the time, they have remained divisive figures. Responsible for the enactment of the Land Act of 1913, which shaped South Africa's socio-economic and political landscape, Botha's statues in Cape Town, Durban, and Pretoria were vandalised on a number of occasions between 2015 and 2022, and there were recent calls for Smuts's statues to be removed. Behind Botha's charming, attractive façade and Smuts's stoic machine, were two very human, imperfect, and quite probably inconsiderate men. Together, they provide a wonderful lens through which to examine the potent forces of the early twentieth-century world and the country they hoped to forge. Myopic compatriots had constrained their plans, but it was the outbreak of war in 1914 that offered the most significant opportunities and brought the most adverse challenges. They fought insurmountable odds and achieved great victories at home and abroad, but also made startling errors and ultimately, in classical fashion, risked being crushed by the weight of the world they tried to create.

U.S. Security Cooperation with Africa

Robert J. Griffiths,2016-04-14 As Africa s strategic importance has increased over the past decade and a half United States security cooperation with the continent has expanded The most visible dimension of this increased engagement was the establishment of the U S Military Command for Africa AFRICOM Some critics are skeptical of AFRICOM s purpose and see the militarization of U S Africa policy while others question its effectiveness Recognizing the link between development and security AFRICOM represents a departure from the traditional organization of military commands because of its holistic approach and the involvement of the Department of State as well as other U S government stakeholders Nevertheless AFRICOM s effort to combine security and development faces formidable conceptual and operational challenges in trying to ensure both American and African security interests The human security perspective s emphasis on issues that go beyond traditional state centered security to include protecting individuals from threats of hunger disease crime environmental degradation and political repression as well as focusing on social and economic justice is an important component of security policy At the same time the threat of violent extremism heavily influences U S security cooperation with Africa In this examination of the context of U S African security relations Robert J Griffiths outlines the nature of the African state traces the contours of African conflict surveys the post independence history of U S involvement on the continent and discusses policy organization and implementation and the impact of U S experiences in Iraq and Afghanistan on the U S Africa security relationship Africa s continuing geostrategic significance the influence of China and other emerging markets in the region and America s other global engagements especially in light of U S fiscal realities demonstrate the complexity of U S African security cooperation

War of Intervention in Angola Adrien Fontanellaz,Tom Cooper,José Augusto Matos,2023-06-30

Through late 1987 and early 1988 the battlefields of southern Angola moved ever further away from the border with South West Africa Namibia until the showdown between the Soviet and Cuban supported government in Luanda and South African supported insurgency of UNITA culminated in the controversial and still much disputed Battle of Cuito Cuanavale During this period Angolan and Cuban airpower slowly grew to a point where it outmatched the SAAF in turn limiting the freedom of movement of the SADF and UNITA ground forces and reducing their operations to attritional battles with little chance of achieving major victories on terms acceptable to the government in Pretoria As the changing political climate between East and West and in Africa began to bring about an end to the South African intervention in Angola and the occupation of South West Africa Namibia the government of Angola was able to switch its attentions to dealing with UNITA Volume 5 of War of Intervention in Angola examines in detail this final period of Cuban involvement in the long and tragic civil war that ruined Angola between 1975 and 1992 While the emphasis is upon the operations of the Angolan and Cuban air forces it also details

how these impacted upon the ground operations of all parties This volume is richly illustrated with original photographs of the forces involved specially commissioned maps of the ground operations and a range of full color artworks **Global Gender Politics** Anne Sisson Runyan, 2018-10-11 Accessible and student friendly Global Gender Politics analyzes the gendered divisions of power labor and resources that contribute to the global crises of representation violence and sustainability The author emphasizes how hard won attention to gender and other related inequalities in world affairs is simultaneously being jeopardized by new and old authoritarianisms and depoliticized through reducing gender to a binary and a problem solving tool in global governance The author examines gendered insecurities produced by the pursuit of international security and gendered injustices in the global political economy and sees promise in transnational struggles for global justice In this new re titled edition of a foundational contribution to the field of feminist International Relations Anne Sisson Runyan continues to examine the challenges of placing inequalities and resisting injustices at the center of global politics scholarship and practice through intersectional and transnational feminist lenses This more streamlined approach includes more illustrations and discussions have been updated to reflect current issues To provide more support to instructors and readers Global Gender Politics is accompanied by an e resource which includes web resources suggested topics for discussion and suggested research activities also found in the book
