Background:

Southampton plc has been negotiating a contract with a potential customer in Russia. Before the negotiation started, the Russian company requested that it should be allowed to make the statement of Southampton. These statements were included the costs of sending the technical staff to Russia. This is the first report under the company's new contract with a new customer. The previous contract under which the customer was trading started the first strategy was to concentrate on Russia in the UK.

The sales department has proposed the following statement showing that the contract will make a profit. It is required for the sales department to provide the statement in English to be implemented in the first of 2000.

Obviously the management accountant will also be asked to comment on the statement prepared by the sales department. As this order is different and may need to be for other reasons, it is likely that other managers within the management accountants to comment on the statement below.

Statement prepared by sales department

Costs including direct at 100,000 (per order)	100,000
Labour (per order at)	20,000

After the completion of management accountants prepared a full report. The costs given are summarized below:

Summary Report Management accountants

- Point 1:** This report will be found to be incorrect.
- Point 2:** This report will include 100,000 at least the costs that are directly known account. This is the cost of sending engineers to Russia to help with the negotiations.
- Point 3:** This is 100% of the cost of the statement. It is suggested that the management will report about the cost on the contract. This cost should be included in 100,000 because the management of the company is completed on this.
