Sovereignty And Responsibility Power Norms And Intervention In International Relations

Kristina Roepstorff

Sovereignty And Responsibility Power Norms And Intervention In International Relations:

Sovereignty and Responsibility J. Moses, 2014-11-18 This book is a critical study of the concept of sovereignty and its relationship to responsibility. It establishes a clear distinction between empirical and normative definitions of sovereignty and examines the implications of these concepts in relation to intervention, international law, and the world state. **Sovereignty and Responsibility** J. Moses, 2014-11-18 This book is a critical study of the concept of sovereignty and its relationship to responsibility. It establishes a clear distinction between empirical and normative definitions of sovereignty and examines the implications of these concepts in relation to intervention, international law, and the world state. **Norm Contestation, Sovereignty and (Ir)responsibility at the International Criminal Court** Emanuela Piccolo Koskimies, 2021-10-26

Grappling specifically with the norm of sovereignty as responsibility, the book seeks to advance a critical constructivist understanding of norm development in international society as opposed to the conventional or liberal constructivist mis-
understanding that still dominates the debate. Against this backdrop, the book delves into the institutionalization of sovereignty as responsibility within the lived practice of the International Criminal Court (ICC). More to the point, the proposed exploration intends to revive questions about the power-laden nature of the normative fabric of international society, its dis-symmetries, and its outright hierarchies in order to devise an original framework to operationalize research on how institutional practice impinges on norm development. To this end, the book resorts to an original creole vocabulary which combines the contributions of post-positivist constructivist scholars with the legacy of key post-modernist thinkers such as Michel Foucault and Jacques Derrida, as well as critical approaches to International Criminal Law and Post-Colonial Studies. The book will appeal to scholars of international relations and international law, in addition to critical scholars more broadly, as well as to practitioners in the fields of human rights and international justice interested in normative theory and the implementation and contestation of international social norms. Atrocity Crimes and International Law Stacey

Henderson, 2022-10-31 Despite repeated declarations of never again in response to the commission of atrocities, civilians have continued to be targeted by their leaders and opposition groups. The international law principles of sovereignty and non-intervention, when taken at their highest, require States to stand idle and not intervene in another State regardless of what atrocities may be occurring there. This traditional legal view is being challenged by an emerging practice of States choosing to respond in non-forceful ways inspired by the concept of the Responsibility to Protect (R2P). Drawing on R2P, this book introduces and develops an original conceptual tool, intercession, to capture and explain this change in State practice and the impact of R2P on the development of international law. Through a close examination of State practice, the work explores whether there has been an expansion in the permissible measures and situations in which States can intervene without using force in response to atrocity crimes occurring in other States. This book concludes that the development of the secondary duty on the international community under R2P provides the greatest opportunity to progress the R2P framework in a

meaningful way which will have a significant impact on the protection of populations from atrocity crimes The book will be essential reading for students researchers and policymakers working in the areas of international law international relations humanitarian law and peace and security studies **Protecting Human Rights in the 21st Century** Aidan Hehir, Robert W. Murray, 2017-04-12 This book contributes to current debates on the protection of human rights in the 21st century With the global economic collapse the rise of the BRICS the post intervention chaos in Libya the migration crisis in Europe and the regional conflagration sparked by the conflict in Syria the need to protect human rights has arguably never been greater In light of the precipitous decline in global respect for human rights and the eruption or escalation of intra state crises across the world this book asks what is the future of human rights protection Seeking to avoid both denial and fatalism this book thus aims to examine the principles at the very foundation of the debate on human rights diagnose the causes of the decline of liberal internationalism so as to offer guiding lessons for future initiatives identify those practices and developments that can and should be preserved in the new era question the parameters of the contemporary debate and advance perspectives that aim to identify the contours of future ideas and practices that may offer a way forward This book will be of much interest to students of humanitarian intervention R2P international organisations human rights and security studies Introduction to Politics Robert Garner, Peter Ferdinand, Stephanie Lawson, 2023 The only introductory textbook to bring together theory comparative politics and international relations to provide the most comprehensive and global introduction to politics available **A Theory of De Facto States** Lucas Knotter, 2023-12-12 A Theory of De Facto States offers a new perspective on the phenomenon of de facto states political communities that manifest forms of statehood in international politics but lack international legal recognition zooming in on two prominent examples Somaliland and Kosovo Employing a thorough understanding of classical realist theories of international relations this book provides a fresh critique of the common ways in which existing research tends to identify the ostensible state features of these communities In contrast to the prevalent portrayals of such features in terms of international legal discursive and or everyday logics this book argues that de facto states can be most fundamentally characterised as exceptional polities in international relations Showcasing how the statehood and sovereignty of de facto states is based in international political crises this book concludes that these entities function as recurring disruptions of any supposed international political order A Theory of De Facto States will therefore be of interest to researchers of secession de facto statehood and International Relations theory alike Global Politics Stephanie Lawson, 2021 The most concise introduction to international relations covers all the essentials with learning features that link theories to the real world Global Politics is a concise and engaging introduction to international relations In it Stephanie Lawson introduces the key theories and concepts underpinning the discipline giving readers a foundation to study politics on both a personal and global scale including issues relating to gender sexuality and ethnicity as well as the economy environment and concepts of justice The textbook presents theories in their historical context demonstrating how

they can evolve over time Case studies both contemporary and historical and biographies of key figures help bring these issues to life Additional features such as key debates and summary questions provide opportunities to analyse issues from a range of perspectives

The End of American World Order Amitav Acharya, 2018-03-16 The age of Western hegemony is over Whether or not America itself declines or thrives under President Trump's leadership the post war liberal international order underpinned by US military economic and ideological primacy and supported by global institutions serving its power and purpose is coming to an end But what will take its place A Chinese world order A re constituted form of American hegemony A regionalized system of global cooperation including major and emerging powers In this updated and extended edition of his widely acclaimed book Amitav Acharya offers an incisive answer to this fundamental question While the US will remain a major force in world affairs he argues that it has lost the ability to shape world order after its own interests and image As a result the US will be one of a number of anchors including emerging powers regional forces and a concert of the old and new powers shaping a new world order Rejecting labels such as multipolar apolar or G Zero Acharya likens the emerging system to a multiplex theatre offering a choice of plots ideas directors power and action leadership under one roof Finally he reflects on the policies that the US emerging powers and regional actors must pursue to promote stability in this decentred but interdependent multiplex world Written by a leading scholar of the international relations of the non Western world and rising above partisan punditry this book represents a major contribution to debates over the post American era

Historical Dictionary of International Relations Peter Lamb, Fiona Robertson-Snape, 2017-03-21 The Historical Dictionary of International Relations is a general guide to the theory and practice of the relations between states and between states and other actors on the world stage It introduces readers to the real world operations of international relations and is thus concerned with the actual relations between states organizations groups and people It also offers introductory information about the various theories old and new that help explain these relations why they happen and the possible alternatives that might be available now or in the future Moreover some of the key thinkers of these theories are discussed The Historical Dictionary of International Relations contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on real world operations of international relations the actual relations between states organizations groups and people This book is an excellent resource for students researchers and anyone wanting to know more about International Relations

Selective Responsibility in the United Nations Katy Harsant, 2022-08-30 The United Nations claims to exist in order to maintain international peace and security providing a space within which all states can work together But why then does the UN invoke its responsibility to protect through humanitarian intervention in some instances but not others Why is it that five states have the power to decide whether or not to intervene This book challenges the dominant narrative of the UN as an institution of equality and progress by analyzing the colonial origins of the organization and revealing the unequal power relations it has perpetuated Harsant argues that the United Nations is unable

to fulfill its claims around the protection of international peace and security due to its very structure and the privilege of certain states. Moreover, through a rigorous examination of the history of the UN and how those structures came to be, she argues that the privilege afforded to these states is the result of power relations established through the colonial encounter. In order to understand the pressing contemporary issues of how the United Nations operates, particularly the Security Council, this book discusses issues of power and sovereignty by de-silencing the narratives of resistance and reconstructing a history of the United Nations that takes this colonial and anti-colonial relationship into account. This is a bold challenge to the eurocentrism that dominates International Relations discourse and a call to better understand the colonialism's role in preserving the existing global order.

The Routledge Handbook on Responsibility in International Relations Hannes Hansen-Magnusson, Antje Vetterlein, 2021-07-29. What does responsibility mean in International Relations (IR)? This handbook brings together cutting-edge research on the critical debates about responsibility that are currently being undertaken in IR theory. This handbook both reflects upon an emerging field based on an engagement in the most crucial theoretical debates and serves as a foundational text by showing how deeply a discussion of responsibility is embedded in broader questions of IR theory and practice. Contributions cover the way in which responsibility is theorized across different approaches in IR and relevant neighboring disciplines and demonstrate how responsibility matters in different policy fields of global governance. Chapters with an empirical focus zoom in on particular actor constellations of emerging states, international organizations, political movements, or corporations, or address how responsibility matters in structuring the politics of global commons such as oceans, resources, or the Internet. Providing a comprehensive overview of IR scholarship on responsibility, this accessible and interdisciplinary text will be a valuable resource for scholars and students in many fields, including IR, international law, political theory, global ethics, science and technology area studies, development studies, business ethics, and environmental and security governance.

International Relations as Politics among People Hannes Hansen-Magnusson, 2019-11-25. Pioneering a hermeneutic methodology for analyses of global governance, this is the first monograph that makes Hans Georg Gadamer's and Paul Ricoeur's hermeneutic philosophy relevant for global politics research. Drawing on the concept of horizon as the element that captures the dynamics of understanding in social interaction, in order to analyse processes of international politics, this book shows that what is required is the embeddedness of meanings and ideas in human action and reflection. By advancing theory building with regard to particular questions of global governance, it reconceptualises international relations as politics among people. Providing a contextualised constructivist approach that highlights the importance of processes to which people are central, it challenges the use of collective concepts such as state and nation as units of analysis which continue to dominate international relations but which cloud the details of interaction processes. The two case studies of UN Convention on the Law of the Sea and Germany in NATO's mission Operation Allied Force in Kosovo in 1999 are structured around this contextualised constructivist approach developed in the monograph. The studies reveal how interaction processes

can be made accountable leading to new vantage points of our understanding of governance problems This book will be of interest to scholars interested in global governance the work of Hans Georg Gadamer Paul Ricoeur and hermeneutic philosophy the UN humanitarian interventions and foreign policy analysts *State Renaissance for Peace* Emmanuel H. D. De Groof, 2020-08-27 After 1989 the function of transitional governance changed It became a process whereby transitional authorities introduce a constitutional transformation on the basis of interim laws In spite of its domestic nature it also became an international project and one with formidable ambitions ending war conflict or crisis by reconfiguring the state order This model attracted international attention from the UN Security Council and several regional organisations and became a playing field of choice in international politics and diplomacy Also without recourse to armed force international actors could impact a state apparatus through state renaissance This book zooms in on the non forcible aspects of conflict related transitional governance while focusing on the transition itself This study shows that neither transitional actors nor external actors must respect specific rules when realising or contributing to state renaissance The legal limits to indirectly provoking regime change are also being unveiled **The United States and Great Power Responsibility in**

International Society Wali Aslam, 2013-07-24 This book evaluates American foreign policy actions from the perspective of great power responsibility with three case studies Operation Iraqi Freedom American drone strikes in Pakistan and the post 9 11 practice of extraordinary rendition This book argues that the US invasion of Iraq in 2003 American drone attacks in Pakistan and the practice of extraordinary rendition are the examples of irresponsible actions undertaken by the U S acting as a great power in international society Focusing on a major theoretical approach of International Relations the English School this book considers the responsibilities of great powers in international society It points to three obligations of great powers to act according to the norm of legality to act according to the norm of legitimacy and to adhere to the principles of prudence The author applies the criteria of legality legitimacy and prudence to analyse the three foreign policy endeavours of the U S and developing a normative framework clarifies the implications for future U S foreign policy This book will be of strong interest to students and scholars of international relations international relations theory American politics foreign policy studies international law South Asian studies and Middle Eastern studies **African peace** Kathryn Nash, 2021-02-09

African regional organizations have played leading roles in constructing collective conflict management rules for the continent but these rules or norms have not been static Currently the African Union AU deploys monitors authorizes peace support operations and actively engages to resolve internal conflicts Just a few decades ago these actions would have been deeply controversial under the Organization of African Unity OAU What changed to allow for this transformation in the way the African regional organization approaches peace and security African peace examines why the OAU chose norms in 1963 that prioritized state security and led to a policy of strict non interference even in the face of destabilizing violence and why the AU chose very different norms leading to a disparate conflict management policy in the early 2000s Even if the AU s

capacity to respond to conflict is still developing this new policy has made the region more willing and capable of responding to violence Nash argues that norm creation largely happened within the African context and international pressure was not a determinant factor in their evolution The role of regions in the international order particularly the African region has been under theorized and under acknowledged and this book adds to an emerging literature that explores the role of regional organizations in the Global South in creating and promoting norms based on their own experiences and for their own purposes

Evaluating the Responsibility to Protect Noële Crossley, 2016-03-31 This book evaluates the extent to which the Responsibility to Protect R2P has consolidated as a norm in international society A consolidated norm in international society is defined here as a regularised pattern of behaviour that is widely accepted as appropriate within a given social context The analysis is based on the assumption that the R2P could be regarded as a consolidated norm if it were applied consistently when genocide and other mass atrocities occur and if international responses routinely conformed to the core principles inherent in the R2P seeking government consent multilateralism prevention and regionalism This book employs Finnemore and Sikkink's norm lifecycle model to determine the putative norm's degree of consolidation with in depth case studies of the international responses to crises in Darfur and Kenya serving to illuminate the findings It advances the argument that whilst the R2P had fully emerged as a prospective norm by 2005 it has not yet fully consolidated as an international norm The R2P has been remarkably successful at pervading the international discourse but has been somewhat less successful at consistency in implementation in terms of adherence to its core principles as outlined above the qualitative dimension of the R2P Furthermore it has been least successful to date in terms of consistency across cases in terms of resolve and tenacity The volume concludes with a reflection on the norm's progress so far and its prospects for further consolidation assuming the R2P continues on its current trajectory This book will be of much interest to students of the Responsibility to Protect humanitarian intervention international law security studies and IR

Handbook on Global Constitutionalism Anthony F. Lang, Antje Wiener, 2023-11-03 This thoroughly revised Handbook presents an up to date political and philosophical history of global constitutionalism By exploring the constitutional like qualities of international affairs it provides key insight into the evolving world order

International Organizations and the Implementation of the Responsibility to Protect Daniel Silander, Don Wallace, 2015-04-17 This book seeks to understand the obligation of the international community to implement the principles of the Responsibility to Protect R2P With a focus on the humanitarian crisis in Syria the volume examines what formal responsibility and actual capability international institutions have to protect and prevent civilians from systematic mass atrocities and presents an analysis of several prominent international organizations IOs Each chapter focuses on a specific organization and explores their formal responsibilities and how these pertain to the obligations of the R2P Existing capabilities and actual abilities to address the challenges of R2P are analysed by looking at these issues before during and after the occurrence of the humanitarian crisis in Syria With the UN not fully

engaged in the Syrian conflict the systematic human rights abuses have engendered greater attention on other organizations This volume argues that if the UN Security Council's inactions result in an abdication of responsibilities under the UN Charter there should not only be a discussion of how the UN must alter its approach but also an examination of whether there are alternative R2P paths for other MNOs to take in the name of international peace and human security This book will be of much interest to students of R2P humanitarian intervention international organisations Middle Eastern politics and security studies

The Politics of Self-determination Kristina Roepstorff, 2013 There have been an increasing number of self determination conflicts where sub state groups challenge existing state authority This book explains how self determination can be exercised beyond the decolonisation process and demonstrates that rather than a threat to international peace and stability it has strong potential as a tool for conflict prevention and resolution

Sovereignty And Responsibility Power Norms And Intervention In International Relations Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply

need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Sovereignty And Responsibility Power Norms And Intervention In International Relations Books

What is a Sovereignty And Responsibility Power Norms And Intervention In International Relations PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Sovereignty And Responsibility Power Norms And Intervention In International Relations PDF?** There are several ways to create a

PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Sovereignty And Responsibility Power Norms And Intervention In International Relations PDF?

Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a**

Sovereignty And Responsibility Power Norms And Intervention In International Relations PDF to another file

format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft

Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a**

Sovereignty And Responsibility Power Norms And Intervention In International Relations PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" ->

"Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for

working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing

features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing

capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe

Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share

and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or

various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any

restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection,

editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or

may not be legal depending on the circumstances and local laws.
