The Nameless Seed John Waligorski, 2017-10-15 Christians today need to find ways to reduce the world's influence upon their souls They need to find a way to detach but at the same time remain active in the world Christians cannot totally remove themselves from the world Despite what the secular world thinks the world needs the Christian Christianity is to the world what the soul is to the body Why couldn't Catholic spirituality that guides and directs a spiritual life be combined with a tai chi training that guides and directs the physical life This would be a perfect way of life for living in the world of the 21st century

Exploring Church History Derek Cooper, 2014 Cooper invites readers to consider the significance of church history in the lives of individuals and communities today Rather than offering an exploration of bygone eras and outdated events Cooper brings history to life by emphasizing how past events individuals and movements shape how we understand the world around us

The Routledge Handbook of Buddhist-Christian Studies Carol Anderson, Thomas Cattoi, 2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the

first centuries of the common era. Comprising 42 international and disciplinarily diverse chapters, this volume begins by setting up a framework for examining the nature of Buddhist-Christian interreligious dialogue, discussing how research in this area has been conducted in the past and considering future theoretical directions. Subsequent chapters delve into important episodes in the history of Buddhist-Christian dialogue: contemporary conversations such as monastic interreligious dialogue, multiple religious identity and dual religious practice, and Buddhist-Christian cooperation in social justice, social engagement, pastoral care, and interreligious education settings. The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential. This handbook explores how the study of Buddhist-Christian relations has been and ought to be done. The Routledge Handbook of Buddhist-Christian Studies is essential reading for researchers and students interested in Buddhist-Christian studies, Asian religions, and interreligious relationships. It will be of interest to those in fields such as anthropology, political science, theology, and history.

Exporting Progressivism to Communist China Christopher D. Sneller, 2023-06-23 Using new archival research, this book shows how Union Theological Seminary exported progressive Christianity to Communist China. Founded in 1836, the New York seminary disseminated its version of Christianity to China through its alumni. From 1911 to 1949, 196 Union alumni went to China. Thirty-nine of these former students were Chinese nationals. Many of these Chinese students, such as Y. T. Wu, Wu Yaorong, K. H. Ting, Ding Guangxun, John Sung, Song Shangjie, and Timothy Tingfang, became key leaders in the Sino-Foreign Protestant Establishment and the Three Self Patriotic Movement. The school became a dense hub of influential Chinese and American Christians. Union's role in liberalizing and indigenizing Christianity in twentieth-century China has been largely unnoticed until now.

Early Christian Remains of Inner Mongolia Tjalling H. F. Halbertsma, 2008-08-31 The early Christian presence in Inner Mongolia forms the subject of this book. These Nestorian remains must primarily be attributed to the Ngut, a Turkic people closely allied to the Mongols. Writing in Syriac, Uighur, and Chinese scripts and languages, the Nestorian Ngut drew upon a variety of religions and cultures to decorate their gravestones with crosses rising from lotus flowers, dragons, and Taoist imagery. This heritage also portrays designs found in the Islamic world. Taking a closer look at the discovery of this material and its significance for the study of the early Church of the East under the Mongols, the author reconstructs the Nestorian culture of the Ngut. The reader will find many newly discovered objects not published before. At the same time, this study demonstrates how many remaining objects were appropriated and in many cases vanished after their discovery. I find myself obliged to make a special effort to avoid overpraising this book, a treasure house of information drawn on a comprehensive array of sources, some of them hitherto untapped and splendidly presented on the important subject of Christian presence in East Asia.

DENIS SINOR, Indiana University Journal of Asian History 43:1 (2009)

The Cave and the Butterfly Paul S. Chung, 2011-01-01 This study offers an intercultural theory of interpretation and religion. It does so by bringing Western and East Asian traditions into dialogue regarding the nature of

interpretation The result of this innovative study is a theory of interpretation which integrates the socially embodied dimension of human life with the study of hermeneutics and religion in post foundational and cross cultural perspective Toward this end Paul Chung offers a constructive theology of divine speech acts in a manner more amenable to the social public sphere than other proposals In all of this he deeply considers intercultural horizon of interpretation between West and East and its implications for a theology of interpretation The result is a truly theological theory of interpretation that takes seriously the issues of intercultural studies and their intersection with Christian doctrine *Yearbook of Chinese Theology* (2021) ,2021-12-06 The Yearbook of Chinese Theology is an international ecumenical and fully peer reviewed annual that covers Chinese Christianity in the areas of Biblical Studies Church History Systematic Theology Practical Theology and Comparative Religions It offers genuine Chinese theological research previously unavailable in English by top scholars in the study of Christianity in China The 2021 volume highlights the five disciplines of Sino Western Studies and its guest editor is Bin You The authors are Jian Cao Xiaochun Hong Paulos Huang Hui Liang Peiquan Lin Zhenhua Meng Lina Rong Yexiang Qiu Dongsheng Ren Thomas Qinghe Xiao Yanyan Xiong Bin You and Changping Zha *Art as a Pathway to God* Susangeline Yalili Patrick,2024-04-22 This book integrates history theology and art and analyzes the Jesuits cross cultural mission in late imperial China Readers will find a rich collection of resources from historical sites museums manuscripts and archival materials including previous unpublished works of art The production and circulation of art from different historical periods and categories show the artistic theological and missional values of Christian art It highlights European Jesuits Asian Christians transnationalism and gives voice to Chinese Christian women and their patronage of art in the seventeenth century It offers a rare systematic study of the relation between art and mission history The Gospel of Thomas Samuel Zinner,2011 A translation from Coptic and Greek texts of the Gospel of Thomas with an in depth study of the intellectual and historical circumstance of the text including mystic Jewish and early Christian sources **Finding Pieces of the Puzzle** Ronald A. N. Kydd,2011-06-10 Climate change Radical politics National debt Globalization What do Christians have to say to the big questions we all face Whatever they try to say they will be seriously handicapped if they do not know their own story Finding Pieces of the Puzzle will fill the knowledge gap It breaks away from the usual manner in which history is written Here is a sweeping overview of the story of Christianity that takes the reader to parts of the world seldom visited that watches as the message of Christ encounters cultures as different as ninth century Persia and sixteenth century Kongo The story is carried from the first to the twenty first century by a series of mini biographies a young woman facing martyrdom a boy from a little French town who becomes Pope and launches an army an African American who uses a successful international trade network to combat slavery The glory the confusion the shame the holiness of Christianity are all here As the pieces are slipped into place the puzzle begins to make sense Watching Christians of the past face their challenges helps us understand who modern Christians really are *Out of Galilee* M. Darrol Bryant,2018-04-20 Out of Galilee The History of

Christian Thought as a Great Conversation is an ambitious exploration of Christian thought over two millennia. It discloses the remarkable unity in diversity of the thought of women monks, mystics, men, philosophers, and theologians who are seeking to unfold the meaning and mystery of divine intention in Jesus Christ. From the first century in Galilee to the early apologists such as Irenaeus from Augustine's Confessions to the mystic voices of Hildegard of Bingen and Teresa of Avila and to reformers such as Martin Luther and John Calvin, Christians have sought to understand the Christian vision and unfold paths of spirituality. The quest continues among Pietists, among Puritans such as Jonathan Edwards, and among Methodists. Together with modern thinkers such as Schliermacher and contemporaries such as Thomas Berry and Abhishiktanada, these notable figures have woven the living narrative of Christian thought. You will find them all here in accessible language intended for a generalist audience. Avoiding technical language, *Out of Galilee* reveals the essential contributions of each to the story of Christian thinking through the ages. *Christian Mission Among the Peoples of Asia* Jonathan Y. Tan, 2014-08-21 **The Global Church---The First Eight Centuries** Donald Fairbairn, 2021-05-25 Discover the Variety and Unity of the Early Church. The Christian church of the early centuries spread throughout much of Asia, Africa, and Europe, spoke many languages, was situated within diverse cultural settings, and had varied worship practices, yet it maintained a vital unity on core teachings at the heart of the Christian faith. In *The Global Church: The First Eight Centuries*, From Pentecost through the Rise of Islam, author Donald Fairbairn helps readers understand both the variety and unity of the church in this pivotal era by recentering the story of the church in its early centuries, paying greater attention to Africa, Turkey, and Syria, where most of the church's intellectual energy was nurtured. Highlighting Christian communities outside the Roman Empire as far afield as Persia and India alongside those within it, identifying key events by their global, not merely Western, significance, and taking into account early Christian interactions with other religions, particularly Islam, *The Global Church: The First Eight Centuries* is an ideal introduction to the patristic era that broadens the narrative often recounted and places it more firmly in its varied cultural contexts. Students of the early church, formal and informal alike, will appreciate the fresh approach and depth of insight this book provides. *"True and Holy"* Leo Lefebure, 2014-04-10 When believers read the sacred texts of other religions through a hermeneutic of hostility, the consequences can be deadly. Christian history shows that the Bible is no exception. In recent decades, however, many Christian traditions have radically refashioned their approach to other religious traditions and to biblical interpretation. This new hermeneutics of generosity seeks to uncover what can be learned from other holy texts and the communities that treasure them, and also seeks to find common ground on important issues such as human rights and religious liberty. Lefebure offers Christian readings of Jewish, Muslim, Hindu, and Buddhist holy texts that suggest new bases for friendship and understanding. Noting the challenges and tensions in the relationship between Christians and these four other religious communities, he also examines the specific issues involved in interpreting the Christian Bible in interreligious dialogue. He concludes with a reflection on the experience of conversion in light of the
