The Judo Twins:

The Judo Twins Stan Friedland, 2007-12-26 The Judo Twins is a compelling book that will capture both the heart and mind of the reader. It is the story of twin brothers who were given up by their dysfunctional parents as infants and sent to orphanages where they would spend their entire childhood. Yet they grew up to become world class athletes in the noble sport of Judo and became known the world over as the Judo Twins. The difficult journey of the twins to this proverbial mountain top makes for a moving human interest story as they overcome considerable adversity to reach their goals. But it was their great passion for the unique sport of Judo that provided the pathway in their unending quest for improvement and self expression. Some of the biggest names on the national and international judo scene in the last 50 years voice their innermost thoughts in this book to explain why this sport has had such an overwhelming impact on their own lives. There is however another important dimension to this story and that is the strong and indestructible life long commitment that the twins have had to each other. When all of these themes come together the result is a multi faceted tale that every reader can enjoy. The Judo Twins pulled and pushed themselves up to the top of their particular mountain and readers will be delighted to go along on this interesting and unusual ride.
