*Cross Purposes* Anthony Bartlett, 2018-09-20 This seminal study of the Christian theory of the atonement examines the story of Christian violence In *Cross Purposes* Anthony Bartlett claims that the key Western doctrines of atonement have been dominated by a logic of violence and sacrifice as a means of salvation Subsequently the graphic suffering of the crucified in images and narrative has served to unleash a prolonged sacrificial crisis in which there is always a potential need to displace blame These doctrines of atonement have sanctioned wide spread violence in the name of Christ throughout history But Bartlett argues that a minority tradition also exists He contends that the tradition of the compassion of Christ provides the possible way out of Christian violence Bartlett s study gives this tradition a dynamic new reading showing how it undoes both divine and human violence and offers a powerfully transformative version of atonement for the contemporary world *Cross Purposes* provides a rich historical and theological overview of the evolution of various atonement theories using literature art and philosophy to provide a creative and provocative reading of Christian atonement Anthony Bartlett is engaged in post doctoral research and is an instructor in Religion at Syracuse University For Seminarians clergy graduate students professors      *The Crescent and the Cross* Oliver Ramsbotham, Saba Risaluddin, Brian Wicker, Abdel Haleem Harifyah, 2016-07-27 This book is the product of dialogue between a group of leading British Muslim and Christian scholars concerned about the alleged danger to the West of Islamic fundamentalism It analyses the ethical and legal principles rooted in both traditions underlying any use of armed force in the modern world After chapters on the history theology and laws of war as seen from both sides the book applies its conclusions to a the 1990 91 Gulf War and b the Bosnian Conflict It concludes that Huntington s Clash of Civilisations thesis is a dangerous myth
