The Last Man on Earth Tracy Anne Warren, 2014-01-07 A truly satisfying romance The New York Times Book Review From New York Times bestselling author Tracy Anne Warren comes a sexy and romantic new contemporary series about corporate combat in the boardroom and under the covers passion in the bedroom Idealistic good girl Madelyn Grayson believes in doing what's right Even as a high powered executive in the mad world of advertising she doesn't cut corners making her ad campaigns sizzle without having to burn anyone along the way Rival exec Zack Douglas never wastes an opportunity to land the next big deal especially when it benefits him A bad boy with a reputation to match he has no qualms about doing whatever it takes to get ahead no matter who gets in the way When a hot promotion pops up at their company both Zack and Madelyn wind up on the short list for the position But as the two square off they discover that being heated rivals in the office makes for scorching bed play behind closed doors Will Madelyn's steamy secret affair with Mr Vice make her compromise her ideals or worse lose her heart **FIRST IN A NEW SERIES The Last Man** Mary Wollstonecraft Shelley, 1965-01-01 A new edition of a neglected novel by the author of Frankenstein first published in 1826 takes place in the twenty first century after a plague leaves only one man alive a young Englishman and a onetime delinquent to fathom his fate Reprint The Last Man on Earth Club Paul R. Hardy, 2011-11-11 Six people are gathered for a therapy group deep in the countryside Six people who share a unique and terrible trauma each one is the last survivor of an apocalypse Each of them was rescued from a parallel universe where humanity was wiped out They've survived nuclear war machine uprisings mass suicide the reanimated dead and more They've been given sanctuary on the homeworld of the Intersiversal Union and placed with Dr Asha Singh a therapist who works with survivors of doomed worlds To help them she'll have to figure out what they've been through what they've suffered and the secrets they're hiding She can't cure them of being the last man or woman on Earth But she can help them learn to live with the horrors they survived This one won't leave you with the warm and fuzzies but it will leave you thinking and for me that's the mark of great science fiction Sift Book Reviews *Catalog of Copyright Entries* Library of Congress. The Vampire Film Jeffrey Andrew Weinstock, 2012 This introductory volume offers an elegant analysis of the enduring appeal of the cinematic vampire From Georges Méliès early cinematic experiments to *Twilight* and *Let the Right One In* the history of vampires in cinema can be organized by a handful of governing principles that help make sense of this movie monster's remarkable fecundity Among these principles are that the cinematic vampire is invariably about sex and the vexed human relationship with technology and that the vampire is always an overdetermined body condensing what a culture considers other This volume includes in depth studies of films including Powell's *A Fool There Was* Franco's *Vampyr* Cronenberg's *Rabid* Kael's *Daughters of Darkness* and Merhige's *Shadow of the Vampire*

Linguistic Meaning, Truth Conditions and Relevance C. Iten, 2005-05-13 The main argument of this book is that the notion of truth plays no role in speaker hearers interpretation of linguistic utterances and that it is not needed for theoretical accounts of linguistic meaning either The theoretical argument is developed in the first part while the second part supports it with cognitive relevance theoretic rather than truth based analyses of the concessive expressions but although and even if

Richard Matheson on Screen Matthew R. Bradley, 2010-10-04 Though innumerable biographies have been written about novelists playwrights and poets screenwriters are rarely granted this distinction even ones as prolific and successful as Richard Matheson Beginning with *The Incredible Shrinking Man* in 1957 Matheson has occupied a unique position in writing for television and cinema for more than fifty years This biography documents his rise to prominence his literary influences and the role he played in the horror and science fiction renaissance The narrative examines each of Matheson's works in chronological order with an index indicating where each can be found from his early work in the 1950s through *I Am Legend* in 2007

A Year of Fear Bryan Senn, 2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year For example the author recommends commemorating United Nations Day October 24 with a screening of *The Colossus of New York* whose startling climax takes place at the UN Building Each day by day entry includes the movie title production year plot summary and critique along with a brief explanation of how the film fits into the history of that particular day and interesting anecdotes on the film's production

Women in the Horror Films of Vincent Price Jonathan Malcolm Lampley, 2014-01-10 Many of the key films in the career of horror icon Vincent Price 1911 1993 contain commentaries both obvious and subtle on the role of women not only in the context of the times in which the films were created but also during the historical periods depicted in the storylines This examination of Price s horror films focuses on how the principal female characters portrayed by such notable actresses as Barbara Steele Hazel Court and Diana Rigg to name but a few are simultaneously villains victims and objects of veneration Also considered are issues of gender and sexuality as addressed in Vincent Price s most memorable movies Included are dozens of rare production stills and a selected filmography that provides significant background information on the films cited

Apocalypse and Millennium in English Romantic Poetry Morton D. Paley, 1999-10-07 The interrelationship of the ideas of apocalypse and millennium is a dominant concern of British Romanticism The Book of Revelation provides a model of history in which apocalypse is followed by millennium but in their various ways the major Romantic poets Blake Wordsworth Coleridge Byron Keats and Shelley question and even at times undermine the possibility of a successful secularization of this model No matter how confidently the sequence of apocalypse and millennium seems to be affirmed in some of the major works of the period the issue is always in doubt the fear that millennium may not ensue emerges as a significant if often repressed theme in the great works of the period Related to it is the tension in Romantic poetry between conflicting models of history itself history as teleology developing towards end time and millennium and history as purposeless cycle This subject matter is traced through a selection of works by the major poets partly through an exposition of their underlying intellectual traditions and partly through a close examination of the poems themselves [Complete Works, Reprinted Entire from the Last English Edition](#) Mrs. Hemans, 1852

The First Last Man Eileen M. Hunt, 2024-04-16 Beyond her most famous creation the nightmarish vision of Frankenstein s Creature Mary Shelley s most enduring influence on politics literature and art perhaps stems from the legacy of her lesser known novel about the near extinction of the human species through war disease and corruption This novel *The Last Man* 1826 gives us the iconic image of a heroic survivor who narrates the history of an apocalyptic disaster in order to save humanity if not as a species then at least as the practice of compassion or humaneness In visual and musical arts from 1826 to the present this postapocalyptic figure has transmogrified from the last man into the globally familiar filmic images of the invisible man and the final girl Reading Shelley s work against the background of epidemic literature and political thought from ancient Greece to Covid 19 Eileen M Hunt reveals how Shelley s postapocalyptic imagination has shaped science fiction and dystopian writing from H G Wells M P Shiel and George Orwell to Octavia Butler Margaret Atwood and Emily St John Mandel Through archival research into Shelley s personal journals and other writings Hunt unearths Shelley s ruminations on her own personal experiences of loss including the death of young children in her family to disease and the drowning of her husband Percy Bysshe Shelley Shelley s grief drove her to intensive study of Greek tragedy through which she developed the thinking about plague conflict and collective

responsibility that later emerges in her fiction From her readings of classic works of plague literature to her own translation of Sophocles s Oedipus Rex and from her authorship of the first major modern pandemic novel to her continued influence on contemporary popular culture Shelley gave rise to a tradition of postapocalyptic thought that asks a question that the Covid 19 pandemic has made newly urgent for many What do humans do after disaster American Silent Horror, Science Fiction and Fantasy Feature Films, 1913-1929 John T. Soister, Henry Nicoletta, Steve Joyce, 2014-01-10 During the Silent Era when most films dealt with dramatic or comedic takes on the boy meets girl boy loses girl theme other motion pictures dared to tackle such topics as rejuvenation revivication mesmerism the supernatural and the grotesque A Daughter of the Gods 1916 The Phantom of the Opera 1925 The Magician 1926 and Seven Footprints to Satan 1929 were among the unusual and startling films containing story elements that went far beyond the realm of highly unlikely Using surviving documentation and their combined expertise the authors catalog and discuss these departures from the norm in this encyclopedic guide to American horror science fiction and fantasy in the years from 1913 through 1929 *Strange Red Ground (English Version)* Ronny Eckert, 2018-02-12 A British medical student fights for survival after an apocalypse unleashed by microbes from Mars and follows a radio message promising food and shelter for all He fights his way through countries and continents where he encounters various dangers but also friends who accompany him to his destination Summary In 2034 the first space company succeeds in bringing soil samples from Mars to Earth Scientists start by extracting the rock samples and encounter microbes Humanity celebrates this discovery until the world suddenly changes Plants die and food becomes scarce The wealthy retreat into biospheres and leave the rest of humanity to themselves Jim a medical student and his family are trying to serve up the onset apocalypse in the house But the riots and looting are increasing dramatically So Jim is looking for a hiding place for himself and his family in the nearby forest to escape the pack When he returns all people have disappeared without a trace

glaciers overnight The whole planet was in the grip of a cold so intense that millions perished in a few hours millions more died within the week Only the bravest and the hardiest survived Rugged men and courageous women with the spirits of the earliest pioneers urging them on to do the impossible Was the big freeze just a cosmic accident with man on the unlucky end Had one of the big powers tried to master weather control secretly despite the disarmament talks and failed disastrously Perhaps it was the prelude to alien invasion *Carry On; a Magazine on the Reconstruction of Disabled Soldiers and Sailors*
